GENERAL INFORMATION

Terms and Conditions

Net 30 days on approved credit. A late payment charge of 1% per month will be applied on overdue invoices. This charge will be pro-rated to the number of days past 30 days that the invoice is overdue. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Krug dealers. Acceptance of any order and terms of sale may be established at the discretion of Krug. Deposits are required on orders received from new accounts as well as on large or special orders. Krug reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

Customer Service Hours

Please note customer service hours are:

8:30 am to 5:00 pm est

Customer Satisfaction

It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments

Each order will be acknowledged via e-mail or fax. This acknowledgment is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation

Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a \$350 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing

Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Warranty

Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers,

if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:

- normal wear and tear occurring with the use of the product
- negligence, misuse, excessive use, alteration, improper cleaning or repair
- substitution or use of incorrect or unauthorized components or material
- handling or installation that is incorrect, or that causes damage or defect
- damage incurred by a freight carrier other than Krug
- wearing of finishes and fabrics, and normal variations in material (including dye lot variations)
- properties of natural materials, including wood and leather
- exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)

Note, specific warranties for components and materials not manufactured by Krug:

Height Adjustable Mechanism Warranty

Krug warrants to the original consumer purchaser its Height Adjustable Mechanism that it will be free from defects in material and workmanship. This limited warranty covers material and manufacturing defects, which cause a non-conformance in the function of a table base and is limited to the following products and warranty term determined from their dates of purchase:

- a) Electronic components such as control boxes, hand switches and motors – two (2) years
- b) Mechanical components such as crank drives, spindles – five (5) years
- c) Structural components such as J-channels, feet and top supports – ten (10) years

The start of the warranty period is the documented date of your purchase of the product. The warranty herein is made to and for the benefit of the original consumer purchaser of the product and is non-transferable. If you discover a defect in material or workmanship during the warranty period, and Krug agrees that the defect exists, Krug will, at its option, repair or replace the Product at no charge to you, provided it is returned during the warranty period. In the unlikely event that your product should require repair or replacement during the warranty period, please contact Krug to obtain warranty service. The warranty period on replacement products is the remainder of the warranty on the original product or 30 days, whichever is longer.

Testing

All Krug Conference products meet or exceed the testing requirements of ANSI/BIFMA X5.5-2014 or X5.9-2012.

Dimensions

Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

Installation Support

For assistance please contact Technical Support at 1-888-578-5784 x216 or e-mail installationhelp@krug.ca and you will be directed to the appropriate installation support person.

Storage Charges

Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Export Packaging

Krug is pleased to provide the option for export packaging on all our products, to provide additional protection from damage. For shipments overseas, a quote for export packaging can be provided, based on the products to be ordered and the delivery destination - please contact Customer Service or Bids & Specification Support for more information and a quotation. KRUG is not responsible for shipment damage occurring on overseas shipments.

Export Packaging is **STRONGLY RECOMMENDED** for:

- (A) all shipments outside of the lower 48 states and Canada
- (B) all shipments that will be held in storage for an extended period prior to installation. Important: Please note that Krug will not be responsible for damage claims on product shipped or stored in the above conditions where export packaging has not been utilized. Please contact Customer Service for specifications or any other assistance regarding export packaging.

Freight Terms and Conditions

1. All product is shipped FOB the Krug factory. Freight is either pre-paid to the destination or not pre-paid, depending on established customer specific freight terms.
2. Docks at the selected delivery location must be equipped to handle a 53' trailer. If a dock is inadequate for delivery by Krug, Krug will re-deliver to another local location and any additional costs will be charged to the customer.
3. For all deliveries, it is understood that Krug or its agent is making a dock delivery only (equipped to handle a 53' trailer), and any further work of truck unloading, delivery beyond the dock, installation, and removal of packaging is not authorized or paid for by Krug.
4. Drop shipments to the installation site, and timed deliveries, are available on larger shipments (full truckloads or slightly less) at no additional charge. Drop shipments or timed deliveries for smaller shipments may not be available, or if available will require a surcharge. Deliveries on an after hours basis, or on weekends, or any other special requirements, may be subject to a surcharge. Location and contact information, and the requested time of delivery, is required at least one week prior to the acknowledged shipment date. If this information is not provided one week in advance, or if the location or time of the drop shipment is changed less than one week in advance, a surcharge may be applied, and/or the drop shipment may not be scheduled.
5. For all deliveries - whether to the Customer location or drop shipment - any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), service charges will be applied at the rate of \$125/hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged. If Less Than Truck Load is delivering, one hour is allocated to unload. Any additional time required to unload after the first hour is \$125/hour. If a Truck Load is delivering the order, three hours is allocated to unload. Any additional time required to unload is \$125/hour. Direct deliveries to site for net orders are possible, must exceed \$60,000 net, and accommodate 48-53' trailers. Krug is responsible for delivery to the approved delivery address. If an address change is required, this must be authorized by Krug 5 business days prior to ship date. Any additional delivery costs incurred after this time will be charged to the customer. Additional costs for partial shipment of orders are the responsibility of the customer, and will be added to invoices. This includes any part shipment costs due to delays from textile suppliers. Additional costs for partial order shipments will normally not be assessed if there is a delay caused by Krug.

Damaged Shipments

All Krug product is well engineered, carefully inspected, and expertly loaded onto our trucks at our Distribution Center. If you receive any damaged freight, we ask that you do not refuse the shipment. Krug is not responsible for damage to goods that occurs in transit or storage. It is the purchaser and/or receiver's responsibility to examine the goods upon receipt and to notify Krug of any damages, overages or shortages. Any discrepancies should be noted on the Bill of Lading. The delivering carrier will not accept responsibility for shortages or damages if signed "clear". Notification of concealed damage claims must be made to Krug Distribution within 5 days of delivery, along with digital pictures if available. All product and

packaging must be available for inspection. Krug liability ceases after 5 business days and Krug will not be responsible for concealed damages if shipments are left unopened. Krug is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.

Field Product Report Authorization

Krug's written authorization, in the form of an FPR number, must be obtained prior to incurring charges of any kind if Krug is expected to pay these charges. This includes authorization for returns, field repairs and replacements, post field repairs, installation and delivery charges. Krug reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to Krug, without prior written authorization in the form of an FPR, will not be accepted. Digital photographs may be required to complete the FPR process.

Care and Maintenance

Wood Finishes - Although Krug's extensive finishing process ensures a durable finish on all our products, there are several steps that can be taken to protect and prolong the life and beauty of the finish. Protect the top by placing felt pads on the bottom of any accessories and mechanical equipment. Rubber and oil will permanently mark surfaces. Use a desk pad to prevent possible damage and imprinting caused by writing instruments and sharp objects. Dust only with a clean, dry cloth, going with the grain. Clean any marks with a damp cloth, using a small quantity of mild soap or detergent. Do not use any wax-based polish, spray or silicone. Eventually, a film will build up and discolor the top. Do not place your furniture in a position of permanent exposure to direct sunlight.

Plastic Laminates - Clean plastic laminates with mild soap and warm water. Do not use steel wool, hot water, or any abrasive cleaning product.

Custom Capabilities

Over 15% of our orders involve some type of custom work, and we invite our customers to make use of our extensive capabilities. These include:

- 1) Dimensional customization of standard size products
 - 2) Custom wood finishes
 - 3) For larger orders, completely custom-designed products, as well as non-standard wood species can be specified.
- Custom orders may require additional production lead times. Contact Customer Service for more information.

Krug Panel Fabric Program

Tackboards can be upholstered in COM material supplied by the customer, and in a selection of stocked tackboard fabrics supplied by Momentum. The Momentum Panel fabrics are available on Krug Express. They are 100% polyester. For additional information and color selections, please refer to our Panel Fabrics card and Krug's website. www.krug.ca The Momentum panel fabrics pass ASTM-E84-87 Fire Codes. If memo samples are required please call Momentum at 1-800-366-6839.

Program Details

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of *KrugExpress* orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized. Available factory capacity for *KrugExpress* is filled by orders received on a "first come, first serve" basis. If the normal *KrugExpress* lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a *KrugExpress* order. Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received. *KrugExpress* orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean". Changes to *KrugExpress* orders are not allowed under any circumstances. Orders for product on *KrugExpress* must clearly state: "*KrugExpress*".

GRADED-IN UPHOLSTERY PROGRAMS

Krug has partnered with several textile brands to grade in their offerings, designed to provide a wide range of upholstery selections for our seating products.

Upholstery pricing and availability is subject to change without notice. We grade this upholstery according to the pricing of the fabric suppliers - when their pricing changes, the Krug grade may change. When placing an order, a Krug customer must specify the complete upholstery number, along with the appropriate Krug model number and finish. Krug will supply the complete product at the prices listed. Orders specifying graded-in upholstery cannot be cancelled once the upholstery has been ordered.

Upholstery Grades

To determine the price of a product for graded-in upholstery, use the reference lists located on Krug's website under - Products - Textiles, to view the upholstery grade (1-9). Krug is not responsible for the discontinuation of this upholstery. Please contact Customer Service for information on upholstery not listed.

When two upholstery selections are specified for use on seating, the higher grade upholstery price will apply to the order.

High Performance upholstery; Polyurethane, Vinyl or Crypton, is particularly suitable for healthcare and other intensive-use environments.

Upholstery Samples

If you require additional samples or memos for presentation, please contact fabric supplier directly.

Flammability Standards

- Tunnel Test Surface Ratings Class A rating
- Class 1 UFAC
- Passes State of California Technical Bulletin CAL 117-2013

Please contact fabric supplier directly for further flammability information pertaining to specific upholstery.

Special Conditions

Acknowledgements will give the estimated delivery date of the finished product. Some upholstery is imported, and availability may affect estimated delivery time. For large projects, please contact fabric supplier directly for availability of yardage.

TACKBOARD FABRICS

KRUG PANEL FABRIC PROGRAM

Tackboards can be upholstered in COM material supplied by the customer, and in a selection of stocked tackboard fabrics supplied by Momentum. The in-stock Momentum fabrics are priced at Grade 1 and are available on Krug Express. They are 100% polyester. For additional information and color selections, please refer to our Panel Fabrics card and Krug's website. www.krug.ca If memo samples are required please call Momentum at 1-800-366-6839. The Momentum panel fabrics pass ASTM-E84-87 Fire Codes.

PROGRAM DETAILS

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of KrugExpress orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized. Available factory capacity for KrugExpress is filled by orders received on a "first come, first serve" basis. If the normal KrugExpress lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a KrugExpress order. Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received. KrugExpress orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean". Changes to KrugExpress orders are not allowed under any

circumstances. Orders for product on KrugExpress must clearly state: "KrugExpress". *Some conditions apply. Please note PALETTE finishes are not available on KrugExpress.

CASEGOODS PROGRAM

Orders for casegood products on the KrugExpress program may be subject to quantity maximums. Please contact Krug Customer Service for more information. Quantity maximums are dependent upon available capacity, in order to insure that we ship all orders on time. Only actual casegood pieces and conference tables tops and bases are considered "units". Items such as tasklights, tackboards, keyboard trays and drawers, electrical and wire management components, etc., are not considered under the quantity restrictions. For example, a typical office configuration that includes a desk, linking unit, credenza and hutch/overhead, equals a total of four units for the purposes of the quantity maximum. Only Krug In-stock panel fabric is available on the KrugExpress program. Only standard wood finishes are available for KrugExpress orders. Grommets can be specified in standard positions only. KrugExpress also includes all Krug seating and occasional tables as well as Krug conference products to complement this casegoods offering.

CUSTOMER'S OWN MATERIAL - C.O.M.

Customer's Own Material (COM)

COM must be received three weeks prior to the acknowledged ship date. Orders with COM not received by the required deadline will be delayed.

A description of the fabric, including supplier name, fabric name and color number must be included with the purchase order. When the COM fabric is received at Krug, it must be clearly identified with the fabric name and color, and tagged with name of the Krug customer and purchase order number. Krug will inspect all COM fabric when received to determine if it will be suitable for upholstery. Where Krug feels that the fabric or leather specified will compromise the quality or integrity of our products, customers will be contacted to direct these concerns. Further, Krug reserves the right to refuse to accept and use any COM fabrics or leathers that will compromise our products in any way that is unacceptable to Krug. Krug cannot assume responsibility for the durability or tailoring quality of customer's own material.

Yardage specified in this price guide is approximate. In the case of multiple product orders, multiply the number of items by the COM yardage specified to determine fabric required, unless otherwise indicated. Additional yardage may be needed if the material is less than 54" wide, or patterned or striped and requires matching. As fabric is applied horizontally, non-directional fabrics are recommended. COM fabrics are applied as they come off the roll unless otherwise specified. All striped fabrics will be applied vertically unless otherwise stated by the customer and after approval by Krug. It is the customer's responsibility to advise Krug if the upholstery is to be applied otherwise, and to advise Krug of any special upholstery instructions. Special instructions should be sent to Krug Customer Service, including a sample (or photocopy) of the fabric. Krug is not responsible for instructions sent with the fabric rolls, or for the method of upholstery if no instructions have been provided. COM fabrics for tackboards may be specified in either Maharam or Momentum panel fabrics. Krug is not responsible for determining if a fabric is not ideal for tackboard application.

Please contact Maharam at 1-800-645-3943 or Momentum at

COM Shipping Procedures

For tackboard COM fabrics, please send fabrics to:

Krug Inc.

111 Ahrens Street

Kitchener, Ontario

Canada N2H 4C2

Attention: RECEIVER

All packages must be clearly marked "For Customs Clearance by Willson International Custom Brokers". According to the North American Free Trade Agreement (NAFTA), goods shipped between the United States and Canada can qualify for exemption from all duties, or for a reduction in duties, if the goods can be proven to originate in either the United States, Canada or Mexico.

Canada Customs requires that a NAFTA Certificate of Origin and Commercial Invoice be completed and sent with the fabric shipment. The Commercial Invoice must clearly state the description of the fabric, the selling price, the make-up or content, and the purchaser. The absence of these two documents will delay the shipments at the U.S./Canada border, thereby potentially delaying the customer order. If the total value of the shipment is less than \$1200 U.S., Customs will accept a Low Value Statement of Origin in place of the NAFTA Certificate of Origin. The Low Value Statement must be signed by a representative of the exporting company. This statement may either be included on the commercial invoice or attached to the invoice.

Krug is happy to answer any questions or concerns about COM shipping procedures and the required documents. Please contact our Customs Specialist at 1.888.578.5784.

LAMINATES

LAMINATES

Krug's in-stock Laminates are available in 17 different laminate selections. Please note that 4 of the colors (Gingerbread, Portobello, Ash and Willow) have textured finishes and may not be appropriate for use in patient areas due to infection control concerns. Minimum order quantities and extended lead times may apply for exotic laminate colors, please check with customer service. Polymer Edge will be selected to match the worksurface. Krug's previous laminate in-stock program will be phased out as in-stock supply depletes. Please contact customer service for availability.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® Certification

BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Artemis products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard. All Artemis products can be supplied with level® certification. In order to accomplish this, the product must also be ordered with the air-emissions-certification option. Contact customer service for information and upcharges.

Air Emissions

All Artemis products can be supplied with air emissions-certification. Contact customer service for information and upcharges.

FSC®

In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It signifies that the growth, harvesting and production of goods are entirely achieved through responsible forestry, which guarantees a healthy supply of forest resources for generations to come. Artemis and other Krug products can be specified with one of two types of FSC® Certification:

- (a) FSC®-certified (which includes FSC®-certified lumber, veneer and substrate material)
 - (b) FSC®-mix certified (which includes substrate material only, and is a lower cost option certification)
- Contact customer service for further information, pricing and lead times.

The mark of responsible forestry

In addition, architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ARTEMIS | FEATURES

WORK SURFACES

Tops are 1 1/4" thick veneered particle board core with face and back veneer. All worksurface height tops have profiled edges on all sides, except when using the M Profile in a Polymer Edge where the profile appears on the front and back sides only of desks. Credenzas, returns, and link units side and back edges are flush. All worksurface height tops have a chemically impregnated polycell backer for additional strength.

MODESTY PANELS

Modesty panels are standard on all desks, and optional on shaped tops, returns, linking units and credenzas. Modesty panels on credenzas are 3/4" thick, and linking unit modesty panels are 1 1/8" thick.

METAL LEGS

The metal legs in Artemis have a Silver Metallic finish.

VENEER

External face veneers are rift cut Red Oak, and flat sliced Cherr, Maple, and Walnut bookmatched veneer.

FINISH

A five step catalyzed varnish finish that when dry has a sheen value of 35°, is applied to all finished cases.

LOCKS

Locks are standard on all pedestals and storage unit lateral file drawers. Locks are optional on door fronts and must be specified at time of order. Locks are not available on glass doors.

Locks are provided as standard features on all pedestals, except bookcase pedestals, including those in desks, credenzas, and lateral file storage units. Lock plugs are located on the fronts of all cases. Locks are available on the bookcase doors at an upcharge of **\$142 list** per set of (2) doors, please specify at time of order. If a hutch or overhead has an uneven amount of doors the single lock required is also **\$142**. Lock plugs for bookcase doors are generally located on the top inside corner of the door front. Lock plugs for hutch and overhead doors are generally located on the lower inside corners. Suites can be keyed alike at no upcharge, please specify on purchase order. Lock plugs are Silver Metallic.

LAMINATE WORKSURFACES

Krug defines "HPL" as High-Pressure Laminate. Laminate worksurfaces are available for the Artemis product line with two options - Laminate Tops with Wood Edge or Laminate Tops with Polymer Edge.

Krug will order and procure laminates. Purchase orders with a plastic laminate option must include laminate name.

When specifying laminate worksurfaces, the grain direction is such that the grain pattern runs as shown in the diagrams below. Please note, in veneer grain direction runs lengthwise on desks and credenzas and front to back on returns and linking units. In laminate the grain direction runs lengthwise on all components. Please contact Krug Customer Service for questions pertaining to laminate grain direction.

The diagram below illustrates the placement of laminate on Krug worksurfaces.

The shaded areas represent laminate, while the non-shaded area indicates the profiled wood edge or polyme .

CREDENZAS

Credenzas

Artemis offers a wide variety of credenzas for use as stand alone storage pieces, part of a connected work surface configuration, or behind a desk. Choose from single or double pedestal options, with fixed or hinged modesty panel.

Modesty Panels

Credenzas without hinged modesty panels provide ease access to wall mounted electrical sources. Credenzas with modesty panels have an added finished look, and all cases are available with a wiring grommet in a standard position for added cable management, please specify on your order. Wiring grommets can be specified above the pedestal location.

Pedestals

Artemis credenzas are available with single, lateral file, combination pedestals or bookcase pedestals.

LINKING UNITS AND CORNER UNITS

Artemis linking units and corner units are available in a range of sizes for ease of use in configuring a connected worksurface.

Linking Units

Linking Units are for use between desks and credenzas in creating a U-shaped configuration, and must be supported at both ends. They are available with or without modesty panels.

Corner Units

A corner unit can also be used on a U-shaped configuration, or it can be an integral part of a L-shaped work area with returns linked to either side. Corner units have a standard grommet included in the back corner for ease of cable management, and have additional wire management access grommets in the half gables so that cable can be run to other areas of the connected worksurface. This can be assisted by a cut length of wire management cover.

HUTCHES, OVERHEADS, & TACKBOARDS

**Hutches and Overheads**

Artemis offers hutch and overhead options for use in a work area configuration. All hutches and overheads include tasklights that are factory installed and require no field adjustment. Tasklights are mounted beneath the cabinet and hidden from view. Selected hutches and overheads are available with silver metallic framed frosted glass doors.

Doors

Doors are equipped with fully adjustable European style hinges. Locks are optional and can be specified at time of order for an upcharge of **\$142 per set** of (2) doors. If an uneven amount of doors require locks, the lock on the single door is **\$142**. Locks are not available on glass doors.

**Hutch Power/ Data/ Voice Module**

Access to power and data is made simple by using a hutch with a power/data/voice module built right into the tackboard. The module is fully installed at the factory but can be removed to connect data links on site. It features a flip door that retracts into the case of the unit when open.

Tackboards

Please note, not all fabrics are suitable for tackboard application. Tackboard fabric selections should be supplied with the order information. Tackboards are not included with overheads, see page 72 for pricing. Overhead tackboards include wall mounting hardware and instructions. Tackboards for hutches are installed at the factory and require no additional set up on site. Only hutches and overhead tackboards in Krug panel fabrics are available on KrugExpress.

**Tasklights**

Tasklights are included with hutches and overheads. On hutches, the tasklight cord is threaded behind the hutch through a standard access grommet on the upper right hand side of the back panel. Tasklights are installed on the underside of overhead units. Cords run down the right hand side of the tasklight to the worksurface where they can be routed behind the worksurface top. The use of a wall mounted Overhead tackboard conceals the cord from view.

**Installation**

Hutch and overhead installation instructions are included with every case or can be found in this guide on page 118. All mounting hardware required is included with the product.

MEDIA HUB AND MEDIA WALL

**Media Hub**

Bookcase storage comes with touch latch doors. Wire management cutout in the base of center bookcase is 10-1/4" x 12-3/4". Optional hangover panel comes standard in any of our palette finishes and can be specified with or without white boards. Optional runoff tops and bases sold separately and available in both desk and bar heights. Desk height runoff tops are mounted at 29.5" in height. Bar height runoff tops are mounted at 42" in height. Bank of drawers includes 3 box drawers. Back of unit is finished.

**Media Wall**

No storage. Removable access panel for wire management. Wire management cutout in the base of center bookcase is 10-1/4" x 12-3/4". Media Wall units must be used in conjunction with a media hub runoff top and base. Runoff tops and bases sold separately and available in both desk and bar heights. Desk height runoff tops are mounted at 29.5" in height. Bar height runoff tops are mounted at 42" in height. Bank of drawers includes 3 box drawers. Back of unit is unfinished

ORDERING NOTES:

For the hinged modesty panel option add Y after C -eg. 76CY60203L0R3011 and add a 10% upcharge. Credenzas have the option of pulls instead of the standard touch latch doors. To select this option, please change the prefix in the model number from "76" to "77" ie: 77C7220XLXRX. Please refer to page 4 for pull orientation below the worksurface. Locks are available on wood doors for an **upcharge of \$142 list**. The 15 open/lateral file module can be used in place of the 16 box/file module at the same price. The 18 open/closed bookcase module can be used in place of the 11 closed module at the same price.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see Page 117
- 3) Wood edge detail- I, H, L or P, see Page 3
- 4) Pull style, see Page 4
- 5) Grommet location if applicable

*Indicates model illustrated by line drawing.

ORDERING NOTES:

Artemis includes a range of standard components for creating modular and reconfigurable units that are non-handed, and adaptable to changing needs. Non standard modular components can also be specified. In addition, a number of the desk, credenza and return models in the price list-as well as non standard models and sizes-can be quoted and ordered as KD (Knockdown) units, please contact Customer Service for assistance in specifying and pricing modular and KD components. Standard modular pedestals are not to be used with desk or credenza shells due to hardware clearance, these can easily be configured with modular tops and supports.

Natural Characteristics of Wood

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

Custom Wood Finishes

Add 10% list to your order for special finishes, minimum upcharge is **\$511 list** per finish per order. (For example, on all orders up to \$5115 list, an upcharge of **\$511 will list apply**, on orders \$5115 and up add 10% list to your order.) For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

Dual Finishes

Add 10% list per item if specifying dual finish.

Palette Finishes

Artemis Casegoods are available fully finished in Palette solid color finishes at the same pricing as the Rift Oak pricing in the price list. Artemis Casegoods can also be specified with a combination of PALETTE finishes and veneer. For pricing and specific lead times, please contact Customer Service. Please note PALETTE finishes are not available on the KrugExpress Program.

When specifying Palette in first column pricing please change the model number prefix to 74. ie. 74OHW721616

PALETTE FINISHES

Standard solid color finishes are:
Black White Sand Soft green Steel blue Slate

ARTEMIS | NON-STANDARD PRODUCT GUIDELINES FOR PRICING

PRICING METHODS

Customer widths: Apply the price that is one standard size larger than the desired case size (but same depth). Example: required dimension is 74" x 24", so take the price of the 78" x 24" unit. ARTEMIS | INSTALLATION INSTRUCTIONS

Drawers will be offered for letter and legal size filing. All units are equipped with file bars that are fixed in place for shipping.

Desk Pedestal File Drawers

Filing Capacity:

15" DRAWERS:

21" of letter filing front to back or

12" of legal filing side to side

22" pedestal drawer depths allow only one row of side to side files.

Weight capacity of pedestal file drawers is 90 lbs.

Credenza and Return Pedestal File Drawers

Filing Capacity:

15" DRAWERS:

15" of letter filing front to back or

12" of legal filing side to side

16" pedestal drawer depths allow only one row of side to side files.

Weight capacity of pedestal file drawers is 90 lbs.

Credenza, Return or Storage Lateral File Drawers

Filing Capacity:

30" WIDE DRAWERS:

30" letter filing front to back, or 25" legal filing

side to side 15" or legal filing front to back.

When filing front to back, 30" lateral file drawer widths allow two rows of letter filing, but only one row of legal file width.

Filing capacity:

36" WIDE DRAWERS:

30" letter filing front to back, or

36" legal filing side to side, or 30"

legal filing front to back.

Weight capacity of lateral file drawers is 135 lbs.

Linking Units, Tops and Returns

It is important that the main units (desk, credenza) to which the linking unit or return is being attached be in their final position and leveled. Units are connected with mending plates under the worksurface and from the modesty and to the end panel off the connecting units. Attach the mending plates under the worksurface, level cases if necessary by adjusting the glides to achieve flush and firm joints before installation of mending plates to modesty and end panels.

Drawer Removal

Pull drawer and slide out to the full extension position. With index finger, lift up the release lever on the left and press down the release lever on the right side of the drawer (as shown).

Pull out the drawer with the attached drawer channel from the cabinet member.

To re-assemble, insert the drawer through the guide.

Glide Adjustment

Raise one corner of the unit at a time and adjust the glide to the desired height by turning the glide to the hole. Make sure unit is level after adjusting the glides. Please note that the maximum adjustment range of the glides is 1 1/4". When moving units after glides have been inserted, dial the glides to the lowest position to prevent damage.

Door Adjustments

Hinges on all bookcase, overhead and hutch doors are designed to be adjusted for depth, horizontal and vertical alignment. This is easily done by adjusting the appropriate screw. See drawing.

To remove a door, pull the release clip and pull out the door, disconnecting hinges.

Hutch Installation

Before installing the hutch, insure that the worksurface has been placed in the final position and leveled. The worksurface should then be moved out a sufficient distance to allow access to the back. It is recommended that the minimum amount of movement be used with the leveling glides extended to prevent damage to the glides. The hutch comes with self-adhesive foam strips that must be applied to the bottom edge prior to placing the hutch on the credenza. The foam is best applied with the hutch lying on its back. Do not leave any gaps in the foam strip, in order to prevent scratches to the credenza top while placing the hutch. Place the hutch securely on the worksurface. Try to minimize any movement of the hutch to prevent scratching. Use of a blanket on the front portion of the credenza is recommended. Using the supplied hardware, screw the ° at bracket (A) to the top of the credenza at each end, using the 3/4" screws (B). Swing the bracket up to approximately 60° and place the supplied washer (C) behind the top hole in the bracket. Screw through the bracket and washer into the hutch back with the 3/4" screws (B). Tighten all screws. Move combined hutch and credenza back to final location. Check for level again and adjust as required.

Overhead Unit

The wall mount overhead units must be installed on wall studs. The first step for installation is to locate the studs in the wall where the overhead is to be mounted. Position the overhead hanger rail on the wall to insure studs line up with pre-drilled holes in the hanger rail and mark the location on the wall. Drill holes at the marked hole locations. Fasteners are to be provided by the installer, so hole size will be determined by size of fastener chosen. If studs cannot be accessed, then appropriate drywall plugs or butterfly bolts should be used. If the end of the wall rail is further than 3" from a stud, toggle bolts must be fastened through holes 1 and 3. Fasten the mounting rail to the wall insuring that it is level. Remove the black plugs located on the inside face of the back panel to gain access to the adjusting screws on the hanging brackets. Hang the overhead on the mounting rail. The hanging brackets provide vertical and plumb adjusting screws. Level the cabinet by using these screws. All brackets must be adjusted so that they all support the cabinet. When leveling of the overhead is complete, insert the black plugs in the holes to cover the adjusting screws. Installation instructions included with each case must be followed exactly.

ARTEMIS | HEIGHT ADJUSTABLE WORKSURFACE WITH BASE ENCLOSURE

Single Stage Mechanism With Base Enclosure

The Single Stage mechanism with Base Enclosure has an adjustable height range of 28 3/8 - 47 1/4 inches. When the worksurface is at the lowest stage - desk height, the space between underside of the worksurface and the top of the Base Enclosure is 1 1/2 inches.

Dual Stage Mechanism With Base Enclosure

The Dual Stage mechanism with Base Enclosure has an adjustable height range of 23 7/16 - 49 7/16 inches. When the worksurface is at the standard desk height setting of 29 1/2", the space between underside of the worksurface and the top of the Base Enclosure is 6 9/16 inches. This allows for the full range of height adjustments.

Custom Base Enclosures for the Dual Stage are available decreasing the gap below the worksurface to 1 1/2" inches.

Caution: this eliminates the ability to use the lower stage settings.

Custom Base Enclosures to further lower the minimum worksurface height are also available, removing the inside enclosure floor completely and allowing a minimum desk height of 22 7/16". Contact customer service for a quote.
