Faeron Metal Collection

An award-winning collection of guest and patient seating and tables, Faeron Metal brings a subtle yet sophisticated presence to any space. With an impressive range of models, configurations, sizes, materials and the ability to customize, Faeron Metal is suited to a variety of different spaces within the same facility - providing attractive, functional cohesiveness to places where people gather.

Above all else, the provision of exceptional comfort (including for periods of extended sitting) has been paramount in Faeron Metal's lengthy development process. With detailed research and painstaking engineering, Faeron Metal's seats and backs have been precisioncontoured and shaped with multidensity foam to support the user and markedly reduce fatigue. Our proprietary spring-seat construction greatly enhances comfort and reduces user fatigue - while also extending the life of the product - in comparison to conventional seating.

Faeron Metal's lifetime warranty is made possible by the use of the most durable and proven materials and finishes. Our renowned system for replaceability of components and upholstery covers enables product life to be substantially extended, allowing furniture to continue looking as new even with years of use. If components become damaged or degraded, they can be replaced, and optional removable upholstery covers allow replacement of worn textiles. This system is also designed to facilitate infection control and cleaning, by providing the ability to dis-assemble the product or remove upholstery covers for cleaning.

Faeron Metal Environmental

The use of recycled and recyclable materials, combined with environmentally-friendly production processes and packaging, have made Faeron Metal a levelTM-certified product, and a contributor to LEEDTM-driven specifications. Faeron Metal is certified by the GreenguardTM standard for indoor air emissions, and it's unique capability for extending product life makes it a responsible environmental choice - and one that will provide exceptional return on investment over time.
