## Faeron Metal Lounge

Faeron Metal Lounge is available with stylish and durable metal legs, in two finishes- powder coated silver metallic (standard) or brushed nickel. The product has a lifetime warranty, made possible by the use of the most durable and proven materials and finishes available. Our renowned system for replaceability of components and upholstery covers enables product life to be substantially extended, allowing furniture to continue looking as new even with years of use. If components become damaged or degraded, they can be replaced, and optional removable upholstery covers allow replacement of worn textiles. This system is also designed to facilitate infection control and cleaning, by providing the ability to dis-assemble the product or remove upholstery covers for cleaning.
