Ando Tables

Ando tables make the ultimate centerpiece for any gathering. Ando's sleek, minimal design exudes sophistication while making a bold statement in any space. The mitering detail at the junction where the vertical and horizontal planes meet showcases Krug's exceptional quality and workmanship. Available in a variety of standard and custom veneers, laminates and solid surface finishes, as well as in a broad range of sizes, Ando tables are designed to perform in a variety of settings.

Ando tables support collaboration and teamwork at the highest level. They are an outstanding solution for a variety of environments including workspace, hospitality, healthcare and higher education, settings. Staying connected is a breeze with Ando tabletop power is available in multiple configurations with a variety of wire management options. Ando is Designed to Perform.

Ando Tables

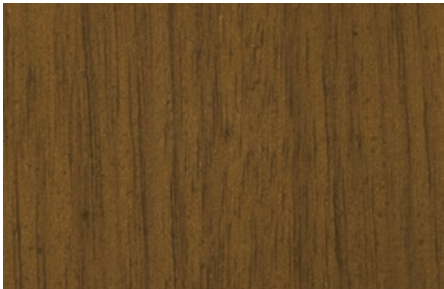

TABLES
Tops and gables are 2.5" thick plywood core with face, back and edge veneer. Plastic Laminate tables are self edged.

SUPPORT
Construction integrates an internal support system that eliminates the need for any visible support under the table top.

MITERED CORNER
The Ando table worksurface is joined to the side panel legs with a 45° angle miter joint indicative of the highest level of craftsmanship.

VENEER
Ando table veneers are quarter cut and rift cut - both quarter cut and rift cut veneers provide a straight grain appearance.

GLIDES
Adjustable glides are 1 1/2" long and allow for a range of adjustment of 1". Glides are installed at the factory.

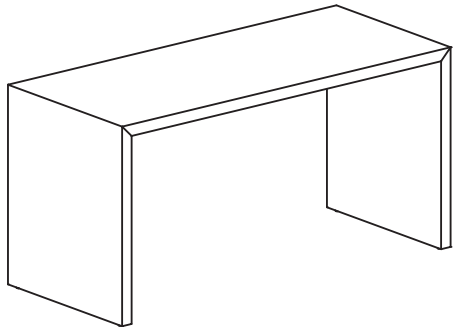

POWERPORT
A PowerPort is a unique worksurface mounted module which includes a UL approved electrical, power bar that can be specified to a location that best serves the user's needs.

HORIZONTAL CABLE MANAGEMENT
This includes a Protective Electrical Cover that covers the power/data module. A grey plastic cable manager carries the cords to the Vertical Cable Manager on the gable.

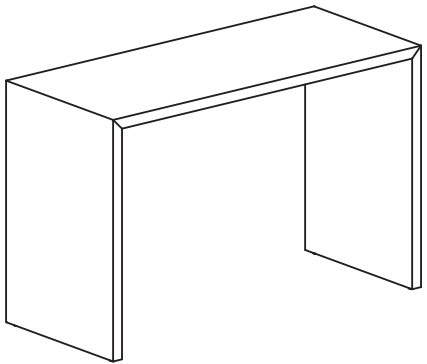

VERTICAL CABLE MANAGEMENT
This cable manager is clear satin anodized aluminum extrusion with clip attachment that carries from the underside of the top to the floor.
