Faeron Wood Guest

An award-winning collection of guest seating and tables, Faeron Wood enhances beautiful spaces with its sophisticated presence. With an impressive range of sizes, configurations, finishes, materials and the ability to customize, Faeron Wood can be specified to perfectly suit a multitude of applications within the same facility - providing an attractive and functional cohesiveness to places where people gather.

Above all else, the provision of exceptional comfort (including for periods of extended sitting) has been paramount in Faeron's lengthy development process. With detailed research and painstaking engineering, Faeron's seats and backs have been precision-contoured and shaped with multi-density foam to support the user - and markedly reduce fatigue. Our proprietary spring-seat construction greatly enhances comfort and reduces user fatigue - while also extending the life of the product - in comparison to conventional seating.

Faeron Wood Environmental

The use of recycled and recyclable materials, combined with environmentally-friendly production processes and packaging, have made Faeron a level™-certified product, and a contributor to LEED™-driven specifications. Faeron is certified by the Greenguard™ standard for indoor air emissions, and it's unique capability for extending product life makes it a responsible environmental choice - and one that will provide exceptional return on investment over time.

Faeron Wood

Multiple Seating

Faeron's lifetime warranty is made possible by the use of the most durable and proven materials and finishes. Our renowned system for replaceability of components and upholstery covers enables product life to be substantially extended, allowing furniture to continue looking as new even with years of use. If components become damaged or degraded, they can be replaced, and optional removable upholstery covers allow replacement of worn textiles. This system is also designed to facilitate infection control and cleaning, by providing the ability to dis-assemble the product or remove upholstery covers for cleaning.

SPRING SEAT CONSTRUCTION

Seats feature a spring suspension for exceptional comfort while high grade foam provides superior support and longevity.

CLEAN OUT

A clean-out space between the seat and back makes for easier cleaning and maintenance.

FLEX BACK

The ergonomically designed back has been designed with a slight flexing action, to enhance the level of long-term sitting comfort, and provide greater ease of egress.

WALL SAVER

The angle of the back is designed to keep it away from the wall preventing damage to the chair and wall.

URETHANE ARM CAP

The optional Urethane Arm Cap provides enhanced durability and protection for the arms. Arm Cap is field replaceable if it becomes damaged or degraded and is available in three colors; Black, Grey and Taupe.

SOLID SURFACE ARM

Optional Solid Surface Arms provide a fully seamless, durable, easy to clean armrest. Available in 8 standard Corian colors and replaceable as a full side frame.

ARM PANEL

Upholstered arm panels are available in both semi closed and fully-closed styles, and are field replaceable if damaged.

KINETIC BACK OPTION

The optional Kinetic Back provides the chair back with a very pleasant and comfortable rocking motion. The durable spring-loaded mechanism provides a range of motion of 20 degrees, and can be field-installed or replaced.

STEEL SEAT FRAME

Steel seat frames are joined to other components with hardened steel bolts and inserts, ensuring exceptional durability and strength.

WOOD ARM FRAME

Faeron Wood chair frames are available in 20 standard finishes.

REPLACEABLE COMPONENTS

Faeron Wood chairs are uniquely designed to allow virtually all major components to be field replaced, providing a very cost effective means to significantly extend the life of the product.

WEIGHT CAPACITIES

Faeron weight capacities are as follows:
Guest Chairs (21" & 24") - 500 lbs
Plus Chairs (30" & 44") - 750 lbs
Multiple Seating & Pre-configured - 500 lbs
2-Seat Freespan - 625 lbs per unit
3-Seat Freespan - 750 lbs per unit

UNDER-SEAT SPLASHGUARD

Faeron Wood seats are available with a plastic moisture barrier that covers and encloses the underside of the seat (while still allowing air transfer and ventilation in and out of the seat cushion).

REMOVABLE & REPLACEABLE COVERS

Removable seat and back covers can be easily removed for cleaning and disinfection or replaced if damaged.

COMBINATION UPHOLSTERY

Combination upholstery option includes more than one upholstery cover within the same unit. Back, Seat, Closed or Semi-closed arms can be specified in a different fabric selection.

GANGING

All Faeron Wood freestanding guest chairs and tables can be ganged using a ganging bracket. The powder-coated metal bracket is fastened to the inside face of each side frame.
