6.52% Urethane Foam

PRE-CONSUMER
RECYCLED CONTENT = 6.66%

POST-CONSUMER
RECYCLED CONTENT = 22.07%

Up to 53.26% of this Cressida product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Cressida products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Cressida products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It signifies that the growth, harvesting and production of goods are entirely achieved through responsible forestry, which guarantees a healthy supply of forest resources for generations to come. Contact customer service for further information, pricing and leadtimes.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

The mark of responsible forestry

CLEAN OUT
All Cressida seating models have a built-in clean out feature: a space at the back of the seat that allows dirt, debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product.

POLYMER ARM CAP
The optional arm cap provides enhanced durability and protection for the arms. Arm cap is available in Grey or Black and is field replaceable if it becomes damaged or degraded.
WOOD ARM
Wood Arms are available in either beech or maple hardwood and in 22 Krug standard finishes.

WALL SAVER
The angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the facility.

METAL BACK LEGS
Cressida's metal back legs are built from structural rectangular steel tubing for exceptional strength and appealing design. Silver Metallic is offered as Krug's standard finish, additional metal finish colors are available at an upcharge - please contact Customer Service for pricing and more information.

METAL TO METAL CONNECTIONS
Steel seat frames are joined to other components, and to each other in the multiple seating products, with hardened steel bolts and inserts, ensuring exceptional durability and strength, and easy reconfigurability, as well as on-site replacement of damaged or degraded components.

STEEL SEAT FRAME
Seats are constructed of high strength plywood with suspension webbing. The upholstered seat assembly is then further supported by steel frame construction running below the plywood

FINISH DURABILITY
The Krug Enduraguard finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of healthcare environments.

PLUS UPGRADE
Cressida 30" and 44" models feature Plus Upgrade. Plus Seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

WEIGHT CAPACITIES
Cressida weight capacities are as follows:
Guest & Patient Chairs (21" & 24") - 350 lbs
Plus Chairs (30" & 44") - 750 lbs
Multiple Seating & Pre-configured - 350 lbs per seat
2-Seat Freespan - 525 lbs per unit
3-Seat Freespan - 750 lbs per unit

REPLACEABLE COMPONENTS
Cressida chairs are uniquely designed to allow virtually all major components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs, frames are field replaceable.

CUSTOM CAPABILITIES
Modifications in dimension, seat and back shape or thickness, and other modifications are possible with Krug's capability to customize for specific requirements and needs. We can also provide custom finishes.

ADDITIONAL FEATURES
• Lifetime warranty
• Available CAL 133 option

OPTIONS

CLEANABLE UNDER-SEAT SPLASHGUARD
All Cressida seating models are available with a plastic moisture barrier that covers and encloses the underside of the seat (while still allowing air transfer and ventilation in and out of the seat cushion). The Splashguard significantly enhances the germ resistance properties of the product, by enclosing the part of the chair that can be most susceptible to infection-causing pathogens. The Splashguard is a smooth, easy to clean surface, either while on the chair or when removed, and is also field replaceable.

METAL FINISH OPTIONS
Silver Metallic frames are available with an anti-microbial finish for an upcharge of **$59 list** per arm frame pair or table. Additional Frame Finishes, which include anti-microbial finish, are available for an upcharge of **$59 list** per per arm frame pair or table. Available colors are: White, Parchment, Sand, Taupe, Warm Grey, Cool Grey or Black. For all metal finishes other than Silver Metallic Standard, there is a minimum order quantity of 30 units per color. Upcharges for order quantities less than 30 units per color or custom metal finishes, please contact Customer Service to obtain a quote.

GANGING
All Cressida freestanding chairs can be ganged using a ganging bracket. The powder coated metal bracket is fastened to the inside face of each side frame. Ganging Bracket kit is available for an upcharge of **$78 list** per chair.

ADJUSTABLE HEADREST
The adjustable headrest uses dual density foam providing excellent support and comfort. The headrest is securely fastened using an innovative clip allowing the headrest to be easily removed for cleaning and/or replacement. The headrest is easily adjusted by sliding the headrest vertically allowing the user to maximize their comfort.

COMBINATION UPHOLSTERY OPTIONS

When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$31 list** per unit and **$60 list** per unit for three fabrics will be applied. When graded in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

MOISTURE BARRIER & CAL 133

California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.

The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $852 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.

Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information. CAL 133 and Moisture Barrier is available for **$60 list** per yard

REMOVABLE COVERS & REPLACEMENT COMPONENTS

Cressida chair (all sizes) are available with Removeable Seat Covers for an upcharge of **$79 list** per chair. Cressida chairs with Guest Backs (21", 24") are available with Removeable Back Covers for an upcharge of **$51 list** per chair. Cressida 30" and 44" chairs with Guest Backs are also available with Removeable back cover option for an upcharge of **$79 list** per chair. Cressida chairs with Patient Backs (21", 24") are available with Removeable Back Covers for an upcharge of **$75 list** per chair. Cressida 30" chairs with Patient Backs are also available with removeable back cover option for an upcharge of **$127 list** per chair.

Replacement seat and back covers can be quickly installed on Cressida products that were originally ordered with the Removeable cover option. Replacement seat and back covers can also be installed on Cressida products that were not originally ordered with the Removeable cover option, with some simple staple removal on the original seats and backs.

44" - Four Chairs	10	4.4	5.6	.8

Note: Some vinyls, leathers & upholsteries are not suitable for application on Cressida seating.
The approval process is as follows:
1. A sample of the COM must be provided to Krug Customer Service prior to or at the time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric or leather will be inspected when received at the factory, to identify any further concerns with its suitability.

To aid you in the process of specifying and ordering Cressida Multiple Seating, we have compiled the following summary. It explains the three different types of Cressida Multiple Seating – (a) Pre-Configured, (b) Start, Center & End Units and (c) the Freespan Multiple Units – including the features and considerations of each type, to assist in selecting the one that best suits each application. It is a requirement for all Cressida Multiple Seating orders, a drawing or plan view layout must accompany the order, so that we can verify that the specification is correct.

When building your multiple seating layout, please note that your order should start from left to right as you are facing the configuration.

Pre-Configured Multiple Units
Pre-Configured Multiple Units are designed to be used when you have seating configurations that are 2-3 chair units in size (see picture below).

Two-Seat
Considerations if choosing to use Pre-Configured Units:
• Linking tables can be joined to either end of a Pre-Configured Multiple Unit, but not in-between
• There are no limitations to the number of Pre-Configured Multiple units that can be ganged together with the Cressida Linking Tables
• Pre-Configured Multiple Units are not available in 30" or 44" plus widths
• Pre-Configured Multiple Units are not designed to work with other multiple seating (Start, Center, End Units or Freespan Units) unless a Cressida Linking Table or linking brackets are used in-between the different types of multiple seating.
• Pre-Configured Multiple Units are built from Start, Center and End Units and therefore, can be reconfigured to singular or two-seat units. However, you may have to purchase additional components (arms, etc…) to be able to do this. See line drawings below for possible configurations that can be made from taking apart the Pre-Configured Multiple Units.

EXAMPLE #1

A   B   C

EXAMPLE #1-A

A   B   C

OR

EXAMPLE #1-B

A   B   C
*Please note:
Example #1-A requires an additional end unit arm for chair A, and a start unit arm for chair B.

Example #1-B requires an additional end unit arm for chair A, a start and end unit arm for chair B, and a start unit arm for chair C.

Start, Center and End Multiple Seating Units
Start, Center and End Multiple Units are designed to be used when you have seating configurations that are greater than three chair units in size, and/or include 30" or 44" units (see picture below). Also, before you start to build your multiple seating layout, please note that your order should start from left to right as you are facing the chair, therefore begin the configuration with a Start Unit, then move to a Center Unit and finish with an End Unit.
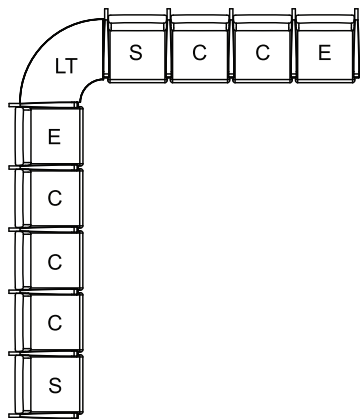

Considerations if choosing to use Start, Center and End Multiple Units:
• Start, Center and End units are available in widths - Guest (21", 24", 30" & 44") and Patient - (21", 24" & 30")
• There are no limitations to the amount of center units that can be ganged to a start or an end unit
• Cressida Linking Tables can be joined to any Cressida Start or End unit only (this is because the units are engineered with the finished arms)

Start Unit   Center Unit   End Unit
CRESSIDA | MULTIPLE SEATING INSTRUCTIONS

See below for sample configurations of when you would use Start, Center and End Multiple Units.

Freespan Multiple Units
Freespan Multiple Units are designed to be used when you have seating configurations that are 2-3 chair units in size and a reduced number of legs are desirable. (see picture below).
Considerations if choosing to use Freespan Multiple Units:
• The unit with the center arm increases the overall width of the unit by 1" per arm
• Linking tables can be joined to either side of a Freespan Multiple Unit, but not in-between
• There are no limitations to the number of Freespan Multiple units that can be ganged together with the Cressida Linking Tables or linking brackets.
• Freespan Multiple Units are not available in 30" or 44" plus widths
• Freespan Multiple Units are not designed to work with other multiple seating (Start, Center, End Units or Freespan Units) unless a Cressida Linking Table or linking brackets are used in-between the different types of multiple seating.

Below illustrates possible configurations when you could use all three types of Cressida Multiple Seating together.

Legend
LT- Linking Table
FS – Freespan Multiple Seating
PG – Pre-Configured Multiple Seating
S – Start Unit
C – Center Unit
E – End Unit
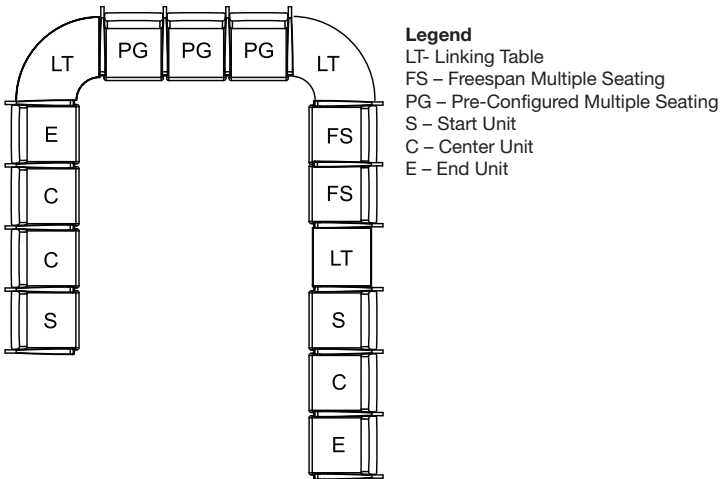

For more information on how to specify Cressida Multiple Seating, please contact Customer Service directly at 1-888-578-5784.

Note: Some vinyls, leathers & upholsteries are not suitable for application on Cressida seating. Please refer to **page** 544 for C.O.M approval process.

A drawing showing the configuration of the multiple seating and tables is required with each purchase order.

ORDERING NOTES:
Combination upholstery (more than one upholstery cover within the same unit) is an option on all Cressida upholstered products. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$31 list** per unit and **$60 list** per unit for three fabrics. When graded in combination upholstery is selected, use the highest grade upholstery selected or contact Customer Service for a quote - please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

Replacement seat and back covers can be quickly installed on Cressida products that were originally ordered with the Removeable cover option. Replacement seat and back covers can also be installed on Cressida products that were not originally ordered with the Removeable cover option, with some simple staple removal on the original seats and backs.

Note: Some vinyls, leathers & upholsteries are not suitable for application on Cressida seating.
The approval process is as follows:
1. A sample of the COM must be provided to Krug Customer Service prior to or at the time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric or leather will be inspected when received at the factory, to identify any further concerns with its suitability.

ORDERING NOTES:
A drawing showing the configuration of the multiple seating and tables is required with each purchase order.

ORDERING NOTES:
Combination upholstery (more than one upholstery cover within the same unit) is an option on all Cressida upholstered products. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$31 list** per unit and **$60 list** per unit for three fabrics. When graded in combination upholstery is selected, use the highest grade upholstery selected or contact Customer Service for a quote - please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

Replacement seat and back covers can be quickly installed on Cressida products that were originally ordered with the Removeable cover option. Replacement seat and back covers can also be installed on Cressida products that were not originally ordered with the Removeable cover option, with some simple staple removal on the original seats and backs.

Cressida Option Upcharges	$ List
Moisture Barrier (per yard)	60
Removable Seat Covers	79
Guest Removeable 21" & 24" Back Covers	51
Patient Removeable 21" & 24" Back Covers	79
21" & 24" Cleanable Under-Seat Splashguard	56

Patient backs are available on multiple units, please change the model number CRE2-S**G** to CRE2-S**P**, CRE2-C**G** to CRE2-C**P**, CRE2-E**G** to CRE2-E**P** and add the following upcharges per back:

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Cressida products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Cressida products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It signifies that the growth, harvesting and production of goods are entirely achieved through responsible forestry, which guarantees a healthy supply of forest resources for generations to come.
Contact customer service for further information, pricing and leadtimes.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CLEAN OUT
Cressida lounge seating models have a built-in clean out feature: a space at the back of the seat that allows dirt, debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product.

ARMS AND ARMLESS
Cressida features five arm options; Armless, Open Arm, Open Arm Polymer Arm Cap, Closed Arm, Closed Arm Polymer Arm Cap. Polymer arm cap is available in Black or Grey.

POLYMER ARM CAP
Available in Grey and Black colors, the Arm Cap is field- replaceable if necessary.

GLIDES
Cressida Lounge arm and armless versions are standard with nylon glides.

WEIGHT CAPACITIES
Cressida weight capacities are as follows:
One-Seat-350 lbs
One-Seat (Plus) -750 lbs
One-Seat Wide - 350lbs
One-Seat Wide (Plus) - 750lbs
Two-Seat - 525 lbs
Two-Seat (Plus) - 975lbs
Three-Seat - 850 lbs
Three-Seat (Plus) - 1200 lbs

REPLACEABLE COMPONENTS
Cressida Lounge chairs are uniquely designed to allow virtually all components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs and arms are field replaceable.

OPTIONS

CASTERS
Cressida Lounge is available with the option of casters. Caster option comes with the two rear casters locking as standard.

PUSH BAR
This is a option on Cressida lounge when ordered with casters, ergonomically designed to assist care-giving staff in the movement and operation of the chair, and reduce back strain on the caregiver. The push bar is powder-coated steel in Silver Metallic finish.

PLUS UPGRADE
Cressida seating is available with optional Plus Upgrade. Plus Upgraded seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

TABLETS
Optional Tablets are available on the Cressida Lounge & Modular in veneer, glass, high pressure laminate, solid surface and palette finishes. The Cressida tablet can be fastened to the Cressida Lounge & Modular chairs by the Universal Tablet Mount (mounted left or right), to existing legs and features an elliptical shape of 16 1/2" x 11 1/2" x 3/4" in size. The Cressida Tablet has a turning radius of 360 degrees, which accommodates any worksurface angle.

COMBINATION UPHOLSTERY
More than one upholstery cover within the same unit, is an option on all Cressida upholstered products. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$31 list** per unit and **$60 list** per unit for three fabrics. When graded in combination upholstery is selected, use the highest grade upholstery selected or contact Customer Service for a quote -please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

METAL FINISH OPTIONS
Silver Metallic frames are available with an anti-microbial finish for an upcharge of **$60 list** per arm frame pair or table. Additional Frame Finishes, which include anti-microbial finish, are available for an upcharge of **$60 list** per per arm frame pair or table. Available colors are: White, Parchment, Sand, Taupe, Warm Grey, Cool Grey or Black. For all metal finishes other than Silver Metallic Standard, there is a minimum order quantity of 30 units per color. Upcharges for order quantities less than 30 units per color or custom metal finishes, please contact Customer Service to obtain a quote.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified , the product also features the compliance method and low flammability features of CAL 133. The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $833 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.

REMOVABLE AND REPLACEABLE COVERS
Cressida Lounge Chairs are available with removable seat and back covers.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

FSC
www.fsc.org
FSC® C021699

The mark of responsible forestry

level® CERTIFICATION

BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Cressida products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS

All Cressida products are supplied air-emissions certified. Contact customer service for information.

FSC®

In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It signifies that the growth, harvesting and production of goods are entirely achieved through responsible forestry, which guarantees a healthy supply of forest resources for generations to come. Cressida and other Krug products can be specified with one of two types of FSC® Certification:
(a) FSC®-certified (which includes FSC®-certified lumber, veneer and substrate material)
(b) FSC®-mix certified (which includes substrate material only, and is a lower cost option certification)
Contact customer service for further information, pricing and leadtimes.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CRESSIDA | TABLE FEATURES

ANTI-MICROBIAL FINISH
Cressida wood surfaces include an anti-microbial finish that inhibits the growth of some molds and mildews. Surfaces coated in this finish support the reduction of fungal growth, and spores from germs, microbes and bacteria

STANDARD FINISHES
For a complete list of standard wood finishes, please see **page** 546. Cressida tables are available in 22 standard finishes.
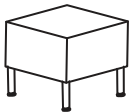

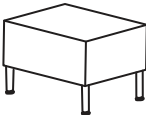

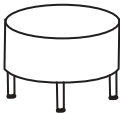

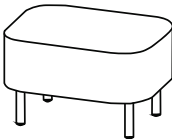

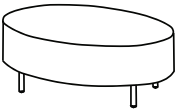

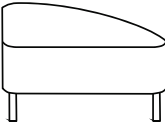

LAMINATE
Cressida Box-style tables are available in laminate with wood side or laminate side. See **page** 547 for laminate information.
SOLID SURFACE
Cressida Box-style & Slab-style tables are available with 1/2" solid surface tops. Cressida Light-style tables are available with full solid surface tops, 1" thick. Please contact customer service for a quote.

ORDERING NOTES: When fastening two linking tables together, mounting hardware will be provided when ordered, that will include one leg per table (to a maximum of two legs), which will be mounted on the adjoining seam. Cressida Middle tables have the ability to be easily reconfigured, as they are universal and non-handed. They can be moved to a reverse position in almost any configuration to provide a high level of flexibility when specifying.

ORDERING NOTES:
Linking tables can be ordered in conjunction with any of the Krug Multiple Seating. Linking tables are connected to the Multiple Seating via Linking brackets. Hardware for tables can be used left or right handed.

The design of the tables for Cressida Multiple Seating allows for any table to be very easily added or moved to a new position within the configuration - or completely replaced - after the product has been first installed. The attachment of the tables is designed so that they can be readily be taken out of the configuration without any defacing of the adjoining seat frames.
Linking Tables also feature a universal, non-handed design:
They can be moved to reverse position in almost any configuration, providing a high level of flexibility for reconfiguring.
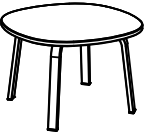

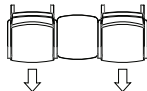

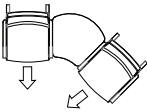

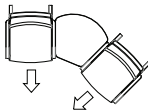

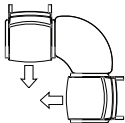

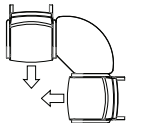

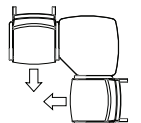

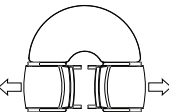

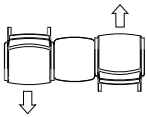

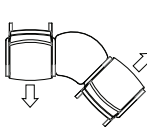

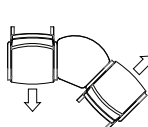

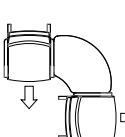

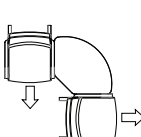

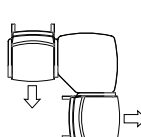

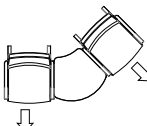

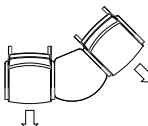

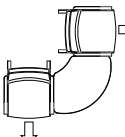

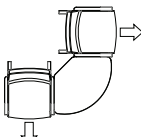

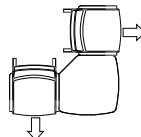

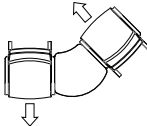

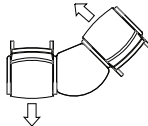

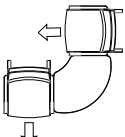

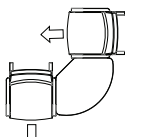

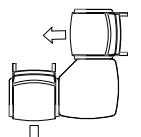

METAL FINISH OPTIONS
Silver Metallic frames are available with an anti-microbial finish for an upcharge of **$60 list** per arm frame pair or table. Additional Frame Finishes, which include anti-microbial finish, are available for an upcharge of **$60list** per per arm frame pair or table. Available colors are: White, Parchment, Sand, Taupe, Warm Grey, Cool Grey or Black.
For all metal finishes other than Silver Metallic Standard, there is a minimum order quantity of 30 units per color. Upcharges for order quantities less than 30 units per color or custom metal finishes, please contact Customer Service to obtain a quote.

A drawing showing the configuration of the multiple seating and tables is required with each purchase order.

Linking tables can be ordered in conjunction with any of the Cressida Multiple Seating.

A drawing showing the configuration of the multiple seating and tables is required with each purchase order.

Rectilinear Corner Connector table 90° include a support leg in the outer corner.
All end linking tables include 2 legs. All Curvilinear tables include one supporting center leg.

Terms and Conditions
Net 30 days on approved credit. A late payment charge of 1% per month will be applied on overdue invoices. This charge will be pro-rated to the number of days past 30 days that the invoice is overdue. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Krug dealers. Acceptance of any order and terms of sale may be established at the discretion of Krug. Deposits are required on orders received from new accounts as well as on large or special orders. Krug reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

Customer Service Hours
Please note customer service hours are:
8:30 am to 5:00 pm est

Customer Satisfaction
It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments
Each order will be acknowledged via e-mail or fax. This acknowledgments is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation
Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a $350 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing
Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Storage Charges
Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Warranty
Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for the lifetime of their use. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:
• normal wear and tear occurring with the use of the product
• negligence, misuse, excessive use, alteration, improper cleaning or repair
• substitution or use of incorrect or unauthorized components or material
• handling or installation that is incorrect, or that causes damage or defect
• damage incurred by a freight carrier other than Krug
• wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
• properties of natural materials, including wood and leather
• exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)
Note, specific warranties for components and materials not manufactured by Krug:

Jordan Sleepers Heavy-Duty Mechanism, made with heavy gauge steel and minimal moving parts - is backed by a 5-year warranty on the mechanism itself, in addition to the lifetime warranty on the rest of the product. If it does become damaged or degraded, the mechanism can be field-replaced.
Juno and Trevisa Overbed Tables have a 2-year warranty.

Blanket Wrapping
Krug will blanket wrap larger seating orders at customer's request. Please indicate on your purchase order and contact Customer Service.

Export Packaging
Krug is pleased to provide the option for export packaging on all our products, to provide additional protection from damage. For shipments overseas, a quote for export packaging can be provided, based on the products to be ordered and the delivery destination - please contact Customer Service or Bids & Specification Support for more information and a quotation. KRUG is not responsible for shipment damage occurring on overseas shipments

Export Packaging is STRONGLY RECOMMENDED for:
(A) all shipments outside of the lower 48 states and Canada.
(B) all shipments that will be held in storage for an extended period prior to installation.

Important: Please note that Krug will not be responsible for damage claims on product shipped or stored in the above conditions but where export packaging has not been utilized.

Dimensions
Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

GENERAL INFORMATION

Freight Terms and Conditions

1. All product is shipped FOB the Krug factory. Freight is either pre-paid to the destination or not pre-paid, depending on established customer specific freight terms.

2. Docks at the selected delivery location must be equipped to handle a 53' trailer. If a dock is inadequate for delivery by Krug, Krug will re-deliver to another local location and any additional costs will be charged to the customer.

3. For all deliveries, it is understood that Krug or its agent is making a dock delivery only (equipped to handle a 53' trailer), and any further work of truck unloading, delivery beyond the dock, installation, and removal of packaging is not authorized or paid for by Krug.

4. Drop shipments to the installation site, and timed deliveries, are available on larger shipments (full truckloads or slightly less) at no additional charge. Drop shipments or timed deliveries for smaller shipments may not be available, or if available will require a surcharge. Deliveries on an after hours basis, or on weekends, or any other special requirements, may be subject to a surcharge. Location and contact information, and the requested time of delivery, is required at least one week prior to the acknowledged shipment date. If this information is not provided one week in advance, or if the location or time of the drop shipment is changed less than one week in advance, a surcharge may be applied, and/or the drop shipment may not be scheduled. For deliveries requested Monday to Thursday after 5:00 pm, please apply a surcharge of $250/shipment. For deliveries requested Monday to Friday before 7:00 am, please apply a surcharge of $250/shipment. For deliveries requested Friday (after 3:00 pm) or weekends, please apply a surcharge of $500/shipment. (local times).

5. For all deliveries - whether to the Customer location or drop shipment - any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), service charges will be applied at the rate of $125/hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged. If Less Than Truck Load is delivering, one hour is allocated to unload. Any additional time required to unload after the first hour is $125/hour. If a Truck Load is delivering the order, three hours is allocated to unload. Any additional time required to unload is $125/hour. Direct deliveries to site for large orders are possible, (must exceed $60,000 net), and accommodate 48 - 53' trailers. Krug is responsible for delivery to the approved delivery address. If an address change is required, this must be authorized by Krug 5 business days prior to ship date. Any additional delivery costs incurred after this time will be charged to the customer.

Product Strength and Durability Testing

All Krug products have been thoroughly tested, and exceed the testing requirements of ANSI/BIFMA seating standard.
Specific test results and documentation are available on request.

BIFMA INTERNATIONAL

Installation Support

For assistance please contact Technical Support at 1-888-578-5784 x216 or e-mail installationhelp@krug.ca and you will be directed to the appropriate installation support person.

Damaged Shipments

All Krug product is well engineered, carefully inspected, and expertly loaded onto our trucks at our Distribution Center. If you receive any damaged freight, we ask that you do not refuse the shipment. Krug is not responsible for damage to goods that occurs in transit or storage. It is the purchaser and/or receiver's responsibility to examine the goods upon receipt and to notify Krug of any damages, overages or shortages. Any discrepancies should be noted on the Bill of Lading. The delivering carrier will not accept responsibility for shortages or damages if signed "clear". Notification of concealed damage claims must be made to Krug Distribution within 5 days of delivery, along with digital pictures if available. All product and packaging must be available for inspection. Krug liability ceases after 5 business days and Krug will not be responsible for concealed damages if shipments are left unopened. Krug is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.

Field Product Report Authorization

Krug's written authorization, in the form of an FPR number, must be obtained prior to incurring charges of any kind if Krug is expected to pay these charges. This includes authorization for returns, field re-pairs and replacements, post field repairs, installation and delivery charges. Krug reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to Krug, without prior written authorization in the form of an FPR, will not be accepted. Digital photographs may be required to complete the FPR process.

Returns

No merchandise may be returned without Krug's prior written consent. In the event of an authorized return, a Field Product Report (FPR) number will be issued, and a restocking charge will apply. Return transportation charges must be prepaid. Unauthorized returns will not be accepted and will be returned freight collect. All merchandise being returned must be properly packaged in its original or comparable replacement packaging to ensure protection of the product during handling and transportation. Returns on orders duplicated by the customer must be received in their original packaging to be accepted. Product being returned where Krug has authorized its liability for replacement or repair will be thoroughly inspected on its return, and the results compared to the reason for the return stated on the FPR. Any discrepancies, such as additional damage, signs of usage, missing parts, etc., will result in an adjustment to the amount of credit issued.

Custom Capabilities

Over 15% of our orders involve some type of custom work, and we invite our customers to make use of our extensive capabilities.

These include:
1) Dimensional customization of standard size products
2) Custom finishes
3) For larger orders, completely custom-designed products, as well as non-standard wood species can be specified.

Custom orders may require additional production lead times. Contact Engineering at the e-mail address engquotes@krug.ca.

Care and Maintenance Leather

Leather is a natural product and requires very little care during use. Most stains can be removed with a clean dry cloth. For stubborn spots and stains, use a mild non-detergent cleaner, rinse well and let air dry naturally. Do not use saddle soap, cleaning solvents, furniture polish, oils, varnish, abrasive cleaners, soaps or ammonia waters.

Fabric Upholstery

Professional upholstery cleaning is recommended.

Grade 3 $44

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

Customer's Own Material (COM/COL)

COM/COL must be received three weeks prior to the acknowledged ship date. Orders with COM/COL not received by the required deadline will be delayed. A description of the upholstery cover, including supplier name, pattern name, upholstery cover name and color number must be included with the purchase order.

COM/COL testing requires 3 business days and samples are to be directed to Customer Service. The customer has the option of providing the sample COM/COL before, at time of order, or once the sample COM/COL is received. If the customer does not send a sample for approval in advance of sending actual material, Krug will not be responsible for the cost of any upholstery cover or other material that it determines to be unsuitable for the product or our process.

When the COM/COL upholstery cover is received at Krug, it must be clearly identified with the upholstery cover name and color, and tagged with name of the Krug customer and purchase order number. Krug will inspect all COM/COL upholstery covers when received to determine if it will be suitable for upholstery. Where Krug feels that the upholstery cover or leather specified will compromise the quality or integrity of our products, customers will be contacted to direct these concerns. Further, Krug reserves the right to refuse to accept and use any COM upholstery covers or leathers that will compromise our products in any way that is unacceptable to Krug. Krug cannot assume responsibility for the durability or tailoring quality of customer's own material.

Yardage specified in this price guide is approximate. In the case of multiple product orders, multiply the number of items by the COM yardage specified to determine upholstery cover required, unless otherwise indicated. Additional yardage may be needed if the material is less than 54" wide, or patterned or striped and requires matching. All COMs are cut "up the roll" unless otherwise stated by the customer. All striped upholstery covers will be applied vertically unless otherwise stated by the customer and after approval by Krug. Krug will not be responsible for directional or positional problems with its application of COM material, unless it has been provided with explicit instructions by the customer. Special instructions should be sent to Krug Customer Service, including a sample (or photocopy) of the upholstery cover. Krug is not responsible for instructions sent with the upholstery cover rolls, or for the method of upholstery if no instructions have been provided.

Price increases and freight charges to COM/COL acquired on the customer's behalf will be passed onto the customer.

Application of Directional Upholstery cover

Some COM upholstery covers will be considered directional by Krug even though they are not considered directional by the supplier. All COMs are automatically cut "up the roll" unless otherwise stated by the customer (please see below).

Standard-Cut
"up the roll"
Non-Standard-Cut
across the roll "railroad"

COM/COL Shipping Procedures

For seating COM/COL upholstery covers, please send upholstery covers to:
Krug Inc.
111 Ahrens Street
Kitchener, Ontario
Canada N2H 4C2
Attention: RECEIVER

COM/COL orders cannot be scheduled into production until the upholstery cover has arrived and inspection is complete.

All packages must be clearly marked
"**For Customs Clearance by Willson International Custom Brokers**".

According to the North American Free Trade Agreement (NAFTA), goods shipped between the United States and Canada can qualify for exemption from all duties, or for a reduction in duties, if the goods can be proven to originate in either the United States, Canada or Mexico.

Canada Customs requires that a NAFTA Certificate of Origin and a Commercial Invoice be completed and sent with the upholstery cover shipment. The Commercial Invoice must clearly state the description of the upholstery cover, the selling price, the make-up or content, and the purchaser. The absence of these two documents will delay the shipments at the U.S./Canada border, thereby potentially delaying the customer order. If the total value of the shipment is less than $1200 U.S., Customs will accept a Low Value Statement of Origin in place of the NAFTA Certificate of Origin. The Low Value Statement must be signed by a representative of the exporting company. This statement may either be included on the commercial invoice or attached to the invoice. Krug is happy to answer any questions or concerns about COM/COL shipping procedures and the required documents.

CAL 133 & Moisture Barrier

California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.

The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $852 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

C.O.L. Yardage

To calculate C.O.L. yardage required, please use the following conversions based on COM yardage: Leather must be ordered in square footage.
- 17 square feet in a yard
- Approx. 3 yards in a hide
- Approx. 51 square feet in a hide
- Please use grade 3 pricing for COL

Upholstery Cover Yardage Calculation

To calculate yardage required for COM and other non-standard upholstery cover orders, please contact Krug Customer Service at 1.888.578.5784. Unless otherwise stated, upholstery cover rolls are assumed to be a minimum 54" wide. Please use the guide below to calculate the percentage of extra upholstery cover required to cover large repeats. The repeat is calculated by adding both the vertical and horizontal measurements together and then referring to the chart below for extra yardage required.

FABRIC	Plain	2"-14" Repeat	15"-19" Repeat	20"-27" Repeat	28"-36" Repeat
54	0%	10%	15%	20%	25%
53-50	16%	20%	25%	30%	35%
48	16%	25%	30%	35%	40%
45	40%	50%	55%	60%	65%
36	50%	60%	65%	70%	75%

GRADED-IN UPHOLSTERY PROGRAMS

Krug has partnered with several textile brands to grade in their offerings, designed to provide a wide range of upholstery selections for our seating products.

Upholstery pricing and availability is subject to change without notice. We grade this upholstery according to the pricing of the fabric suppliers - when their pricing changes, the Krug grade may change.

When placing an order, a Krug customer must specify the complete upholstery number, along with the appropriate Krug model number and finish. Krug will supply the complete product at the prices listed. Orders specifying graded-in upholstery cannot be cancelled once the upholstery has been ordered.

Upholstery Grades
To determine the price of a product for graded-in upholstery, use the reference lists located on Krug's website under - Products - Textiles, to view the upholstery grade (1-9). Krug is not responsible for the discontinuation of this upholstery. Please contact Customer Service for information on upholstery not listed.

When two upholstery selections are specified for use on seating, the higher grade upholstery price will apply to the order.

High Performance upholstery; Polyurethane, Vinyl or Crypton, is particularly suitable for healthcare and other intensive-use environments.

Upholstery Samples
If you require additional samples or memos for presentation, please contact fabric supplier directly.

Flammability Standards
• Tunnel Test Surface Ratings Class A rating
• Class 1 UFAC
• Passes State of California Technical Bulletin
  CAL 117-2013

Please contact fabric supplier directly for further flammability information pertaining to specific upholstery.

Special Conditions
Acknowledgments will give the estimated delivery date of the finished product. Some upholstery is imported, and availability may affect estimated delivery time. For large projects, please contact fabric supplier directly for availability of yardage.

KRUG EXPRESS PROGRAM

PROGRAM DETAILS

KrugExpress orders are <u>ready to ship</u> by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of *KrugExpress* orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized.

Available factory capacity for *KrugExpress* is filled by orders received on a "first come, first serve" basis. If the normal KrugExpress lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a *KrugExpress* order.

Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received.

KrugExpress orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean".

Changes to *KrugExpress* orders are not allowed under any circumstances.

Orders for product on *KrugExpress* must clearly state: "*KrugExpress*".

COM and graded-in upholstery is available on Krug Express. Orders are scheduled on Krug Express, and given the best available date, when the upholstery is received at Krug. Some conditions apply.

SEATING & OCCASIONAL TABLES PROGRAM

Orders for seating products on the *KrugExpress* program may be subject to quantity maximums. Please contact Krug Customer Service for more information.

Quantity maximums are dependent upon available capacity, in order to insure that we ship all orders on time.
Please note that the CAL 133 option is <u>not</u> available on *KrugExpress.*

Only standard wood finishes are available for *KrugExpress* orders. Laminates are not available on *KrugExpress.*

Krug Express includes all Krug seating and occasional tables as well as Krug conference and casegood products to complement this seating offering.

WOOD FINISHES

Standard wood finishes are:

Finishes on Beech
Appalachian Cherry
American Cherry
Imperial Cherry
Light Cherry
Medium Cherry
Natural Cherry
Sable Cherry
Standard Cherry
Light Oak
Harvest Oak
Mahogany
Mellow Oak
Espresso
Cordovan Walnut
Natural Walnut
Regular Walnut
SilverGrey on Walnut
Dark Walnut
Clear Beech
Medium Anigre

Finishes on Maple
Clear Maple
Honey Maple
Wheat Maple

PALETTE
Palette finishes available for applicable products.
Black
White
Soft Green
Steel Blue
Slate

WOOD FINISHES TO MATCH STANDARD LAMINATES

Willow on Beech
Copper on Beech
Shiraz Cherry on Beech
Park Avenue Walnut on Beech
Chocolate on Beech
Nutmeg on Beech
Portobello on Beech
Ash on Beech
Dune on Maple

NATURAL CHARACTERISTICS OF WOOD

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

Custom Wood Finishes
Add 10% list to your order for special finishes, minimum upcharge is $525 list per finish per order. (For example, on all orders up to $5250 list, an upcharge of $525 will apply, on orders $5000 and up add 10% list to your order.)

Special finish upcharges on seating products are calculated on a grade 1 value. For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

Dual Finishes
Add 10% list per item if specifying dual finish.

Standard Wood Finishes
No upcharge will be applied when specifying a finish available as standard on one species onto maple seating and occasional tables. Clear finishes are not available on other species since they are a clear finish on top of the natural veneer color.

LAMINATE PROGRAM

LAMINATES

Krug's in-stock Laminates are available in 17 different laminate selections. Please note that 4 of the colors (Gingerbread, Portobello, Ash and Willow) have textured finishes and may not be appropriate for use in patient areas due to infection control concerns. Minimum order quantities and extended lead times may apply for exotic laminate colors, please check with customer service. Polymer Edge will be selected to match the worksurface. Krug's previous laminate in-stock program will be phased out as in-stock supply depletes. Please contact customer service for availability.

IN-STOCK LAMINATES

| Wood Grain Laminates	High Pressure Laminate Supplier	Textured Wood Grain Laminates	High Pressure Laminate Supplier
Champagne	Tafisa T492CR	Gingerbread	Tafisa T556UR
Hardrock Maple	Formica 86992-58	Portobello	Tafisa T557UR

Copper	Tafisa T521CR	Willow	Tafisa T543AT
Shiraz Cherry	Tafisa T472CR	**Solid Laminates**	
Park Avenue Walnut	Wilsonart 7984–38		
Chocolate	Tafisa T498CR	Designer White	Wilsonart D354-60
Nutmeg	Tafisa T477CR	Platinum	Tafisa T202CR
Dark Walnut	Tafisa T469CR	Earth	Tafisa T767CR
		Charcoal	Tafisa T228CR

PHASE OUT LAMINATES

Almond - Black- Shadows - Edgewood Sycamore - Gunstock Walnut

Non-Stocked Laminates

For specific lead time and application questions, please contact Krug Customer Service for your requirement. Upcharges will be applicable for non-stocked laminates, depending on their cost. Non-stock laminates may require a minimum order quantity, please contact customer service. Stocked polymer edges only can be specified for use with non-stocked laminates or tops will be self-edged.

SOLID SURFACE PROGRAM

The Solid Surface option provides an enhanced durability, protection and cleanability. It is available in 8 standard colors and is replaceable if it becomes damaged or degraded. See individual products for list upcharge chart.
