Faeron Behavioral Health

krug healthcare §

Faeron Behavioral Health Guest & Patient

Krug, in consultation with senior healthcare designers and clinicians, has developed a series of highly functional, extremely durable, easily cleanable, attractive behavioral healthcare furniture solutions containing numerous security features including; ligature and elopement resistant designs, soft edges, restricted access points, tamper resistant hardware and supplemental weight for enhanced patient and staff safety.

Faeron Behavioral Health Multiple Seating

Faeron Behavioral Health is available with additional safety features such as supplemental weight, under-seat shields and anchoring hardware. Faeron Behavioral Health Lounge is a superior choice for dayrooms, activity areas, intake spaces and lobbies. The offering coordinates seamlessly with Faeron Behavioral Health guest and patient seating as well as Zola Behavioral Health tables. Weight ratings range from 500 lbs.-1200 lbs.

The fulsome Faeron Behavioral Health offering includes a broad range of options for dayroom, dining, and activity areas as well as intake, consult spaces and patient rooms. Almost all major components are field replaceable, ensuring minimal downtime for repairs and exceptional ROI.
