Faeron Behavioral Health Guest & Patient Arm Styles

The fulsome Faeron Behavioral Health offering includes a broad range of options for day-room, dining, and activity areas as well as intake, consult spaces and patient rooms. Almost all major components are field replaceable, ensuring minimal downtime for repairs and exceptional ROI.

Faeron Behavioral Health

Faeron Behavioral Health Multiple Seating

Faeron Behavioral Health is available with additional safety features such as supplemental weight, under-seat shields and anchoring hardware. Faeron Behavioral Health Lounge is a superior choice for dayrooms, activity areas, intake spaces and lobbies. The offering coordinates seamlessly with Faeron Behavioral Health guest and patient seating as well as Zola Behavioral Health tables. Weight ratings range from 500 lbs.-1200 lbs.

Faeron Behavioral Health Lounge

A powerful blend of form and function, Faeron Behavioral Health Lounge combines an attractive residential look with uncompromising safety features including; anti-ligature design, soft edges, supplemental weight, tamper-resistant hardware and staple covers, restricted access points and anti-ligature features for the safety and security of patients and staff.

Zola Behavioral Health Tables | Perfect solution to accompany Faeron Behavioral Health Seating

**WALL SAVER**

The angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the facility.

**FLEX BACK**

The ergonomically designed back has been designed with a slight flexing action for enhanced comfort and ease of ingress and egress.

**SLED BASE**

The sled base ties the front and back legs together with a steel rail. This option minimizes the risk of the chair being weaponized.

**TAMPER RESISTANT HARDWARE**

Tamper-resistant hardware is utilized in the construction of all Faeron Metal Behavioral Health seating. The specific tools needed to remove components for maintenance or replacement are available for purchase from Krug.

**SOLID SURFACE ARM**

Optional Solid Surface Arms provide a fully seamless, durable, easy to clean armrest. Available in 8 standard Corian colors and replaceable as a full side frame.

**SECURED WOODEN ARM**

Faeron Wood Arm caps are fastened to the side frames with tamper resistant security screws. Wood arms are available in solid beech hardwood and in 22 Krug standard finishes.

**SPRINGLESS SEATS**

The springs in the seats can be replaced with an optional plywood seat pan and dual density foam.

**SUPPLEMENTAL WEIGHT**

The optional steel black coated shield is designed to add enough weight for the product to be a minimum of 80 lbs. and covers all access to the upholstery staples under the seat. The weighted shield is fastened with tamper resistant hardware.

**CLEAN OUT**

Faeron Metal Behavioral Health guest and patient chairs feature a clean out space that supports infection control by enabling debris and fluid to fall to the floor for easy cleaning.

**SECURED GLIDES**

Faeron Metal Behavioral Health seating features tamper resistant glides to minimize risk of removal and weaponization.

**UNDER-SEAT SHIELD**

Guest and patient chairs feature a metal under seat shield that minimizes the risk of access to the upholstery staples. It also minimizes the ability to hide contraband under the seat. The vented shield is compatible with ganging brackets and is installed with tamper-resistant hardware.

**BACK STAPLE COVER STRIP**

An inaccessible galvanized steel band with vinyl edges covers the staples on the back upholstery cover. It is installed with tamper resistant hardware.

**KINETIC BACK**

This optional feature provides the chair back with a very pleasant and comfortable rocking motion, which can significantly enhance long-term sitting for patients and guests. The durable spring-loaded mechanism provides a range of motion of 20 degrees, and can be field-installed or replaced.

**FLOOR ANCHOR BRACKETS**

Floor mounting brackets are supplied to be secured to the bottom of the Faeron sleigh base with tamper resistant security screws. (The hardware to attach the brackets to the floor is not provided by Krug.)

**REPLACEABLE COVERS**

Faeron Metal chairs are available with removeable seat and back covers. Replacement covers can be quickly field installed on Faeron products originally ordered with the removeable cover option.

**COMBINATION UPHOLSTERY**

Combination upholstery option includes more than one upholstery cover within the same unit. Back, Seat, or arm can be specified in a different fabric selection.
