CALLISTO | ENVIRONMENTAL SUMMARY

LEED CI CREDITS

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 28.83%

POST-CONSUMER
RECYCLED CONTENT = 21.67%

Up to 70.56% of this Callisto product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Callisto products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Callisto products are supplied air-emissions certified. Contact customer service for information.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

BREATHABLE MESH
Mesh Seats and Backs are available in 2 colors: Black and Grey.

UPHOLSTERED CUSHIONING
Upholstered Seats and Backs are available in a wide range of textiles, and seat features molded foam that is supportive for extended periods of sitting.

ADJUSTABLE LUMBAR SUPPORT
This optional feature provides enhanced support in the lower lumbar area of the back with 3” of adjustment range.

FIXED CANTILEVER ARM
This arm features Polished Aluminum with an integrated urethane pad surface.

ADJUSTABLE ARM
Height adjustment range of 2.5”. Arm pad forward/backward adjustment of 1.5”. Arm pad has a 3 position swivel of 20 degrees inward and 15 degrees outwards.

ARMLESS
Callisto models are available armless.

SELF-ADJUSTING SYNCHRO MECHANISM
The tilt feature adjusts automatically to the user’s weight. It includes a standard seat slider feature adding an adjustment range of 3”, and 4 position tilt lock with anti-kickback, and height adjustability.

BASES
Base options include Polished Aluminum and Black Polymer, and a soft wheel caster option.

STOOL BASE
A stool version is available on all Callisto models. It has a standard height adjustment range of 7.5”. Foot ring is Polished Chrome, and standard gas lift is Black.
The Seat Slider is not available with the Stool base. Stool base is only available with a swivel mechanism.

WEIGHT CAPACITIES
Callisto has been tested and complies with ANSI/BIFMA x5.1-2011 standards.
Callisto has been load tested to 450lbs

OPTIONS

ADJUSTABLE ARMS PLUS
Can be added to Adjustable T-Arm model. Height adjustment range of 2.5”. Arm pad forward/backward adjustment of 1.5”. Arm pad has a 3 position swivel of 20 degrees inward and 15 degrees outwards. Adjustable Arms Plus provides a width adjustment range of 3".

COMBINATION UPHOLSTERY OPTION
When combination upholstery is specified with fabric of the same grade or COM, an upcharge for dual fabrics is $35 list per unit will be applied. When graded in combination upholstery is selected, use the highest grade upholstery selected or to obtain a quote for blended grading contact Customer Service (please provide the fabrics specified and location of where each fabric is to be applied on the product).

REPLACEABLE COMPONENTS
Callisto is uniquely designed to allow major components to be field replaced, providing a very cost-effective means to significantly extend the life of the product.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

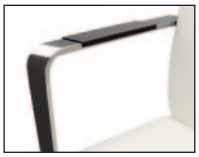

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. C5 products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All C5 products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. C5 and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ARM STYLES
C5 features four styles of fixed arms; polished aluminum with polymer pad, polished aluminum with upholstered pad, full black polymer arm, and fully upholstered arm.

Polished Aluminum Arm with Polymer Pad

Polished Aluminum Arm with Upholstered Pad

Black Polymer Arm

Fully Upholstered - Leather or Fabric wrapped upholstered arm with detailed top stitching.

MECHANISM OPTIONS
Swivel-Tilt - Provides excellent value, durability and simplicity: forward and backward tilt, tilt lock, and 360 degree swivel, as well as vertical adjustment. Right side activated tension control. Available in Black only.

Knee Tilt - Right side activated tension control and vertical adjustment. Left side 4 position activated tilt lock. Available in Black powdercoat or Polished Aluminum.

BASE STYLES
C5 seating is available in two base options. Choose from a black nylon, or a polished aluminum.

Polished Aluminum

Black Glass Reinforced Nylon

Jury Base
The C5 series is available with a jury base. Jury base assembly consists of a black 9" diameter conical/cast base for permanently mounting a chair to the floor. Into the base is inserted a black pneumatic gas cylinder with self returning action from rotation, and self returning height feature when exiting the chair. Allows for full 360 degree rotation. Limited degrees of rotation are not available.

SEAT
The seat has been carefully researched and shaped to provide extended sitting comfort, with a foam density that provides an optimal combination of softness and firmness.

REPLACEABLE COMPONENTS
C5 chairs are uniquely designed to allow virtually all major components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs, mechanisms, arms, base and casters are field replaceable.

OPTIONS

COMBINATION UPHOLSTERY
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit. When graded in combination upholstery is selected, use the highest upholstery grade or contact customer service for a quote. Please provide the fabric specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

DIMENSIONS:
Height measurements of C5 tilter are taken with the pneumatic lift in the lowest position and with a standard height range gas lift. All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

COM APPROVAL PROCESS:
The approval process is as follows:
1. A sample of the COM fabric must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric will be inspected when received at the factory to identify any further concerns with its suitability.

WEIGHT CAPACITY:
C5 has been tested to ANSI BIFMA.
C5 is load rated to 300lbs

LEED CI CREDITS

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 11.5%

POST-CONSUMER
RECYCLE CONTENT = 21.91%

Up to 47.7% of Aqua product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Aqua products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Aqua products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Aqua and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

AQUA | FEATURES & OPTIONS

ARM STYLE
Four arm styles are available on Aqua - Armless, T-Arm, Height Adjustable T-Arm and Fixed Cantilever Arm.

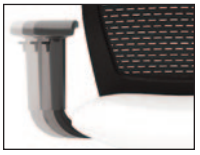

T-Arm - A comfortable and supportive urethane pad, 10" in length by 3.5" wide, which can be field replaced if damaged, as can the entire arm.

Height Adjustable T-Arm - In addition to the same features as the T-Arm version, the arm pad has a 3-position rotation horizontally: center, left and right. The arm pad also adjusts forward and rearward in 5 positions, and is height-adjustable in 9 positions ranging over 4".

Cantilever Arm - The top surface of this arm has been proportioned to provide comfortable arm support, with a resting surface of 10" x 2".

ARM WIDTH ADJUSTMENT
Width adjustment is a standard feature on Aqua arm styles. T-Arms, and Height Adjustable T-Arms, can be width adjusted, operated by the handwheel located under the seat. The T-Arms are width adjustable in a range of 1.5" per arm, or 3" per chair. Cantilever arms can be width adjusted with tools instead of a handwheel, with adjustment range of 1" per arm, or 2" per chair.

MECHANISM OPTIONS
Synchro-Tilt Mechanism - There are 5 recline/lock positions, in addition to a full range of free-flowing movement. The forward position of the pivot point allows the back and seat to adjust in a 2:1 ratio synchronously, providing comfortable recline of the back with minimal incline of the seat.

Swivel-Tilt Mechanism - Provides excellent value, durability and simplicity: forward and backward tilt, tilt lock, and 360 degree swivel, as well as vertical adjustment - ideal for short-term use environments, such as meeting rooms, where numerous adjustability features may not be desirable or necessary. Aqua Stools are only available with a Swivel Mechanism.

Seat-Slider Option - Available on the Synchro-Tilt Mechanism, this offers a 2" range of forward and rearward adjustment of the seat, with a locking feature. The addition of the seat slider adds 1/2" to the height of the seat and arms.

BASE STYLE
Aqua seating is available with Black five star base and black gas cylinder, or optional Polished Aluminum five star base and chrome cylinder for an upcharge of **$44 list**. Both bases come standard with dual wheel black casters. Hard casters are the standard and soft wheel casters can be ordered for **$70 list** per chair. Aqua bases are also available with a fixed height option for an upcharge of **$44 list** per chair.

JURY BASE
The Aqua series is available with a jury base. Jury base assembly consists of a black 9" diameter conical/cast base for permanently mounting a chair to the floor. Into the base is inserted a black pneumatic gas cylinder with self returning action from rotation, and self returning height feature when exiting the chair. Allows for full 360 degree rotation. Limited degrees of rotation are not available.

MESH BACKS
Mesh Backs are made of breathable polyester elastomers, the Mesh Back has an ideal tension that provides comfortable lumbar and thoracic support for extended use and healthy sitting - enhanced further with the air circulation provided by the mesh's unique design, and an easy-to-clean surface. The mesh back is also replaceable. Mesh colors available:
Warm Grey • Black • Clay

UPHOLSTERED BACKS
A unique construction with a mesh suspension core, combined with extensively-researched ergonomic curvature, gives the Aqua back a form-fitting comfort and a thin profile that is designed for healthy long-term sitting.

BACK TENSION
Back tension on the mechanism is controlled with an adjustment knob under the seat. It has been designed to provide a range of back tension adjustment suitable for users of varying sizes and preferences.

REPLACEABLE COMPONENTS
Aqua chairs are uniquely designed to allow virtually all major components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs, mechanisms, arms, base and casters are field replaceable. Pricing and model numbers can be viewed online at www.krug.ca.

OPTIONS

COMBINATION UPHOLSTERY
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is $35 list per unit. When graded in combination upholstery is selected, use the highest upholstery grade or contact customer service for a quote. Please provide the fabric specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

Height measurements of Aqua tilter and teller chairs are taken with the pneumatic lift in the lowest position and with a standard height range gas lift.
All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

The approval process is as follows:
1. A sample of the COM fabric must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric will be inspected when received at the factory to identify any further concerns with its suitability.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Dorso products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Dorso products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Dorso and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

DORSO E & T | FEATURES

ARM STYLES
Optional fixed cantilever or an adjustable black arm constructed of die cast metal with textured plastic arm pads. The adjustable arms feature seven height adjustment positions, with a total adjustment range of 2.75". All Dorso models are also available in armless versions.

E-LINE
Fixed cantilever and adjustable arms are available in Black, Silver Metallic or Polished Chrome accent finishes to match metal base. The fixed arm is also available in black textured plastic and upholstered fabric/leather version.

T-LINE
Fixed cantilever and adjustable arms are available in black textured plastic.

BASE STYLES

E-LINE & T-LINE
Dorso seating features optional Silver Metallic, polished Chrome or Black finish and dual wheel casters.

DORSO CONTROLS
All Dorso E-Line and T-Line come with synchro tilt mechanism. The tilt adjustment range offers five recline-lock positions, as well as free flowing movement. The forward pivot mechanism allows the back and the seat to articulate synchronously in a 2:1 ratio, so that upward tilt of the seat is minimized as the back reclines.

BACK HEIGHT
Back height adjustment is an option on Dorso E & T Line. It offers an adjustment range of 11 positions, over a 2" range of movement. Back height adjustment is operated while in the seated position, by placing the right hand on the right bottom of the chair back, and the left hand on the left bottom of the chair back. The back is lifted and clicked into the desired height. Raising the back to the highest position releases the back height lock so it can be lowered.

SEAT HEIGHT
In the seated position, a pull upwards on the height adjustment lever located under the seat of the user's right side adjusts the height up or down with a total height range of 4.5".

BACK TENSION
Back tension on the mechanism is controlled with an adjustment knob under the seat. It has been designed to provide a range of back tension adjustment suitable for users of varying sizes and preferences.

SEAT SLIDER
All Dorso tilters are available with an optional seat slider mechanism featuring a 2" range of adjustment front to back when seated. The lever to activate this feature is located under the seat of the user's right side and is activated by an upward pull of the lever.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

DORSO E-LINE | DIMENSIONS & COM REQUIREMENTS

DORSO | E-LINE

Note: Some vinyls, leathers and upholsteries are not suitable for application on Dorso E seating.
For vinyls, please submit a sample to Customer Service for pre-approval process at time of order.

The pre-approval process is as follows:
1. A sample of the COM must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric or leather itself will be inspected when received at the factory, to identify and further concerns with its suitability.

ORDERING NOTES:
Height measurements of Dorso E are taken with the pneumatic lift in the lowest position. All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

DORSO T-LINE | DIMENSIONS & COM REQUIREMENTS

Dorso T - a strikingly modern chair design, provides a level of long term sitting comfort and support.

DORSO | T-LINE

Note: Some vinyls, leathers and upholsteries are not suitable for application on Dorso T seating.
For vinyls, please submit a sample to Customer Service for pre-approval process at time of order.

The pre-approval process is as follows:
1. A sample of the COM must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric or leather itself will be inspected when received at the factory, to identify and further concerns with its suitability.

OPTIONS
Height measurements of Dorso T are taken with the pneumatic lift in the lowest position. All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION & AIR EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Dorso products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Dorso products are supplied air-emissions certified. Contact customer service for information.

level® CERTIFICATION & AIR EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Dorso products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Dorso products are supplied air-emissions certified. Contact customer service for information.

DORSO WEAVE | FEATURES

ARM STYLES
Optional fixed cantilever or an adjustable black arm constructed of die cast metal with textured plastic arm pads. The adjustable arms feature seven height adjustment positions, with a total adjustment range of 2.75". All Dorso models are also available in armless versions.

S-LINE
Fixed cantilever and adjustable arms are available in Black, Silver Metallic or Polished Chrome accent finishes to match metal base. The fixed arm is also available in black textured plastic and upholstered fabric/leather version.

N-LINE
Fixed cantilever and adjustable arms are available in black textured plastic only.

BASE STYLES
Dorso seating features injection molded, glass reinforced black nylon bases with dual wheel casters. Dorso seating features optional Silver Metallic or Polished Chrome finish. S-Line models feature steel upper and lower seat back exposed frame rail available in Silver Metallic or Polished Chrome finish.

DORSO CONTROLS
All Dorso S-Line and N-Line tilters come with a synchro tilt mechanism. The tilt adjustment range offers five recline-lock positions, as well as free flowing movement. The forward pivot of the mechanism allows the back and the seat to articulate synchronously in a 2:1 ratio, so that upward tilt of the seat is minimized as the back reclines.

SEAT HEIGHT
In the seated position, a pull upwards on the height adjustment lever located under the seat of the user's right side adjusts the height up or down with a total height range of 4.5".

BACK TENSION
Back tension on the mechanism is controlled with an adjustment knob under the seat. It has been designed to provide a range of back tension adjustment suitable for users of varying sizes and preferences.

SEAT SLIDER
All Dorso tilters are available with an optional seat slider mechanism featuring a 2" range of adjustment front to back when seated. The lever to activate this feature is located under the seat of the user's right side and is activated by an upward pull of the lever.

BACK HEIGHT
Back height adjustment is a standard feature on S-Line chairs, and an option on N-Line chairs. It offers an adjustment range of 11 positions, over a 2" range of movement. Back height adjustment is operated while in the seated position, by placing the right hand on the right bottom of the chair back, and the left hand on the left bottom of the chair back. The back is lifted and clicked into the desired height. Raising the back to the highest position releases the back height lock so it can be lowered.

BACK COLOR OPTIONS
Black • Warm Grey • Tan • Soft Beige • Winter White

level® CERTIFICATION & AIR EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Dorso products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Dorso products are supplied air-emissions certified. Contact customer service for information.

DORSO S-LINE & N-LINE | FEATURES

ARM STYLES
Optional fixed cantilever or an adjustable black arm constructed of die cast metal with textured plastic arm pads. The adjustable arms feature seven height adjustment positions, with a total adjustment range of 2.75". All Dorso models are also available in armless versions.

S-LINE
Fixed cantilever and adjustable arms are available in Black, Silver Metallic or Polished Chrome accent finishes to match metal base. The fixed arm is also available in black textured plastic and upholstered fabric/leather version.

N-LINE
Fixed cantilever and adjustable arms are available in black textured plastic.

BASE STYLES
Dorso seating features injection molded, glass reinforced black nylon bases with dual wheel casters. Dorso seating features optional Silver Metallic or Polished Chrome finish. S-Line models feature steel upper and lower seat back exposed frame rail available in Silver Metallic or Polished Chrome finish.

DORSO GUEST SEATING
S-LINE

Dorso seating is available in three base styles:
Cantilever
4-Leg
4-Leg with twin wheel casters

Each is offered in a Silver Metallic or Polished Chrome steel frame.

N-LINE
Dorso seating is available in three base styles:
Cantilever
4-Leg
4-Leg with twin wheel casters

Each is offered in a Silver Metallic steel frame.

BACK HEIGHT
Back height adjustment is a standard feature on S-Line chairs, and an option on N-Line chairs. It offers an adjustment range of 11 positions, over a 2" range of movement. Back height adjustment is operated while in the seated position, by placing the right hand on the right bottom of the chair back, and the left hand on the left bottom of the chair back. The back is lifted and clicked into the desired height. Raising the back to the highest position releases the back height lock so it can be lowered.

BACK TENSION
Back tension on the synchro tilt mechanism is controlled with an adjustment knob under the seat. It has been designed to provide a range of back tension adjustment suitable for users of varying sizes and preferences.

DORSO CONTROLS
All Dorso S-Line and N-Line tilters come with a synchro tilt mechanism. One of the best engineered and most user-friendly chair controls, the synchro tilt mechanism is unique in providing a single, easy-accessed lever to adjust tilt lock positions and seat height. The tilt adjustment range offers five recline-lock positions, as well as free flowing movement. The forward pivot of the mechanism allows the back and the seat to articulate synchronously in a 2:1 ratio, so that upward tilt of the seat is minimized as the back reclines. The synchro tilt mechanism also features an anti-kickback lock release, providing a smooth transition from locked to unlocked tilt adjustment.

SEAT HEIGHT
In the seated position, a pull upwards on the height adjustment lever located under the seat of the user's right side adjusts the height up or down with a total height range of 4.5".

SEAT SLIDER
All Dorso tilters are available with an optional seat slider mechanism featuring a 2" range of adjustment front to back when seated. The lever to activate this feature is located under the seat of the user's right side and is activated by an upward pull of the lever.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

DORSO S-LINE & N-LINE | DIMENSIONS & COM REQUIREMENTS

Presenting one of the world's most advanced seating concepts: new technology that offers outstanding ergonomics in a strikingly modern chair design, while providing a level of long-term sitting comfort and support that has been the hallmark of European seating.
DORSO: Designed by Gabriel Teixidó

ORDERING NOTE
Add 0.5 yards for seating with leather wrapped arm option.

Note: Some vinyls are not suitable for application on Dorso seating. For vinyls other than Maharam's Lariat, or Momentum's Cashmere, please submit a sample to Customer Service for an approval process at time of order.

The approval process is as follows:
1. A sample of the COM vinyl fabric must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM vinyl will be inspected when received at the factory to identify and further concerns with its suitability.

ORDERING NOTES
All Dorso swivel and tilter models are available with an optional seat slider mechanism at an upcharge of **$88 list**.
Height measurements of Dorso are taken with the pneumatic lift in the lowest position. All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Me products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Me products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Me and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

Me brings new meaning to custom seating. Your comfort. Your style. Your chair.

With Me, options, styling and versatility are virtually endless, and comfort is superior. With Me, Krug has created a chair that not only provides unprecedented comfort and natural posture support, but also exceptional styling. Me is an adaptable seating solution for any management, task and conference environment.

ARM STYLES
Four arm styles are available on Me. In addition to the armless version, is the urethane over molded steel supported fixed cantilever arm, or the adjustable pad arms: urethane pad arms, or upholstered pad arms. Both adjustable arm versions feature: pivoting arms that adjust 30 degrees inward or outward, 1 1/2" left and right width adjustment control, and a 6 stop position arm height range with a total of 2.6" of height adjustment. When specifying leather on the upholstered arm pad version, the user has the option of a perforated arm pad (available when specifying Krug's stock leather only). When specifying polished aluminum bases on Me, the arm upright will also be finished in polished aluminum (on adjustable arm versions only).

BASE STYLES
Me seating is available in two base options. Choose from an injection molded, glass reinforced black nylon base or polished cast aluminum base, both with 2 1/4" dual wheel casters.

ME CONTROLS
Me features a standard synchro tilt mechanism that allows the back and the seat to articulate synchronously in a 2:1 ratio. This feature insures that the upward tilt of the seat is minimized as the back reclines. The mechanism that also features a standard tilt lock mechanism that allows the user an infinite number of recline lock positions. Simply push the tilt lock lever downward to lock and upward to free-float the back.

SEAT HEIGHT
In the seated position, a pull upwards on the height adjustment lever located under the seat of the user's right side adjusts the height up or down with a total height range of:
Standard gas lift: 4.25" without seat slider and 4.0" with seat slider.
Low gas lift: 3.5" without seat slider and 3.5" with seat slider.

BACK TENSION
The back tension adjustment knob is located on the front underside of the seat. A simple turn of the knob provides a range of back tension adjustment suitable for users of varying sizes and preferences.

UPHOLSTERY OPTIONS
With Me comes the ability to choose contrasting fabrics/leathers for the seat, upper and lower back sections, as well as the upholstered arm pads. This option allows for an endless possibility of custom designed seating options (see upcharges on the following pages). When specifying leather from Krug's in-stock leather program, the option to perforate the leather on the lower back and upholstered pad arms is available (see pricing on the following pages).

SEAT SLIDER
All Me adjustable arm versions are available with an optional seat slider mechanism featuring a 2" range of adjustment front to back when seated. The lever to activate this feature is located under the seat of the user's left side and is activated by a simple twist of the knob.

BACK HEIGHT
Me is available in three back heights: low, mid and high. Back height adjustment is a standard feature on all Me models. This feature offers an adjustment range of 11 positions over a 2 1/2" range of movement. Back height adjustment is operated while in the seated position, by placing the right hand of the right bottom of the chair back, and the left hand on the left bottom of the chair back. The back is lifted and clicked into the desired height. Raising the back to the highest position releases the back height lock so it can be lowered to the first and lowest stop position.

OPTIONAL GAS LIFT HEIGHT RANGES
Me is available with two gas lift ranges. Unless clearly specified on order, Me seating will be provided with the standard gas lift. The gas lift ranges measured from the seat height are as follows:
Non Seat Slider Versions: Standard gas lifts give a seat height of no greater than 16" when lowered and no less than 20" when extended. Low gas lifts give a seat height of no greater than 15 1/8" when lowered and no less than 18 5/16" when extended.
Seat Slider Versions: Standard gas lifts give a seat height of no greater than 16 1/4" when lowered and no less than 20 5/16" when extended. Low gas lifts give a seat height of no greater than 15 3/8" when lowered and no less than 18 15/16" when extended. If dimensions are critical, please contact Customer Service.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

Height measurements of Me are taken with the pneumatic lift in the lowest position and with a standard height range gas lift. All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

Note: Some vinyls are not suitable for upholstery on Me seating. For vinyls other than Maharam's Lariat, or Momentum's Cashmere, please submit a sample to Customer Service.

The approval process is as follows:

1. **A sample of the COM vinyl fabric must be provided to Krug Customer Service prior to or at time of order. For Maharam or Momentum fabric, Krug will obtain the fabric sample.**
2. **The sample will be reviewed and the customer advised if the fabric is unsuitable.**
3. **The COM vinyl will be inspected when received at the factory to identify and further concerns with its suitability.**

level® CERTIFICATION & AIR EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Pan Am products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Pan Am products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Pan Am and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ARM STYLES
Pan Am features three styles of fixed arms, including open urethane, closed upholstered and open upholstered versions.

BACK STYLES
Available with two different back options, Mid and High, Pan Am is perfect for desk and conference applications.

BASE STYLES
Featuring a five blade caster base with 2 1/4" hooded dual wheel casters, Pan Am bases are available in both glass reinforced molded nylon base and polished cast aluminum base. (upcharge applies.)

SEAT HEIGHT
In the seated position, a pull upwards on the height adjustment lever located under the seat of the user's right side adjusts the height up or down with a total height range of:
Standard gas lift: 3.5"
Low gas lift: 3.0"

TILT TENSION
A tilt tension knob is located under the seat for all versions of Pan Am. For Knee Tilt versions a push of the height adjustment lever toward the gas lift cylinder activates the tilt lock feature.

PAN AM CONTROLS
Pam Am is available with either a Swivel Tilt of Knee Tilt mechanism. All Pan Am seating features an adjustable tilt tension knob, and height adjustment lever. On the Knee Tilt version of Pan Am, the height adjustment lever also operates a forward tilt lock.

OPTIONAL GAS LIFT HEIGHT RANGES
PAN AM is available with two gas lift ranges. Unless clearly specified on order, PAN AM seating will be provided with the standard gas lift. The gas lift ranges measured from the seat height are as follows: Pan Am standard gas lift give a seat height no greater than 16.4" when lowered and no less that 20.2" when extended. Low gas lift give a seat height no greater that 15.04" when lowered and no less than 18" when extended.

OPTIONAL JURY BASE
Jury Bases assembly consists of a black 9" diameter conical/cast base for permanently mounting a chair to the floor. Into the base is inserted a black pneumatic gas cylinder with self returning action from rotation, and self returning height feature when exiting the chair. Allows for full 360 degree rotation. Limited degrees of rotation are not available

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

Note: Some vinyls are not suitable for upholstery on Pan Am seating. For vinyls other than Maharam's Lariat, or Momentum's Cashmere, please submit a sample to Customer Service for a pre-approval process at time of order.

The pre-approval process is as follows:
1. A sample of the COM vinyl fabric must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM vinyl will be inspected when received at the factory to identify and further concerns with its suitability.

Please contact Customer Service for more information on options for the Pan Am series. Height measurements of Pan Am are taken with the pneumatic lift in the lowest position. All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

LEED CI CREDITS

PRE-CONSUMER
RECYCLED CONTENT = 4.67%

POST-CONSUMER
RECYCLED CONTENT = 17.3%

Up to 26.67% of this Cadence product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Cadence products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Cadence products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Cadence and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CADENCE | FEATURES

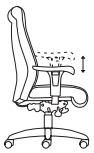

RECLINE ADJUSTMENT
The recline adjustment on the Cadence series allows a 24 degree range of motion. The foremost lever located on the right-hand side (when you are in a seated position) engages a device to lock the back in any position within the chair's range of movement. Lowering the lever locks the back at any position within the range. Raising the lever releases the lock and the back will move freely through the entire range.

BACK HEIGHT ADJUSTMENT
(on selected models only)
The back height is adjustable on selected models of Cadence series. The mechanism adjusts the back while in the seated position. The adjustable height back has a 4 inch range of movement with an 8 position stop mechanism. Place both hands on either side of the lower back cushion and lift and click to the desired height. Raise the back to the highest position to release the back height lock and lower to the first and lowest position.

BACK TENSION
A hand wheel centrally located near the front underside of the chair controls the amount of tension applied to the back. Turning the knob clockwise when you are in the seated position lessens the tension. Turning the knob counter-clockwise increases the tension.

ARM HEIGHT
(on selected models only)
A trigger release button located outside and below the arm pad adjusts the arm height. Depress the trigger to raise arm through its height range of 3.5 inches and 8 settings. Depress the trigger to raise the arm, release when desired height is reached to lock in position.

SEAT HEIGHT ADJUSTMENTS
The rear-most lever located in the right-hand side (when you are in the seated position) activates the seat height adjustment. Pull up on the lever to adjust seat height up or down through a range of adjustment of 3 inches.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. CAL 133 and Moisture Barrier are available for an upcharge of **$70 list per yard.**
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Addison products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Addison products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Addison and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

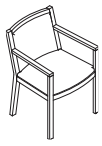

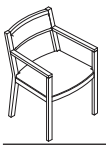

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Bali products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Bali products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Bali and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

FAERON WOOD | GUEST, PATIENT, MULTIPLE & EASY ACCESS FEATURES

HEALTHCARE DISCOUNT APPLIES TO THESE PRODUCTS

CLEAN OUT
All Faeron seating models have a built-in clean out feature: a space at the back of the seat that allows dirt, debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product.

FLEX BACK
The ergonomically designed back has been designed with a slight flexing action, to enhance the level of long-term sitting comfort, and provide greater ease of egress.

WALL SAVER
The angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the facility.

STEEL SEAT FRAME
Steel seat frames are joined to other components with hardened steel bolts and inserts, ensuring exceptional durability and strength. In addition they ease re-configurability and on-site replacement of damaged or degraded components.

SEAT COMFORT
Seats feature a spring suspension across the entire model range for exceptional comfort while high grade foam provides superior support and longevity.

PLUS UPGRADE
Faeron 30” and 44” models feature Plus Upgrade. Plus Upgraded seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

GLIDES
Faeron’s Beech wood legs feature floor-saver nylon glides. Optional floor-saver felt, metal or plastic glides are also available see pricing pages for upcharges. Please see page 343 for more information.

FINISH DURABILITY
The Krug’s finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of healthcare environments.

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

REPLACEABLE COMPONENTS
Faeron chairs are uniquely designed to allow virtually all major components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs, frames are field replaceable. Pricing and model numbers can be viewed online at www.krug.ca.

CUSTOM CAPABILITIES
Modifications in dimension, seat and back shape or thickness, and other modifications are possible with Krug's capability to customize for specific requirements and needs. We can also provide custom finishes.

WEIGHT CAPACITIES
Faeron weight capacities are as follows:
Guest & Patient Chairs (21” & 24”) - 500 lbs
Plus Chairs (30” & 44”) - 750 lbs
Easy Access Chairs - 500 lbs
Multiple Seating & Pre-configured - 500 lbs per seat
2-Seat Freespan - 625 lbs per unit
3-Seat Freespan - 750 lbs per unit

FAERON WOOD | GUEST, PATIENT, MULTIPLE & EASY ACCESS OPTIONS

ARM PANELS
Panel arms are available in semi and fully closed styles for optimum design flexibility.

URETHANE ARM CAP
The optional Urethane Arm Cap provides enhanced durability and protection for the arms. This is field replaceable if this becomes damaged or degraded and is available in three colors; Black, Grey and Taupe.

SOLID SURFACE ARM CAP
The optional Solid Surface Arm Cap provides enhanced durability, protection and cleanability for the arms.
This is field replaceable if this becomes damaged or degraded and is available in 8 standard colors.

SOLID SURFACE ARM FRAME
The optional Solid Surface Arm provides a fully seamless armrest for enhanced durability, protection and cleanability. It is available in 8 standard colors and replaceable as a full side frame if it becomes damaged or degraded.

COMBINATION UPHOLSTERY OPTIONS
Faeron can be upholstered in combinations of two or more upholstery covers on the same units: seats, backs and closed arm panels can be individually upholstered with a specific cover. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit and **$70 list per unit for three** fabrics will be applied. When graded-in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote)

KINETIC BACK OPTION
Provides the chair back with a very pleasant and comfortable rocking motion, which can significantly enhance long-term sitting for patients and guests alike. The durable spring-loaded mechanism provides a range of motion of 20 degrees, and can be field-installed or replaced. It's available on any Faeron Guest or Patient chair back with the exception of the Plus styles (30" and 44").

CLEANABLE UNDER-SEAT SPLASHGUARD
All Faeron seating models are available with a plastic moisture barrier that covers and encloses the underside of the seat (while still allowing air transfer and ventilation in and out of the seat cushion). The Splashguard significantly enhances the germ resistance properties of the product, by enclosing the part of the chair that can be most susceptible to infection-causing pathogens. The Splashguard is a smooth, easy to clean surface, either while on the chair or when removed, and is also field replaceable.

GANGING
All Faeron freestanding Guest/Patient chairs can be ganged using a ganging bracket. The powder coated metal bracket is fastened to the inside face of each side frame. Ganging Brackets are available for an upcharge.

REMOVABLE COVERS
Faeron chairs (all sizes) are available with removeable seat and back covers. Replacement seat and back covers can be quickly installed on Faeron products that were originally ordered with the Removeable cover option. Replacement seat and back covers can also be installed on Faeron products that were not originally ordered with the removeable cover option, with some simple staple removal on the original seats and backs

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.

The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.
Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information.

Note: Some vinyls, leathers & upholsteries are not suitable for application on Faeron seating.
The approval process is as follows:
1. A sample of the COM must be provided to Krug Customer Service prior to or at the time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric or leather will be inspected when received at the factory, to identify any further concerns with its suitability.

ORDERING NOTES:
Combination upholstery (more than one upholstery cover within the same unit) is an option on all Faeron upholstered products. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is $35 list per unit and **$70 list per unit for three** fabrics. When graded in combination upholstery is selected, use the highest grade upholstery selected or contact Customer Service for a quote -please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Faeron products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Faeron products are supplied with air-emissions certified. Contact customer service for information.

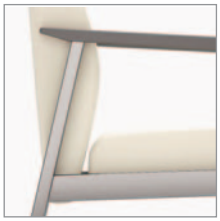

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Faeron and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

HEALTHCARE DISCOUNT APPLIES TO THESE PRODUCTS

FAERON METAL | GUEST, PATIENT, MULTIPLE & EASY ACCESS FEATURES

HEALTHCARE DISCOUNT APPLIES TO THESE PRODUCTS

CLEAN OUT
All Faeron Metal seating models have a built-in clean out feature: a space at the back of the seat that allows dirt, debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product.

FLEX BACK
The ergonomically designed back has been designed with a slight flexing action, to enhance the level of long-term sitting comfort, and provide greater ease of egress.

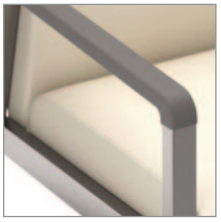

WALL SAVER
The angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the facility.

STEEL SEAT FRAME
Steel seat frames are joined to other components with hardened steel bolts and inserts, ensuring exceptional durability and strength. The seats features a spring system that substantially enhances comfort and extends product life cycle. Seats are removable, and field replaceable.

SEAT COMFORT
Seats feature a spring suspension for exceptional comfort while high grade foam provides superior support and longevity.

POLYMER ARM
Faeron arms are durable, comfortable, and long lasting. They are made with injected polymer that is a solid color throughout the arm and are available in three color options: Black, Grey and Taupe.

METAL FINISHES
Faeron Metal chairs are available in two metal finishes; Sliver Metallic and Brushed Nickel.

GLIDES
Faeron's metal legs feature floor-saver nylon glides. Optional floor-saver felt, metal or Non-slip rubber glides are also available see pricing pages for upcharges. Please see page 343 for more information.

FINISH DURABILITY
The Krug's finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer and is especially suited to the demands of healthcare environments.

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

REPLACEABLE COMPONENTS
Faeron Metal chairs are uniquely designed to allow virtually all major components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs, frames are field replaceable. Pricing and model numbers can be viewed online at www.krug.ca.

CUSTOM CAPABILITIES
Modifications in dimension, seat and back shape or thickness, and other modifications are possible with Krug's capability to customize for specific requirements and needs. We can also provide custom finishes.

WEIGHT CAPACITIES
Faeron Metal weight capacities are as follows:
Guest & Patient Chairs (21" & 24") - 500 lbs
Plus Chairs (30" & 44") - 750 lbs
Easy Access Chairs - 500 lbs
Multiple Seating & Pre-configured - 500 lbs per seat
2-Seat Freespan - 625 lbs per unit
3-Seat Freespan - 750 lbs per unit

PLUS UPGRADE
Faeron 30" and 44" models feature Plus Upgrade. Plus Upgraded seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

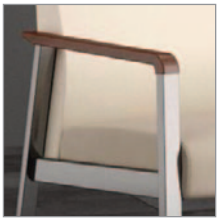

FAERON METAL | GUEST, PATIENT, MULTIPLE & EASY ACCESS OPTIONS

ARM PANEL
Upholstered arm panels are available in both semi- and fully-closed styles, and are field replaceable if damaged.

SOLID SURFACE ARM
The optional Solid Surface Arm provides a fully seamless armrest for enhanced durability, protection and cleanability. It is available in 8 standard Corian colors, and custom colors (at an upcharge). Arms are replaceable as a full side frame if they become damaged or degraded.

WOOD ARM
Wood arms are solid Beech and available in standard and custom finishes. Krug's wood finish is a proprietary high-durability formulation that has been shown to be an industry leader in abrasion resistance. Arms can be replaced if they do become damaged or degraded.

COMBINATION UPHOLSTERY OPTIONS
Faeron Metal can be upholstered in combinations of two or more upholstery covers on the same units: seats, backs and closed arm panels can be individually upholstered with a specific cover. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit and **$70 list** per unit for three fabrics will be applied. When graded-in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote)

KINETIC BACK OPTION
The optional Kinetic Back provides the chair back with a very pleasant and comfortable rocking motion, which can significantly enhance long-term sitting for patients and guests alike. The durable spring-loaded mechanism provides a range of motion of 20 degrees, and can be field-installed or replaced. It's available on any Faeron Guest or Patient chair back with the exception of the Plus styles (30" and 44").

CLEANABLE UNDER-SEAT SPLASHGUARD
All Faeron Metal seating models are available with a plastic moisture barrier that covers and encloses the underside of the seat (while still allowing air transfer and ventilation in and out of the seat cushion). The Splashguard significantly enhances the anti-microbial and germ resistance properties of the product, by enclosing the part of the chair that can be most susceptible to infection-causing pathogens. The Splashguard is a smooth, easy to clean surface, either while on the chair or when removed, and is also field replaceable.

REMOVABLE COVERS
Faeron Metal chairs (all sizes) are available with removeable seat and back covers. Replacement seat and back covers can be quickly installed on Faeron products that were originally ordered with the Removeable cover option. Replacement seat and back covers can also be installed on Faeron products that were not originally ordered with the removeable cover option, with some simple staple removal on the original seats and backs.

METAL FINISH OPTIONS
Silver Metallic frames are available with an anti-microbial finish for an upcharge of **$70 list** per arm frame pair or table. Additional Frame Finishes, which include anti-microbial finish, are available for an upcharge of **$70 list** per arm frame pair or table. Available colors are: White, Parchment, Sand, Taupe, Warm Grey, Cool Grey or Black. For all metal finishes other than Silver Metallic Standard, there is a minimum order quantity of 30 units per color. Upcharges for order quantities less than 30 units per color or custom metal finishes, please contact Customer Service to obtain a quote.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.

The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information.

GANGING
All Faeron Metal freestanding Guest/Patient chairs can be ganged using a ganging bracket. The powder coated metal bracket is fastened to the inside face of each side frame. Ganging Brackets are available for an upcharge of **$63 list** per chair.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Krug products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Krug products are supplied air-emissions certified. Contact customer service for information.

FEATURES

POLYMER BACK & SEAT
Libra chairs feature Black polymer seat and back. The polymer back provides contoured lumbar support and flex for greater comfort. The seat tilts down for the sitting position and flips up when ready to nest the chairs.

UPHOLSTERED SEAT & BACK
Libra chairs are available with upholstered seat and Black polymer back or upholstered seat and back.

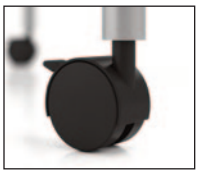

FRAME
Metal frame finish is available in Black or Silver Metallic.

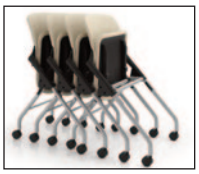

ARMS
Libra chairs are available in both Armless and Armed chair styles. Armed chairs feature a fixed, forward-sloping Black polymer armrest.

GLIDES
Libra features floor-saver nylon glides which are field-replaceable if damaged or degraded.

CASTERS
The twin-wheel casters promote easy storage and repositioning and are also available with a locking option.

NESTING
Libra chairs nest by raising the seat into its upright position, they can be nested with both the book rack and tablet in place.

REPLACEABLE COMPONENTS
Libra is designed to allow major components to be field replaced, providing a very cost effective means to significally extend the life of the product.

WEIGHT CAPACITIES
Libra has been laboratory tested to meet a weight capacity of 300lbs, for arm and armless versions.

WALL SAVER
The angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the facility.

OPTIONS

TABLET
Libra swivel folding tablet is available in Black polymer. The tablet is fastened to the left side (facing).

BOOK RACK
The wire book rack is available in Black or Silver Metallic to coordinate with the frame selection. It can conveniently remain in place when the chairs are nested but is also removable without tools if needed.

COMBINATION UPHOLSTERY COVERS
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit. When graded in combination upholstery is selected, use the highest upholstery grade or contact customer service for a quote. Please provide the fabric specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. CAL 133 and Moisture Barrier are available for an upcharge of $70 list per yard. The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

AIR EMISSIONS
All Mobi products are supplied with air emissions-certified materials. Contact customer service for specific test results.

MOBI | FEATURES, OPTIONS, DIMENSIONS & COM REQUIREMENTS

ARMS
Arms are available in the full range of polymer colors: Black, White, Grey, Taupe, Yellow, Red, Blue, Green. Please specify when ordering.

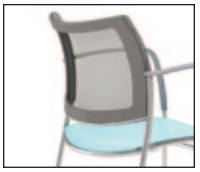

ARMLESS

POLYMER SEATS & BACKS
Available Polymer colors: White, Grey, Taupe, Yellow, Red, Blue, Green and Black.

UPHOLSTERED SEATS & BACKS
Optional Removable covers can be quickly installed on Mobi products that were originally ordered with the removable cover option.

MESH BACKS
Available mesh colors: Grey, Black & White. Please specify when ordering.

STACKABILITY
Mobi chairs are stackable to a maximum of 8 chairs high on the floor as well as dolly.

LEGS & GLIDES
Mobi legs are structural steel legs in Polished Chrome with floor-saver nylon glides. Optional floor-saver felt, non-slip rubber and plastic glides are available at an upcharge.Please see page 343 for more information.

WEIGHT CAPACITY
Mobi has been tested and complies with ANSI/BIFMA x5.1-2011 standards. Mobi has been load tested up to 300lbs.

CADDIE
The Mobi caddie provides enhanced stackability, along with the ease of movement and storage. It has a durable tubular construction and 4 soft-wheel swivel, locking casters. Its design allows for the stacking and storage of all Krug stackable chairs.

COMBINATION COLORS
More than one polymer color can be selected in any combination for seats, backs and arms. Please specify when ordering.

OPTIONS

REPLACEMENT AND REMOVABLE COMPONENTS
Mobi is designed to allow major components to be field replaced, providing a very cost effective means to significally extend the life of the product. Mobi Chairs are available with Removable Seat and Removable Back Covers,

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Karma products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Karma products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Karma and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

KARMA | FEATURES & OPTIONS

DESIGNED FOR COMFORT
The seat features an enhanced standard foam thickness, combined with our proprietary webbing suspension system, to provide superior comfort and a longer life cycle. The back is contoured and angled to provide supportive sitting.

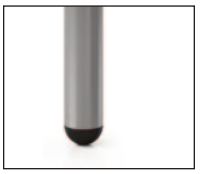

LIGHT GREY POLYMER BACK
Polypropylene backs are injection molded, with Light Grey pigment diffused throughout the mold, featuring a compound that provides UV resistance to fading and brittleness from exposure to light. Backs have a minimum wall thickness of 5 mm, providing excellent strength and shock resistance.

WALL SAVER
The angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the facility.

POLYMER ARM
Karma arms are durable, comfortable, and long lasting. They are made with injected polymer that is a solid color throughout the arm and are available in three color options: Black, Grey, Light Grey and Taupe.

STANDARD GLIDE
Karma's black domed polymer glides are non-adjustable, and field-replaceable if damaged or degraded. Ideal for carpeted flooring.

STACKING
Karma stacks 7 high on the floor, and 12 chairs on the Caddie. The optional Underseat Cover can be specified to help prevent indenting of seat upholstery on chairs that will be stacked. Karma chairs with the Sled Base option do not stack.

TANDEM SEATING
Karma chairs, and in-line tables, are designed to be instantly converted to (or ordered as) tandem seating. Armed and armless chairs can be connected -when joining arm chairs the positioning prevents a pinch point between the arms. In-line tables can be configured between chairs or as end tables. And the tandem components can be easily removed to convert to freestanding.

REPLACEABLE COMPONENTS
Karma is designed to allow major components to be field replaced, providing a very cost effective means to significally extend the life of the product.

FRAME COLORS AVAILABLE
The Karma Leg is available in 2 standard finishes; Silver Metallic and Matte Black. Polished Chrome is also available for an upcharge.

WEIGHT CAPACITIES
Karma has been laboratory tested to meet a weight capacity of 500 lbs, in all versions: arm and armless, and all widths.

OPTIONS

SLED BASE OPTION
Optional Sled Base frames are available in Silver Metallic and Matte Black. The integrated steel rail spans between the front and rear legs which are fitted with black nylon glides. Karma chairs with the Sled Base option do not stack.

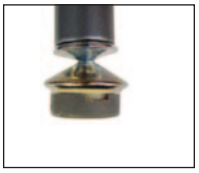

UNDERSEAT COVER
As an alternative to the standard dust cover under the seat, this option, in black polymer, closes off the underside of the chair, functioning as a cleanable Splashguard to protect the interior from moisture. It also assists in chair stacking, by distributing the weight to eliminate any indentations in the seat upholstery.

CASTERS OPTION
Karma features durable low profile 1 ½" diameter casters in black nylon offering an impressive 500lb load rating. Karma chairs with the caster option do not stack.

FLOOR-SAVER GLIDES
Karma's floor-saver glides are a larger, white, nylon glide incorporating a much larger surface area, and is a self-adjusting to help protect LVT, vinyl, tile, or hardwood where risk of marking might occur. Available in floor-saver felt as well. See pricing pages for upcharges.

NON-SLIP GLIDE
Features a much larger surface area and is also self-adjusting. It also features a softer outer coating to hold and prevent chair from sliding on LVT, vinyl, or tile flooring. Perfect for more slippery/smooth floor areas where prevention of chair movement is required.

COMBINATION UPHOLSTERY COVERS
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit. When graded in combination upholstery is selected, use the highest upholstery grade or contact customer service for a quote. Please provide the fabric specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

REMOVABLE COVERS & REPLACEMENT COMPONENTS
Optional Removeable covers can be quickly installed on Karma products that were originally ordered with the Removable cover option. Replacement covers can also be installed on Karma products that were not originally ordered with the Removable cover option, with some simple staple removal.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Corfu products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Corfu products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Corfu and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CORFU | FEATURES & OPTIONS

SUSTAINABLE DESIGN
Corfu is made with recycled materials, with an overall recycled content of 40%. Many of these same materials are also recyclable. Corfu is air emissions certified.

UNDER SEAT COVER
Each Corfu includes an underseat system for stacking: a grey polypropylene seat pan that nests into the seat below and protects it from the frame above. It also provides for easy cleaning and maintenance by covering the underside of the chair.

WOOD FINISH
Krug's Enduraguard™ finish is a catalyzed conversion varnish topcoat, combined with a vinyl polymer-based sealer, that in independent testing has been shown to have exceptional durability characteristics in its resistance to scratching, marring, and degradation from cleaning materials and other substances.

BEECH PLYWOOD
Wood seats and backs are made with European Beech hardwood veneers, featuring nine (9) plys of cross grain for added strength and durability.

STACKING
Corfu chairs are stackable, to a maximum of 13 chairs for the wood or plastic versions, and 10 chairs for the upholstered version, when stacked on the Corfu caddie. Corfu chairs are stackable to a maximum of 9 chairs for the wood or plastic versions and 6 chairs for the upholstered version when stacked on the floor. The upholstered versions stack to a height of 74" in the armless version, and 76" with arms. The non-upholstered versions stack to a height of 70" in the armless version and 72" in the version with arms.

CADDIE
The Corfu caddie provides enhanced stackability, along with the ease of movement and storage. Its design allows for the stacking and storage of all Krug stackable chairs. It has a durable tubular construction and 4 soft-wheel swivel, locking casters. This caddie is designed to stack and transport Krug's other stacking chairs.

GANGING
Corfu can be ordered with the option of ganging for the upcharge of **$35 list** per chair. Please specify ganging when ordering.

PACKAGING
Corfu packaging features recycled, recyclable cardboard. The arm and armless chairs are shipped 4 units per carton.

STEEL FRAME
Corfu seating is built with high strength steel castings and extrusions. Finish options are Silver Metallic and Polished Chrome. Legs feature Floor-saver nylon glides, metal glides are optional. Please see page 343 for more information.

PLASTIC COMPONENTS
Polypropylene seats, backs and other components are injection molded, with pigment diffused throughout the mold, and featuring a compound that provides UV resistance to fading and brittleness from exposure to light. Seats and backs have a minimum wall thickness of 5 mm, providing excellent strength and shock resistance. Corfu (Plastic Seat & Back) is available in six different colors. Please specify a color when ordering.
Color Selection:
White, Black, Grey, Red, Blue, Sand

OPTIONS

COMBINATION UPHOLSTERY COVERS
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit. When graded in combination upholstery is selected, use the highest upholstery grade or contact customer service for a quote. Please provide the fabric specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. CAL 133 and Moisture Barrier are available for an upcharge. The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

Note: Some vinyls, leathers & upholsteries are not suitable on Corfu seating.

The approval process is as follows:
1. A sample of the COM must be provided to Krug Customer Service prior to or at the time of order.

2. The sample will be reviewed and the customer advised if the upholstery cover is unsuitable.

3. The COM upholstery cover or leather will be inspected when received at the factory, to identify any further concerns with its suitability.

WEIGHT CAPACITY
Corfu has been tested and complies with ANSI/BIFMA x5.1-2011 standards. Corfu has been load tested up to 350lbs.

Metal Glides	27
Floor-saver Felt Glides	31

ORDERING PROCEDURE

To order please specify the following:

1. Krug product model number
2. Fabric name and number
3. Wood finish

Dimensions are in inches and approximate. Contact Customer Service if dimensions are critical.

For a complete list of standard wood finishes please see page 341. Bank of England chairs feature Floor-saver nylon glides, Floor-saver felt glides & metal glides are optional. Please see page 343 for more information.

CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Manolo products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Manolo products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Manolo and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

SEATS
Manolo seats are available, with two back heights; Backless Seat and Low Back Seat, in Upholstered, Beech and Walnut veneers and Palette finishes.

BASES
Manolo Stool bases are available in two heights; Counter Height or Bar Height. Bases feature Polished Chrome structural steel base frames with plastic glides. Floor-saver felt glides are optional. Please see page 343 for more information.

WEIGHT CAPACITY
Manolo complies with ANSI/BIFMA x5.1-2011 test standards. Manolo has been load tested up to 300lbs.

FINISH DURABILITY
The Krug's finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of high traffic environments.

OPTIONS

CAL 133 & Moisture Barrier
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. CAL 133 and Moisture Barrier are available for an upcharge of **$70 list**.

The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Corfu products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Corfu products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Corfu and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

SUSTAINABLE DESIGN
Corfu is made with recycled materials, with an overall recycled content of 40%. Many of these same materials are also recyclable. Corfu is air emissions certified.

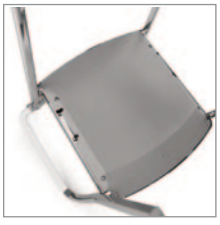

WOOD FINISH
Krug's Enduraguard™ finish is a catalyzed conversion varnish topcoat, combined with a vinyl polymer-based sealer, that in independent testing has been shown to have exceptional durability characteristics in its resistance to scratching, marring, and degradation from cleaning materials and other substances.

BEECH PLYWOOD
Wood seats and backs are made with European Beech hardwood veneers, featuring nine (9) plys of cross grain for added strength and durability.

STEEL FRAME
Corfu seating is built with high strength steel castings and extrusions. Finish options are Silver Metallic and Chrome.

PLASTIC COMPONENTS
Polypropylene seats, backs and other components are injection molded, with pigment diffused throughout the mold, and featuring a compound that provides UV resistance to fading and brittleness from exposure to light. Seats and backs have a minimum wall thickness of 5 mm, providing excellent strength and shock resistance. Corfu (Plastic Seat & Back) is available in six different colors. Please specify a color when ordering.
Color Selection:
White, Black, Grey, Red, Blue, Sand

UNDER SEAT COVER
Each Corfu includes an under-seat system for stacking: a grey polypropylene seat pan that nests into the seat below and protects it from the frame above. It also provides for easy cleaning and maintenance by covering the underside of the chair.

OPTIONS

COMBINATION UPHOLSTERY COVERS
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit. When graded in combination upholstery is selected, use the highest upholstery grade or contact customer service for a quote. Please provide the fabric specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. CAL 133 and Moisture Barrier are available for an upcharge of **$70 list** per yard. The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Avatar products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Avatar products are supplied with air-emissions certified. Contact customer service for information.

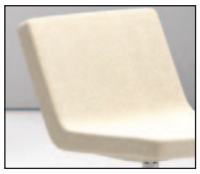

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Avatar and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

AVATAR | FEATURES & OPTIONS

STYLE
FIXED ARM

ARMLESS

LEGS
Avatar legs feature Polished Chrome aluminum foot with floor-saver nylon glides.

REPLACEABLE COMPONENTS
Avatar is uniquely designed to allow major components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Chair legs, arms, table tops and bases are field replaceable.

FINISH DURABILITY
The Krug's finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of high traffic environments.

WEIGHT CAPACITIES
Avatar complies with ANSI/BIFMA x5.1-2011 test standards. Avatar has a load tested up to 300lbs.

OPTIONS

CAL 133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It signifies that the growth, harvesting and production of goods are entirely achieved through responsible forestry, which guarantees a healthy supply of forest resources for generations to come.
Contact customer service for further information, pricing and leadtimes.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CLEAN OUT
Cressida lounge seating models have a built-in clean out feature: a space at the back of the seat that allows dirt, debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product.

ARMS AND ARMLESS
Cressida features five arm options; Armless, Open Arm, Open Arm Polymer Arm Cap, Closed Arm, Closed Arm Polymer Arm Cap. Polymer arm cap is available in Black or Grey.

POLYMER ARM CAP
Available in Grey and Black colors, the Arm Cap is field- replaceable if necessary.

GLIDES
Cressida Lounge arm and armless versions feature floor-saver nylon glides.

WEIGHT CAPACITIES
Cressida weight capacities are as follows:
One-Seat-350 lbs
One-Seat (Plus) -750 lbs
One-Seat Wide - 350lbs
One-Seat Wide (Plus) - 750lbs
Two-Seat - 525 lbs
Two-Seat (Plus) - 975lbs
Three-Seat - 850 lbs
Three-Seat (Plus) - 1200 lbs

REPLACEABLE COMPONENTS
Cressida Lounge chairs are uniquely designed to allow virtually all components to be field replaced, providing a very cost effective means to significantly extend the life of the product. Seats, backs and arms are field replaceable.

OPTIONS

CASTERS
Cressida Lounge is available with the option of casters. Caster option comes with the two rear casters locking as standard.

PUSH BAR
This is a option on Cressida lounge when ordered with casters, ergonomically designed to assist care-giving staff in the movement and operation of the chair, and reduce back strain on the caregiver. The push bar is powder-coated steel in Silver Metallic finish.

PLUS UPGRADE
Cressida seating is available with optional Plus Upgrade. Plus Upgraded seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

TABLETS
Optional Tablets are available on the Cressida Lounge & Modular in veneer, glass, high pressure laminate, solid surface and palette finishes. The Cressida tablet can be fastened to the Cressida Lounge & Modular chairs by the Universal Tablet Mount (mounted left or right), to existing legs and features an elliptical shape of 16 1/2" x 11 1/2" x 3/4" in size. The Cressida Tablet has a turning radius of 360 degrees, which accommodates any worksurface angle.

COMBINATION UPHOLSTERY
More than one upholstery cover within the same unit, is an option on all Cressida upholstered products. When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is $35 list per unit and **$70 list per unit for three** fabrics. When graded in combination upholstery is selected, use the highest grade upholstery selected or contact Customer Service for a quote -please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote.

METAL FINISH OPTIONS
Silver Metallic frames are available with an anti-microbial finish for an upcharge of **$70 list** per arm frame pair or table. Additional Frame Finishes, which include anti-microbial finish, are available for an upcharge of $70 list per arm frame pair or table. Available colors are: White, Parchment, Sand, Taupe, Warm Grey, Cool Grey or Black. For all metal finishes other than Silver Metallic Standard, there is a minimum order quantity of 30 units per color. Upcharges for order quantities less than 30 units per color or custom metal finishes, please contact Customer Service to obtain a quote.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified , the product also features the compliance method and low flammability features of CAL 133. The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.

REMOVABLE AND REPLACEABLE COVERS
Cressida Lounge Chairs are available with removable seat and back covers.

LEYTON | ENVIRONMENTAL SUMMARY

LEED CI CREDITS

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 28.61%

POST-CONSUMER
RECYCLED CONTENT = 9.91%

Up to 8.81% of this Leyton product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Leyton products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Leyton products are supplied air-emissions certified. Contact customer service for information and upcharges.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Leyton and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

In addition, architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

WOOD FINISHES
Standard wood finishes are:

SPECIES	FINISH
OAK	Light Oak SilverGrey on Oak Espresso Oak Harvest Oak Mahogany Mellow oak
MAPLE	Clear Maple Honey Maple Wheat Maple
WALNUT	Natural Walnut SilverGrey on Walnut Regular Walnut Dark Walnut Cordovan Walnut
CHERRY	Appalachian Cherry American Cherry Imperial Cherry Sable Cherry Light Cherry Medium Cherry Natural Cherry Standard Cherry
ANIGRE	Clear Anigre Medium Anigre
SYCAMORE	Clear Sycamore

Please note Cherry, Anigre and Sycamore species require a minimum quantity order, of 5 units for seating and 5 units for tables, per species.

PALETTE	Black White Sand Soft Green Steel Blue Slate

VENEERS
Leyton veneers are quarter cut, except for White Oak, which is rift cut - both quarter cut and rift cut veneers provide a straight grain appearance. The grain direction of the veneers on vertical faces is horizontal.

NON-STANDARD VENEER SPECIES
In addition to range of standard wood species, Leyton can be made with virtually any commercially available veneers. Please contact customer service for information and pricing on wood species not included in Leyton's standard offering.

NATURAL CHARACTERISTICS OF WOOD
Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

CUSTOM WOOD FINISHES
Add 10% list to your order for special finishes, minimum upcharge is $661 list per finish per order. (For example, on all orders up to $6615 list, an upcharge of $661 will apply, on orders $6615 and up add 10% list to your order.)

For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules.

ENDURAGUARD FINISH
Leyton features the Krug finish, a proprietary catalyzed varnish formulation, that has repeatedly shown through independent laboratory testing to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors and is uniquely suited to the demands of high traffic environments.

IN-STOCK LAMINATE
Krug's in-stock laminates are available on Leyton Table surfaces in 4 solid laminate selections. Laminate surfaces are self-edged.

SOLID LAMINATES
Designer White - Platinum - Earth - Charcoal

LEYTON | FEATURES

ARM STYLE
Leyton features four design styles Upholstered Armless, Upholstered Full Arm, Wood Surround Armless and Wood Surround Full Arm.

Upholstered Armless

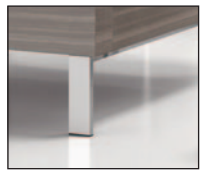

Upholstered Full Arm

Wood Surround Armless

Wood Surround Full Arm

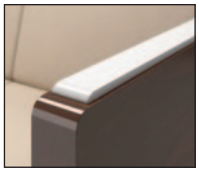

LEGS
Leyton Lounge and Tables feature Polished Chrome structural steel legs with plastic glides. Floor-saver nylon are optional. Glide recommendation chart on page 343.

REPLACEABLE COMPONENTS
Leyton chairs are uniquely designed to allow major components to be field replaced, providing a very cost effective means to significally extend the life of the product. Seats, backs, arms and frames are field replaceable, with the only exceptions being the Upholstered Armless, Upholstered Full Arm and Upholstered Front Panel as it is one piece.

WEIGHT CAPACITIES
All Leyton seating feature Plus Weight capacities.
One-Seat - 750lbs
One-seat Wide - 750lbs
Two-Seat - 975lbs
Three-Seat - 1200lbs
Leyton has been tested to ANSI / BIFMA.

PLUS UPGRADE
Leyton models feature Plus Upgrade. Plus Upgraded seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

OPTIONS

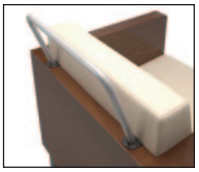

Solid Surface Arm Cap

Leyton Lounge Full Arm version is available with an optional Solid Surface Arm Cap providing enhanced durability, protection and cleanability for the arms. This is field replaceable if it becomes damaged or degraded and is available in 8 standard colors.

TABLET

Leyton Solid Surface tablet can be specified left or right as seated. The tablet can be used alone or with solid surface arm cap and is 1/2” thick.

PUSH BAR

This is an optional feature on Leyton One Seat lounge chairs, designed to assist caregiving staff in the movement and relocation of the chair. It is Silver Metallic in color and retractable for ease of use. The Push bar is field replaceable if necessary.

CASTERS

Optional on Leyton lounge chairs are four - 4" diameter soft wheel swivel locking casters, featuring a large, easy-access foot activation and release lever. The caster locks both directionally and rotationally, keeping the chair securely in place when locked. Note: lounge chairs with casters are not designed or intended as patient transport devices.

CLEAN OUT

Leyton lounge seating models have an optional built-in clean out feature: a space at the back of the seat that allows dirt debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product. Clean Out option is available for an upcharge,

UNDER-MOUNT POWER

The Under-mount Power unit provides dual power/USB C & A outlets for multiple devices. It can be located below seats and tables.

COMBINATION UPHOLSTERY

When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is **$35 list** per unit and **$70 list per unit for three** fabrics will be applied. When graded in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote)

REMOVABLE COVERS & REPLACEMENT COMPONENTS

Optional Removeable covers (with the exception of the Upholstered Armless, Upholstered Full Arm and Front panel) can be quickly installed on Leyton products that were originally ordered with the Removable cover option. Replacement covers (with the exception of the Upholstered Armless, Full Upholstered Arm and front panel) can also be installed on Leyton products that were not originally ordered with the Removable cover option, with some simple staple removal.

CAL 133 & MOISTURE BARRIER

California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. CAL 133 and Moisture Barrier are available for an upcharge, please see page 164.

The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

COM APPROVAL PROCESS:

The approval process is as follows:

1. A sample of the COM fabric must be provided to Krug Customer Service prior to or at time of order.
2. The sample will be reviewed and the customer advised if the fabric is unsuitable.
3. The COM fabric will be inspected when received at the factory to identify any further concerns with its suitability.

LEED CI CREDITS

MATERIAL CONTENT

PRE-CONSUMER
RECYCLED CONTENT = 6%

POST-CONSUMER
RECYCLED CONTENT = 12.12%

Up to 35.11% of Zola Modular product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION & AIR-EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Zola products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Zola and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ZOLA | FEATURES & OPTIONS

INTENSIVE USE ENVIRONMENTS
Zola has been designed for healthcare and other intensive use environments, with some important features: removable and replaceable upholstery covers, an anti-microbial finish, the option of a urethane arm cap and a standard clean-out between the seat and back. Modular construction allows for complete cleaning and disinfecting of the entire unit, and air emissions certification, make Zola an excellent solution for healthy spaces and caregiving environments.

ZOLA LOUNGE & ZOLA MODULAR
Zola Lounge chairs are pre-assembled at Krug and cannot be reconfigured into Modular units. Arms and backs cannot be removed from the seat.

RECONFIGURABILITY
Zola Modular is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal-to-metal bracketry is designed for fast, easy reconfiguring, that does not damage or degrade the product, and new components can be added and added with ease. Both backs and arms can be reconfigured to either side of the unit. Its unique leveller provides exceptional leveling capability over large spans, and on uneven floors. Heavy duty casters provide seating with mobility.

LINKING BRACKET
The Zola seat-to-seat linking bracket is made of sturdy, powder-coated steel construction in a black finish. This linking bracket is fastened with metal to metal connections from the seat to another seat with hardened steel bolts to ensure exceptional durability and strength. Brackets mount underneath, and do not mar or damage the tables or seats. This feature is not available on the Lounge version.

REPLACEABILITY
Zola is built to last: its heavy-duty structure is designed for intensive use environments. When any component is damaged or degraded, it can be easily changed out on its own, instead of having to replace or repair an entire unit. Along with its use of recycled and recyclable materials, the replaceability of components means Zola can provide exceptional long term value, and be an investment in sustainability.

FINISH DURABILITY
The Krug's finish a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of high traffic environments.

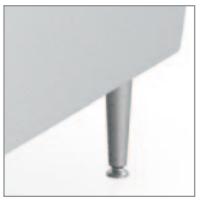

WALL SAVER
The angle of the Zola Lounge back is designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the room. Zola upholstered chairs are built with a 1/2" clearance between the top of the back and the wall for the wall saver design. Please note wall saver is not a feature on the wood back versions.

CLEAN OUT
Zola chairs have a built-in clean out feature: a space at the back of the seat that allows dirt and debris to fall to the floor for easy clean up and maintenance. The clean out feature was designed so that it does not detract from the comfort or appearance of the product.

CASTERS
Optional on the Zola Lounge are the choice of:
a) Four - 3 1/4" dia hard wheel casters, consisting of two non braking on the front, and two braking on the back. Braking casters have a large , easy access foot activation lever.
b) Two non braking casters on the back, and two legs on the front. Casters are NOT available on the Plus product(s)

LEGS
Zola legs are Silver Metallic and feature Floor-saver nylon glides that are adjustable up to 1.25", which provide leveling capability over longer spans. Floor-saver felt glides, non-slip rubber glides & metal glides are optional at an upcharge. Please see page 343 for more information.

URETHANE ARM CAP
The optional urethane arm cap provides enhanced durability and protection for the arms. Urethane arm caps are available in two color options; Grey and Taupe. The urethane arm cap is field replaceable if damaged or degraded with the assistance of a skilled upholsterer.

SOLID SURFACE ARM CAP
The optional Solid Surface Arm Cap provides enhanced durability, protection and cleanability for the arms. This is field replaceable if this becomes damaged or degraded and is available in 8 standard colors.

FULL DEPTH BENCHES
Modular Curved Benches are offered in two depths. For a flush edge when joining a Modular Curved Bench to Modular seat with back choose the Full Depth.

PLUS UPGRADE
Zola seating is available with optional Plus Upgrade. Plus Seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

WEIGHT CAPACITIES
Zola weight capacities are as follows:

One-Seat (Straight or curved)	- 300 lbs
One-Seat Plus	- 750 lbs
Two-seat (Straight or curved)	- 525lbs
Two-seat Plus	- 975 lbs
Three-seat	- 750 lbs
Three-seat Plus	- 1150 lbs

TABLETS
Optional Tablets are available on the Zola Lounge & Modular in veneer, clear glass, solid surface, high pressure laminate and palette finishes. The Zola tablet can be fastened to the Zola Lounge & Modular chairs by the Universal Tablet Mount (mounted left or right), to existing legs and features an elliptical shape of 16 1/2" x 11 1/2" x 3/4" in size. The Zola Tablet has a turning radius of 360 degrees, which accommodates any worksurface angle.

TABLES MATERIALS OPTION
Tables are available in veneer, plastic laminate, and Palette finishes - and an optional Solid Surface top. Tables feature leveling glides on every leg. See 373.

SOLID SURFACE TOPS
The Solid Surface Top option features Solid Surface material: composed of minerals, acrylic resins and colors, it is a non-porous, scratch and dent-resistant material that does not stain, and does not allow microbes and bacteria to penetrate the surface. Color is throughout the material, so surface scratches are not as visible.

LINKING TABLES
Zola Linking Tables can be fastened in the field to Zola Modular and Zola Benches with the table to seat bracket without compromising the upholstery. Zola Middle tables have the ability to be easily reconfigured, as they are universal and non-handed. They can be moved to a reverse position in almost any configuration to provide a high level of flexibility when specifying.

LINKING BRACKETS
The Zola table to seat bracket is made of sturdy, powder-coated steel construction in a Silver Metallic finish to match the legs and casters. This linking bracket is fastened with metal to metal connections from the seat to the table with hardened steel bolts to ensure exceptional durability and strength. Brackets mount underneath, and do not mar or damage the tables or seats. This feature is not available on the Lounge version.

POWER
The flush-mounted Power unit provides dual power/USB A & C outlets for multiple devices. It can be located on either side of the seat, seat front, (not available on curved fronts) as well as on the front face of tables as standard. See page 196 for locations and page 257 for pricing.

UNDER-MOUNT POWER
The Under-mount Power unit provides dual power/USB A & C outlets for multiple devices. It can be located below seats and tables. See page 257 for pricing.

COMBINATION UPHOLSTERY
When combination upholstery is with upholstery of the same grade or COM, an upcharge for **dual fabrics is $35 list** per unit and **$70 list per unit for three** fabrics will be applied. When graded-in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote)

REPLACEMENT UPHOLSTERY COVERS
Replacement upholstery covers can be easily fitted onto Zola Modular components (with the exception of Zola Curve backs) originally ordered with Removable Upholstery Covers. It is possible to use replacement covers on modular components originally ordered with standard upholstery covers, but this requires some removal of staples and other basic upholstery. Please note that the tailoring of replacement upholstery covers can be less exact and refined in appearance as original upholstery.

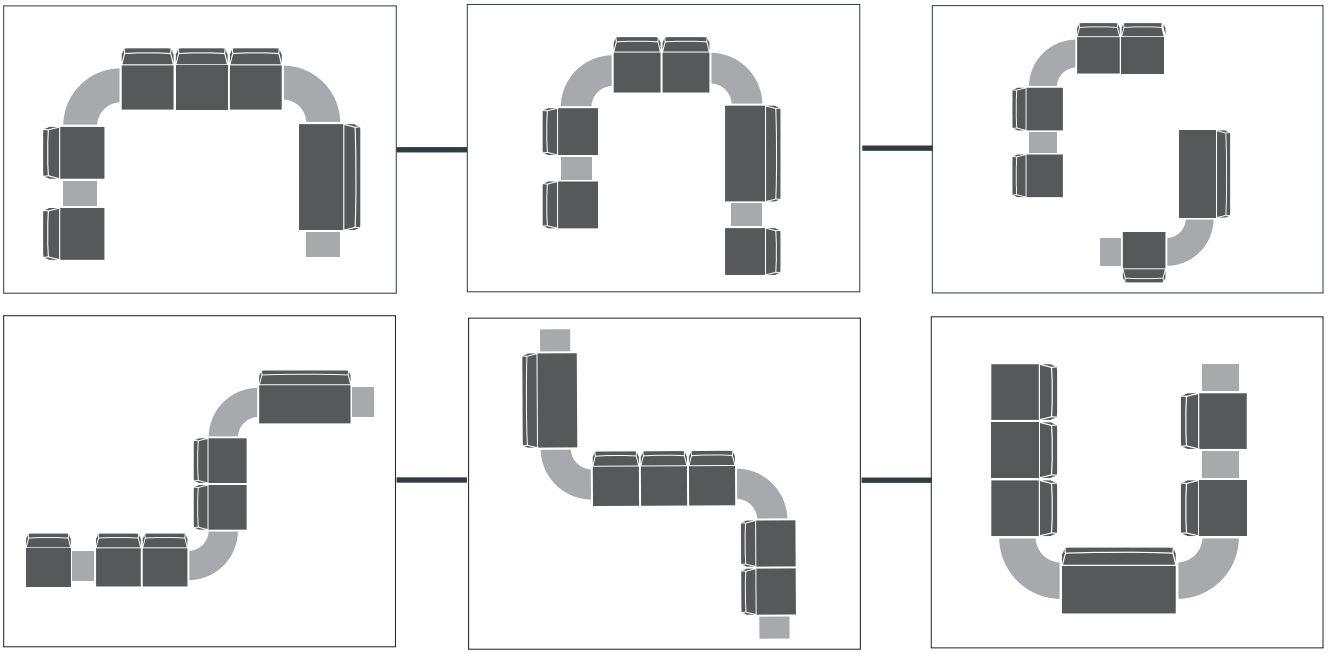

REMOVABLE UPHOLSTERY COVERS
Removable Upholstery Covers are available on most Zola Modular upholstered components, (with the exception of Zola Curve backs) at an upcharge. This feature allows for upholstery covers to be cleaned and disinfected, and allows them to be field-replaced with replacement upholstery covers. Please note that the tailoring of Removable Upholstery Covers can be less exact and refined in appearance than standard upholstery. Replacement and removeable covers, (supplied with Velcro) will tailor differently than the permanently stapled upholstery. Overall form and fit is identical, however minor dimensional build up due to the thickness of the velcro can occur. The velcro fastening build up is directed to the least noticeable face (usually the bottom edge of a component) where ever possible.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.

Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information. CAL 133 and Moisture Barrier is available for $70 list per yard.

ZOLA | RECONFIGURABILITY

Zola is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal to metal bracketry and frames are designed for fast, easy reconfiguring, and new components can be added at any time. Its unique leveller provides exceptional levelling capability over large spans, and on uneven floors. Heavy duty casters provide seating with mobility. Each of the 6 sample configurations shown here use exactly the same components - highlighting Zola Modular has the ability to reconfigure again and again, in a myriad of different ways. Joining bracketry is underneath seats and backs, so no surfaces are marred or damaged when connected, and re-connected.

ZOLA | SEAM LOCATIONS

Due to the curved geometry of the upholstered backs, vertical seams are necessary for quality tailoring of the unit. Patterned Fabrics with "Distinctive details" - such as stripes, squares, straight lines and/or large details, will have noticeable changes in regards to the alignment of the patterns. 90 Degree units -both inside and outside curves are most noticeable. 60, 45 and 30 degree are also subject to this.

Approximate Dimensional Distortions on Patterns:

	Inside Curve	Outside Curve
30 Deg	1 ½"	1"
45 Deg	2"	1 ½"
60 Deg	2 ½"	2"
90 Deg	3"	2 ½"

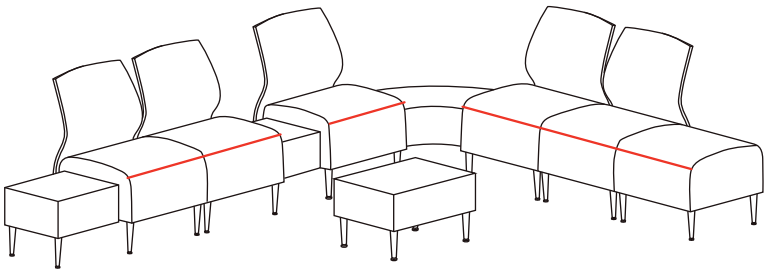

Zola seat photo indicates location of seam.

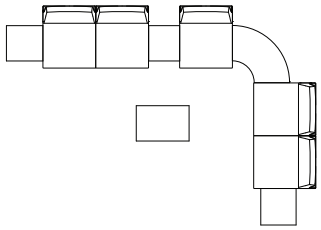

Inside Curve
Showing colliding stripes at the lumbar portion of the back, and opening stripes at the top and bottom.

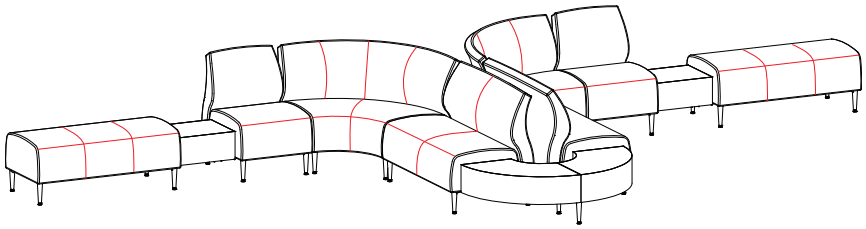

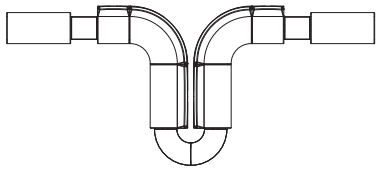

Outside Curve
Showing colliding stripes at the upper and lower portion of the back, with opening stripes at the lumbar.

10 Units = Take the yardage for 4 units, multiply by 2, add yardage for 2 units
20 Units = Take the yardage for 4 units, multiply by 5
67 Units = Take the yardage for 4 units, multiply by 16, add yardage for 3 units

COMBINATION UPHOLSTERY

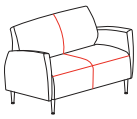

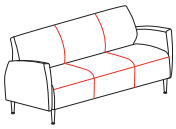

When combination upholstery is with upholstery of the same grade or COM, an upcharge for **dual fabrics is $35 list** per unit and **$70 list per unit for three** fabrics will be applied. When graded in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote)

ORDERING NOTES:

Please note, Zola Lounge chairs are pre-assembled at Krug and cannot be reconfigured into Modular units. Arms and backs cannot be removed from the seat. Zola Lounge chairs cannot be used in conjunction with Zola Linking Tables. Zola Plus Lounge Two-Seats and Three-Seats units have the same dimensions as the Regular Lounge Two-Seats and Three-seats. Zola Lounge chairs are not available with replacement components or covers. These options are only available on the Modular product.

One-Seat (Plus)	1.90	1.8	3.5	5.25	7	1.25	2.6	3.75	5.5

To calculate the COM Yardage for more than 4 units, take the largest multiple (4 units) and add the closest remainder. See below for example calculations.

5 Units = Take the yardage for 4 units and add the yardage for 1 unit
6 Units = Take the yardage for 4 units and add the yardage for 2 units
7 Units = Take the yardage for 4 units and add the yardage for 3 units
8 Units = Take the yardage for 4 units and multiple by 2
9 Units = Take the yardage for 4 units, multiply by 2, add yardage for 1 unit
10 Units = Take the yardage for 4 units, multiply by 2, add yardage for 2 units
20 Units = Take the yardage for 4 units, multiply by 5
67 Units = Take the yardage for 4 units, multiply by 16, add yardage for 3 units

Zola Modular Plus Two-Seats and Three-Seats units have the same dimensions as the Regular Modular Two-Seats and Three-seats.

COMBINATION UPHOLSTERY
When combination upholstery is with upholstery of the same grade or COM, an upcharge for **dual fabrics is $35 list** per unit and **$70 list per unit for three** fabrics will be applied. When graded in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote)

PACKAGING
All Modular Units, and tables will be shipped KD (Knocked Down)

Upcharge for Removable Upholstery Covers:

ORDERING NOTES:
The Interim Arm was designed to fit in between two seating units and therefore shortens the width between arms by 1" per seating unit. The interim Arm does not compromise the overall width of the combined benches. Zola Arms (left or right) are specified when seated. To specify Solid Surface Arm Cap add a "3" to the end of the model above, example ZOL3-MALS**,** and clearly state color choice. (See page 342 for color selection)

ZOLA PRIVACY | ENVIRONMENTAL SUMMARY

LEED CI CREDIT

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 6.34%

POST-CONSUMER
RECYCLED CONTENT = 14.09%

Up to 40.58% of this Zola product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION & AIR EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola Privacy products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

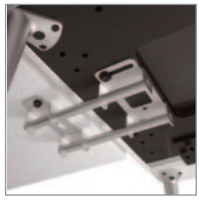

AIR EMISSIONS
All Zola Privacy products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It signifies that the growth, harvesting and production of goods are entirely achieved through responsible forestry, which guarantees a healthy supply of forest resources for generations to come. Zola Privacy products can be specified with one of two types of FSC® Certification:
(a) FSC®-certified (which includes FSC®-certified lumber, veneer and substrate material)
(b) FSC®-mix certified (which includes substrate material only, and is a lower cost option certification)
Contact customer service for further information, pricing and leadtimes.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

REPLACEABILITY
Zola is built to last: its heavy-duty structure is designed for intensive use environments. When any component is damaged or degraded, it can be easily changed out on its own, instead of having to replace or repair an entire unit. Along with its use of recycled and recyclable materials, the replaceability of components means Zola can provide exceptional long-term value, and be an investment in sustainability.

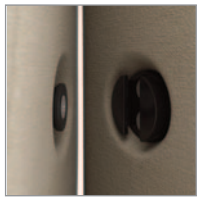

RECONFIGURABILITY
Zola is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal-to-metal brackets are designed for fast, easy reconfiguring, that does not damage or degrade the product, and new components can be added and added with ease. Arms can be added and reconfigured to either side of the unit. Its unique leveler provides exceptional leveling capability over large spans, and on uneven floors.

PRECONFIGURED
Zola Privacy can be specified in select preconfigured stand-alone arrangements. The offering includes one, two and three seat units in both Mid Height and Full Height styles. The units are pre-assembled with either full depth or semi-private side panels.

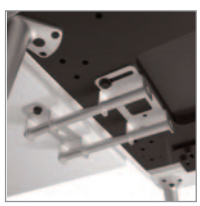

INTENSIVE USE ENVIRONMENTS
Zola has been designed for healthcare and other intensive use environments, with some important features: removable and replaceable upholstery covers, an anti-microbial finish, the option of a urethane arm cap and a standard clean-out between the seat and back. Modular construction allows for complete cleaning and disinfecting of the entire unit, and air emissions certification, make Zola an excellent solution for healthy spaces and care-giving environments. Plus styles are included in the offering.

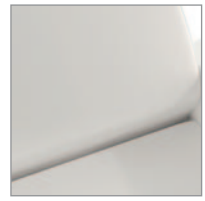

BACK CONNECTION
The Zola Privacy back linking connectors are made of sturdy steel construction. It is a two part bracket fastened with metal-to-metal connections. Brackets are not visible when units are linked. Linked backs can only be reconfigured in the same start/center/end positions.

LINKING SEAT-TO-SEAT
The Zola seat-to-seat linking bracket is powder-coated steel construction in a black finish. This linking bracket is fastened with metal-to-metal connections from the seat to another seat with hardened steel bolts to ensure exceptional durability and strength. Brackets mount underneath, and do not mar or damage the tables or seats.

LINKING TABLE-TO-SEAT
The Zola table-to-seat bracket is powder-coated steel in a Silver Metallic finish to match the legs and casters. This linking bracket is fastened with metal-to-metal connections from the seat to the table.

CLEAN OUT
Zola Lounge chairs have a built-in clean out feature: a space at the back of the seat that allows liquid, dirt and debris to fall to the floor for easy clean up and maintenance. The clean out feature was designed so that it does not detract from the comfort or appearance of the product.

LEGS
The legs offered on Zola Lounge are Silver Metallic or Matte Black and feature Floor-saver nylon glides that are adjustable up to 1.25", which provide leveling capability over longer spans. Optional Floor-saver felt glides, Non-slip rubber glides or metal glides are optional at an upcharge. Caster leg is not available.

TWIN BACK
Zola Privacy is available in unique Twin Back models for both straight and curves styles. The one piece back-to-back design provides a clean, minimal solution for space division and maximizing seating.

COMBINATION UPHOLSTERY
When combination upholstery is with upholstery of the same grade or COM, an upcharge for dual fabrics is $35 list per unit and $70 list per unit for three fabrics will be applied. When graded-in combination upholstery is selected, use the highest upholstery selected or contact Customer Service for a quote (please provide the fabrics specified and a description of where each fabric is to be applied on the product in order to obtain a quote).

ANTI-MICROBIAL FINISH
Zola wood surfaces come with an anti-microbial finish that inhibits the growth of some molds and mildews. Surfaces coated in this finish support the reduction of fungal growth, and spores from germs, microbes and bacteria.

FINISH DURABILITY
Krug's finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of high traffic environments.

PLUS UPGRADE
Zola seating is available with optional Plus Upgrade. Plus Seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

WEIGHT CAPACITIES
Zola weight capacities are as follows:

One-Seat (Straight or curved)	- 300 lbs
One-Seat plus	- 750 lbs
Two-seat (Straight or curved)	- 525lbs
Two-seat plus	- 975 lbs
Three-seat	- 750 lbs
Three-seat plus	- 1150 lbs

ZOLA PRIVACY | OPTIONS

PRIVACY SCREEN
Zola Privacy Screens are made of durable frosted acrylic and can be mounted to both mid and full height backs. Steel mounting hardware enables screens to be replaced in the field.

TABLET
Optional Tablets are available in veneer, clear glass, laminate and palette finishes. The Zola can be fastened by the Universal Tablet Mount (mounted left or right), to the single Zola leg, it is not able to mount on the Zola dual leg. The Zola Tablet has a turning radius of 360 degrees. Solid surface is available, contact Customer Service for pricing.

TABLES
Tables are available in veneer, high pressure laminate or Palette finishes - and an optional solid surface top. An optional flush-mounted Table PowerDoc provides dual power/USB A & C outlets for multiple devices can be located on the front face of Middle or End Tables (not available on curvilinear models). PowerDoc's have a 10' cord.

MODULAR ARM
Modular arms can attach to the left or right ends of seating units as well as interim locations between units. They are fully upholstered and can optionally be trimmed with urethane or solid surface arm caps.

URETHANE ARM CAP
The optional urethane arm cap provides enhanced durability and protection for the arms. Urethane arm caps are available in two color options; Grey and Taupe. The urethane arm cap is field replaceable if damaged or degraded.

SOLID SURFACE ARM CAP
The optional Solid Surface Arm Cap provides enhanced durability, protection and cleanability for the arms. This is field replaceable if this becomes damaged or degraded and is available in 8 standard colors.

SHELVES & POWER
Back-mounted shelves can be specified in either 30", 36" or 42" and are available in veneer, laminate and Palette finishes (Solid surface overlay also available – contact customer service) The surface-mounted Shelf PowerDoc provides dual power/USB A & Coutlets for multiple devices. Units with Shelf Power are not available with Removable Cover option.

SEAT POWER
The flush-mounted power unit provides dual power/USB A & C outlets for multiple devices. It can be located on either side of the seat, or on the seat front (not available on curved fronts). See page 251 for pricing. Power unit color is white. Units with Seat Power are not available with Removable Cover option.

PRIVATE MODULAR SIDE PANEL
Side Panels can be specified (in either of two heights) as Start, Center and End locations of configurations to provide an additional degree of privacy and enclosure, and a resting corner position for users - a beneficial element in study, work and waiting area settings. Side Panels will only connect to Center seating units.

SEMI-PRIVATE MODULAR SIDE PANEL
Semi-Private Side Panels are shallower in depth than standard Side Panels and available in Mid and Full Height back styles. They are specified as Start, Center and Ends and only connect to Center seating units.
In configurations such as banquette settings with tables, they can offer users privacy while still permitting side entry to the seating.

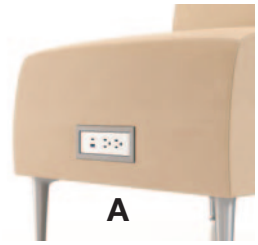

REPLACEMENT UPHOLSTERY COVERS
Replacement upholstery covers can be easily fitted onto Zola Modular components (with the exception of Zola Curve backs) originally ordered with Removable Upholstery Covers. It is possible to use replacement covers on modular components originally ordered with standard upholstery covers, but this requires some removal of staples and other basic upholstery. Please note that the tailoring of replacement upholstery covers can be less exact and refined in appearance than original upholstery.

REMOVABLE UPHOLSTERY COVERS
Removable Upholstery Covers are available on most Zola Modular upholstered components, (with the exception of Zola Curve backs) at an upcharge. This feature allows for upholstery covers to be cleaned and disinfected, and allows them to be field-replaced with replacement upholstery covers. Please note that the tailoring of Removable Upholstery Covers can be less exact and refined in appearance than standard upholstery. Replacement and removeable covers, (supplied with Velcro) will tailor differently than the permanently stapled upholstery. Overall form and fit is identical, however minor dimensional build up due to the thickness of the Velcro can occur. The Velcro fastening build up is directed to the least noticeable face (usually the bottom edge of a component) where ever possible.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.
Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information.

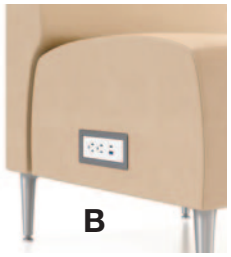

ZOLA PRIVACY | POWER LOCATIONS

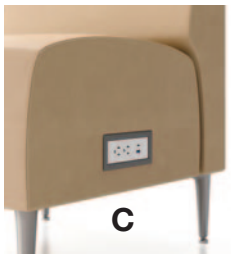

Seat Power

When ordering Seat Power clearly indicate required location using:

A - for front center of seat (not available on curved fronts)

B - for left side of seat (facing)

C - for right side of seat (facing)

D - for both left and right of seat

Units with Power are not available with Removable Cover option.

Shelf Power

Located mid-position on the shelf surface. Units with Shelf Power are not available with Removable Cover option.

Table Power

Located on the front face of the table as standard. To specify, clearly mark on the order and add **$712 list**.

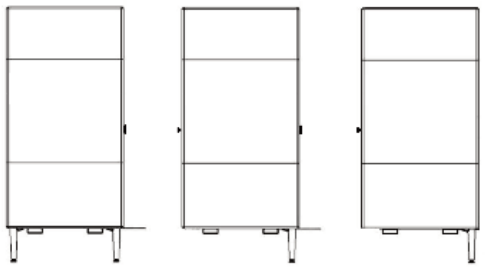

Under-mount Power

The Under-mount Power unit provides dual power/USB A & C outlets for multiple devices. It can be located below seats and tables.

ZOLA PRIVACY | CONNECTING MULTIPLE UNITS

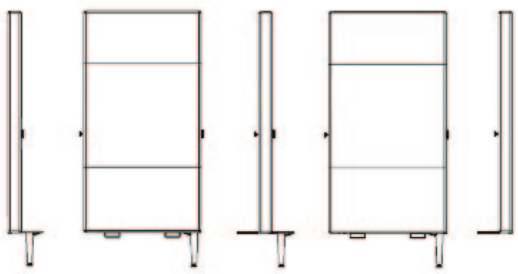

SEATING

Start, Center and End multiple units are used to configure continuous runs of seating. Units are specified from left to right (facing). Configurations must include one Start Unit and one End Unit and can be connected to any number of Center Units. Back connecting hardware is concealed once connected to the adjoining unit.

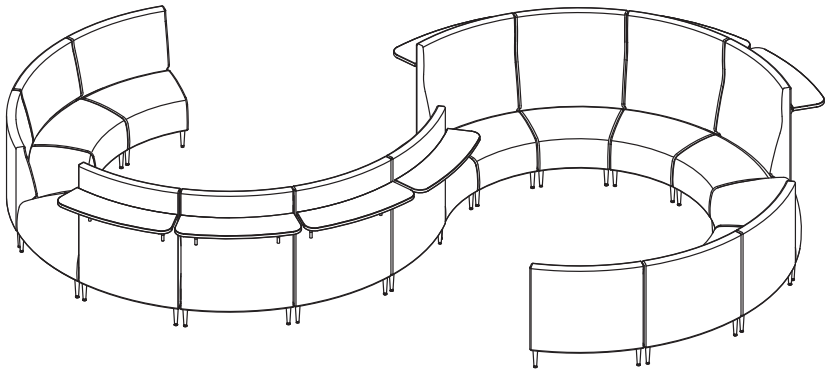

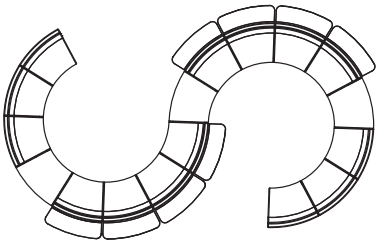

SIDE PANELS

Start, Center and End Panels are configured in combination with Center Seating only. Start and Center Panel kits contain additional legs which connect to the Center Seat Unit.

RECONFIGURABILITY
Inline Walls can be reconfigured within Zola Privacy seating configurations. Inline walls are comprised of 3 module types, a left and a right corner unit plus a center unit and are available in two depths - Inline Wall at 12 inches and Inline Table Wall at 28 inches. Inline Wall corner units and Inline Table Walls must connect to Start, Center or End seating unit.

BACK CONNECTION
Inline Corner Walls and Inline Tables connect to Zola Privacy seating using steel brackets. Seating must be specified as start, center or ends.

LEGS
The legs offered on Zola Lounge are Silver Metallic or Matte Black and come standard with glides that are adjustable up to 1.25", which provide leveling capability over longer spans. Caster leg is not available.

MEDIA & POWER
Inline walls can be optioned with Media provisions and Powerdocs.

RUNOFF TABLES
Run-off tables are used in combination with Inline Walls and provide a fixed occasional height table between two seating units. They feature a single tapered metal leg with adjustable glide.

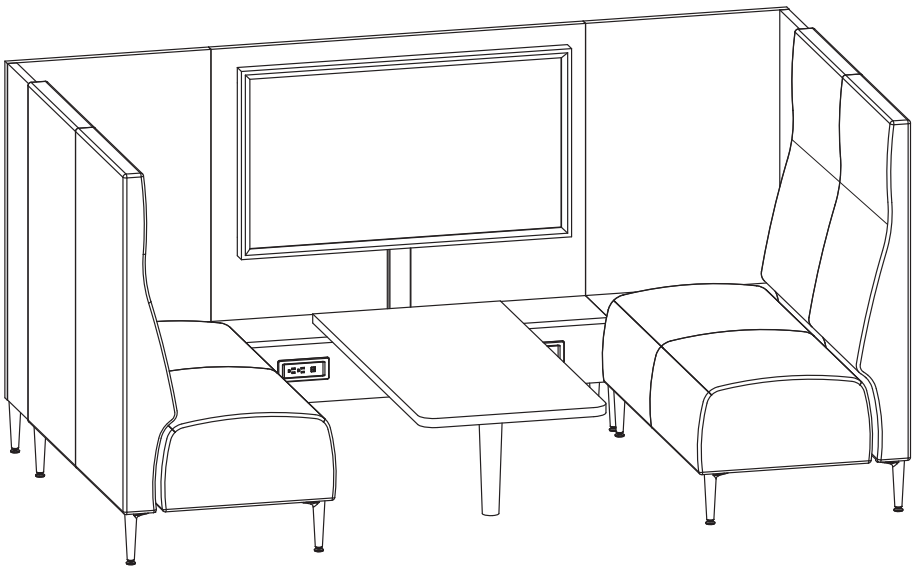

LAMINATE OR WOOD OPTIONS
Inline walls are offered in wood and laminate surfaces. They create a straight wall partition between two opposing seating units. Walls are available in Mid and Full Height back styles and are 12" in depth at the base.

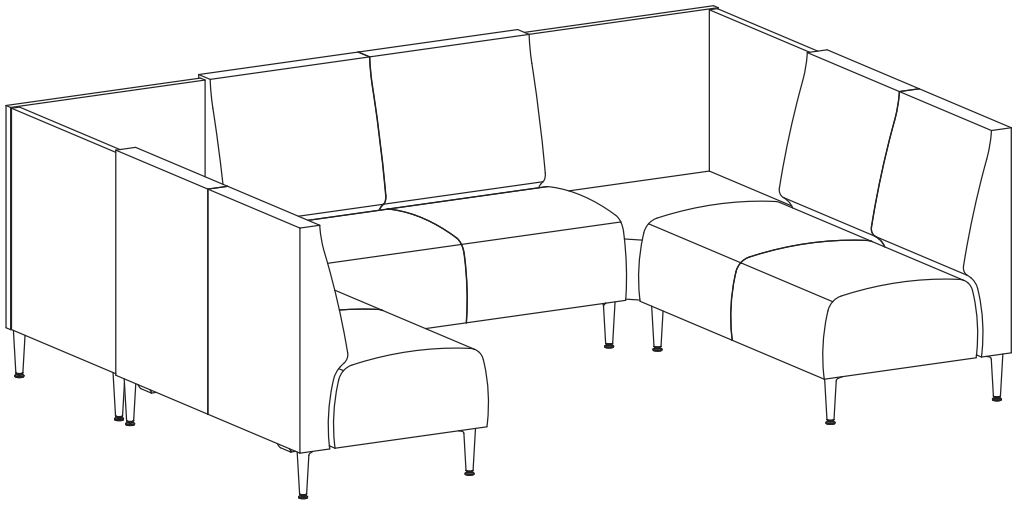

SOLID SURFACE OVERLAY
The Solid Surface top option is priced as an upcharge to existing table price. Zola Solid Surface tables have a 1/2" thickness on top of the existing table, with a 1 mm overhang (soft radius vertical edge). Please see page 336 for color options.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Faeron products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Faeron products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Faeron and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

FAERON WOOD | LOUNGE FEATURES & OPTIONS

HEALTHCARE DISCOUNT APPLIES TO THESE PRODUCTS

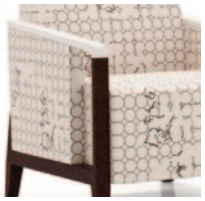

WOOD ARM
Faeron Wood Arm Lounge chairs are available with optional Arm Caps in Urethane and Solid Surface. As well as a Solid Surface Arm.

ARMLESS
Faeron Armless Lounge seating can be specified with a full wood base providing an enhanced base profile.

UPHOLSTERED ARM
Faeron Upholstered arm lounge chairs are available with optional arm caps in Wood, Solid Surface and Urethane.

ARM PANEL
Arm Panels are available on Faeron Wood Arm Lounge seating in semi and fully closed styles for optimum design flexibility.

BEECH WOOD LEGS
Faeron Lounge legs and bases are solid Beech available in 22 finish selections. Faeron lounge legs feature Floor-saver nylon glides. Plastic glides and metal glides are optional at an upcharge. Please see page 343 for more information.

METAL LEGS
Faeron Upholstered Arm models are also available with Metal Legs; Silver Metallic or Brushed Nickle finish. Faeron lounge legs feature Floor-saver nylon glides. Floor-saver felt glides, non-slip rubber glides and metal glides are optional at an upcharge.

LOUNGE WALL SAVER
Faeron Lounge models include a wall saver feature in which the angle of the back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chair and the wall. Not included for Faeron High Back Lounge or Faeron Wingback Lounge due to back height.

CLEAN OUT
All Faeron Lounge seating has a built-in clean out feature: a space at the back of the seat that allows dirt, debris and liquid to fall to the floor for easy clean up and maintenance - designed so that it does not detract from the comfort or appearance of the product.

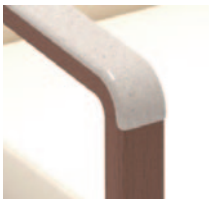

OPTIONS

URETHANE ARM CAP
The optional Urethane Arm Cap is available on Wood Arm Lounge and Upholstered Arm Lounge and provides enhanced durability and protection for the arms. This is field replaceable if this becomes damaged or degraded and is available in three colors; Black, Grey and Taupe.

WOOD ARM CAP
The optional Solid Beech Arm Cap is available on Upholstered Arm and Wingback Lounge. This is field replaceable if this becomes damaged or degraded.

SOLID SURFACE ARM CAP
The optional Solid Surface Arm Cap is available on Wood Arm Lounge and Upholstered Arm Lounge and provides enhanced durability, protection and cleanability for the arms. This is field replaceable if this becomes damaged or degraded and is available in 8 standard colors.

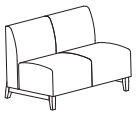

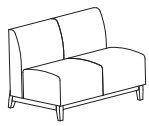

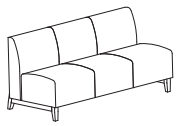

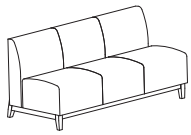

SOLID SURFACE ARM
The optional Solid Surface Arm is available on Wood Arm Lounge and provides a fully seamless armrest for enhanced durability, protection and cleanability. It is available in 8 standard colors and replaceable as a full side frame if it becomes damaged or degraded.

COMBINATION UPHOLSTERY
When combination upholstery (more than one upholstery cover within the same unit) is specified with upholstery of the same grade or COM, an upcharge for **dual fabrics is $35 list** per unit and **$70 list per unit for three** fabrics. When graded-in combination upholstery is selected, use the highest grade upholstery selected or contact Customer Service for a quote

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non- flammable upholstery covers, that may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133. The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. .

REMOVABLE AND REPLACEABLE COVERS
Faeron Lounge Chairs are available with a Removable Seat & Back Covers.

SUTTON | ENVIRONMENTAL SUMMARY

LEED CI CREDITS

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 8.09%

POST-CONSUMER
RECYCLED CONTENT = 15.29%

Up to 23.38% of Sutton product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

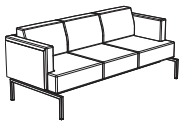

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Sutton products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Sutton products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Sutton and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

TATE BENCHES | FEATURES & OPTIONS

STYLE
Tate Bench features three design styles; Fully Upholstered, Gable End and Table End.

Fully Upholstered

Gable End
Tate Bench gable ends are 2” wide x 20” deep x 6” high on standard depth units and 2” wide x 25” deep x 6” high on deep seat units

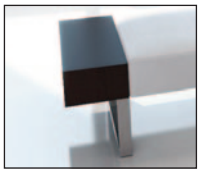

Table End
Tate Bench table ends are 10” wide x 20” deep x 6” high on standard depth units and 10” wide x 25” deep x 6” high on deep seat units.

LEGS
Tate Bench legs feature polished chrome structural steel legs with plastic glides. Floor-saver nylon glides are optional at an upcharge. Glide recommendation chart see page 338.

REPLACEABLE COMPONENTS
Tate Benches are uniquely designed to allow major components to be field replaced, providing a very cost effective means to significally extend the life of the product. Gable ends, table ends and legs are field replaceable.

WEIGHT CAPACITIES
Tate Bench have the following maximum weight ratings:
2 seater - 975 lbs
3 seater - 1,200 lbs

OPTIONS
Removable Covers
Optional Removeable covers can be quickly installed on Tate Bench products that were originally ordered with the Removable cover option. Replacement covers can also be installed on Tate Bench products that were not originally ordered with the Removable cover option, with some simple staple removal.

CAL 133 & Moisture Barrier
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

DIMENSIONS:
All dimensions are in inches and approximate and are subject to change without notice. Contact Customer Service if dimensions are critical.

WOOD FINISHES
Standard wood finishes are:

SPECIES	FINISH
OAK	Light Oak SilverGrey on Oak Espresso Oak
MAPLE	Clear Maple Wheat Maple
WALNUT	Natural Walnut SilverGrey on Walnut Regular Walnut Dark Walnut

PALETTE FINISHES
Black
White
Sand
Soft Green
Steel Blue
Slate

VENEERS
Tate Benches veneers are quarter cut, except for White Oak, which is rift cut - both quarter cut and rift cut veneers provide a straight grain appearance. The grain direction of the veneers on vertical faces is horizontal.

NON-STANDARD VENEER SPECIES
In addition to range of standard wood species, Tate can be made with virtually any commercially available veneers. Please contact customer service for information and pricing on wood species not included in Tate's standard offering.

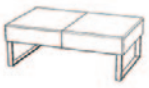

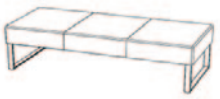

NATURAL CHARACTERISTICS OF WOOD
Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

CUSTOM WOOD FINISHES
Add 10% list to your order for special finishes, minimum upcharge is $661 list per finish per order. (For example, on all orders up to $6615 list, an upcharge of $661will apply, on orders $6615 and up add 10% list to your order.)

For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

ENDURAGUARD FINISH
Tate Benches features the Krug Enduraguard finish, a proprietary catalyzed varnish formulation, that has repeatedly shown through independent laboratory testing to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors and is uniquely suited to the demands of high traffic environments.

LEED CI CREDITS

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 6.43%

POST-CONSUMER
RECYCLED CONTENT = 16.25%

Up to 38.93% of this Zola product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola Bench products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Zola Bench products are supplied air emissions-certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Zola and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ZOLA | MODULAR & MODULAR PLUS BENCH STANDARD DEPTH

DIMENSIONS

	Overall Width	Overall Depth	Overall (Seat) Height	Shipping Weight	Cubes
One-Seat	23	22.25	18.5	28	5.2
Two-seat	46	22.25	18.5	48	9.4
Three-seat	69	22.25	18.5	64	14
One-Seat (Plus)	30	22.25	18.5	31	6.1
Two-seat (Plus)	46	22.25	18.5	48	9.4

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

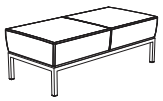

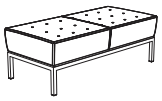

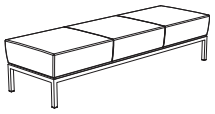

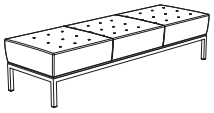

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Carlyle products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Carlyle products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Carlyle and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

AVATAR | VENEERS & FINISHES

WOOD FINISHES
Standard wood finishes are:

Finishes on Rift Oak

Light Oak
Harvest Oak
SilverGrey on Oak
Mahogany Oak
Medium Cherry on Oak
Mellow Oak
Walnut on Oak
Espresso on Oak

VENEERS
Avatar veneers are rift cut White Oak, which provides a straight grain appearance.

NON-STANDARD VENEER SPECIES
In addition to range of standard wood species, Avatar can be made with virtually any commercially available veneers. Please contact customer service for information and pricing on wood species not included in Avatar's standard offering.

NATURAL CHARACTERISTICS OF WOOD
Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

CUSTOM WOOD FINISHES
Add 10% list to your order for special finishes, minimum upcharge is $661 list per finish per order. (For example, on all orders up to $6615 list, an upcharge of $661 will apply, on orders $6615 and up add 10% list to your order.)

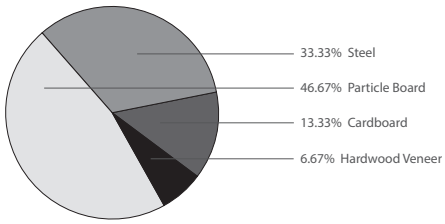

For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

FINISH
Avatar features the Krug's finish, a proprietary catalyzed varnish formulation, that has repeatedly shown through independent laboratory testing to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors and is uniquely suited to the demands of high traffic environments.

LEED CI CREDITS

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT = 29.17%

POST-CONSUMER
RECYCLED CONTENT = 42.67%

Up to 46.67% of this Karma product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Karma products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Karma products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Karma and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CRESSIDA | ENVIRONMENTAL SUMMARY

LEED CI CREDITS

MATERIAL CONTENT:

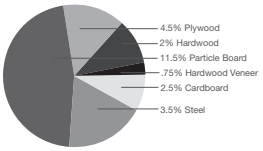

PRE-CONSUMER
RECYCLED CONTENT - 36.34%

POST-CONSUMER
RECYCLED CONTENT - 26.4%

Up to 31.25% of this Cressida product is recyclable at the end of its useful life.

MATERIAL CONTENT:

PRE-CONSUMER
RECYCLED CONTENT - 30.77%

POST-CONSUMER
RECYCLED CONTENT - 25.68%

Up to 27.88% of this Cressida product is recyclable at the end of its useful life.

	CONTRIBUTES TO	
CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Cressida products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Cressida products are supplied with air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Cressida and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

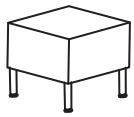

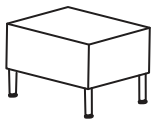

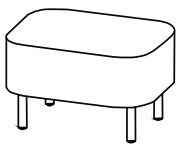

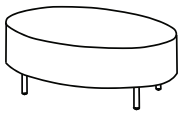

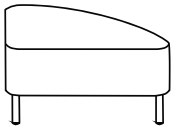

ANTI-MICROBIAL FINISH
Cressida wood surfaces include an anti-microbial finish that inhibits the growth of some molds and mildews. Surfaces coated in this finish support the reduction of fungal growth, and spores from germs, microbes and bacteria

STANDARD FINISHES
For a complete list of standard wood finishes, please see page 341. Cressida tables are available in 22 standard finishes.

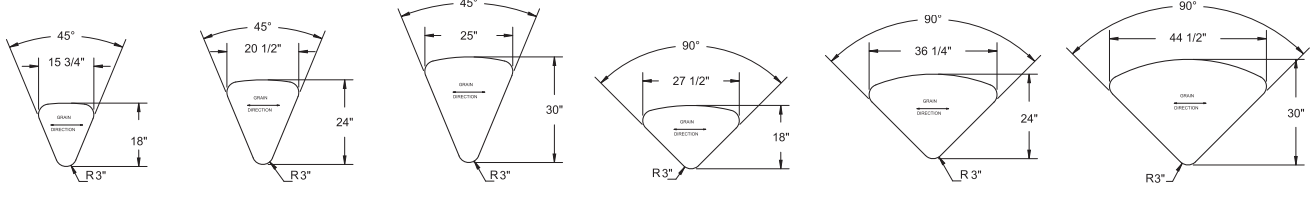

LAMINATE
Cressida Box-style tables are available in laminate with wood side or laminate side. See page 336 for laminate information.

SOLID SURFACE
Cressida Box-style & Slab-style tables are available with 1/2" solid surface tops. Cressida Light-style tables are available with full solid surface tops, 1" thick. Please contact customer service for a quote.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

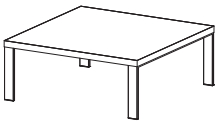

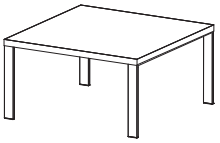

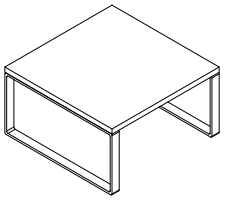

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Leyton products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Leyton products are supplied air-emissions certified. Contact customer service for information and upcharges.

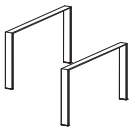

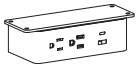

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Leyton and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

In addition, architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Zola products are supplied air emissions-certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Jordan and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ZOLA | TABLES FEATURES

TABLES MATERIALS OPTION
Tables are available in veneer, plastic laminate, and Palette finishes - and an optional solid surface top. Tables feature leveling glides on every leg.

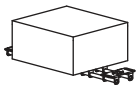

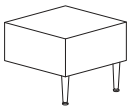

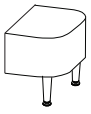

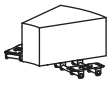

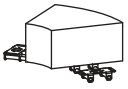

SOLID SURFACE TOPS
The Solid Surface Top option features Solid Surface material: composed of minerals, acrylic resins and colors, it is a non-porous, scratch and dent-resistant material that does not stain, and does not allow microbes and bacteria to penetrate the surface. Color is throughout the material, so surface scratches are not as visible.

POWER OPTION
The flush-mounted Power unit provides dual power/USB A & C outlets for multiple devices. It can be located on the front face of Middle or End Tables (not available on curvilinear models) To specify, clearly mark on the order and add **$712 list.**

UNDER-MOUNT POWER OPTION
The Under-mount Power unit provides dual power/USB A & C outlets for multiple devices. It can be located below tables.
See page 251 for pricing.

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

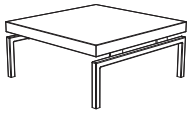

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Prado products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Prado products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Prado and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

GENERAL INFORMATION

Terms and Conditions
Net 30 days on approved credit. A late payment charge of 1% per month will be applied on overdue invoices. This charge will be pro-rated to the number of days past 30 days that the invoice is overdue. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Krug dealers. Acceptance of any order and terms of sale may be established at the discretion of Krug. Deposits are required on orders received from new accounts as well as on large or special orders. Krug reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

Contact Information

Purchase Order E-mail: orders@krug.ca
Web: www.krug.ca E-mail: solutions@krug.ca
Customer Service Hours
Please note customer service hours are:
8:30 am to 5:00 pm est

Customer Satisfaction
It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments
Each order will be acknowledged via e-mail or fax. This acknowledgments is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation
Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a $404 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing
Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Storage Charges
Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Warranty
Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.
This warranty does not apply to defects or damage resulting from:
- normal wear and tear occurring with the use of the product
- negligence, misuse, excessive use, alteration, improper cleaning or repair
- substitution or use of incorrect or unauthorized components or material
- handling or installation that is incorrect, or that causes damage or defect
- damage incurred by a freight carrier other than Krug
- wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
- properties of natural materials, including wood and leather
- exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)

Blanket Wrapping
Krug will blanket wrap larger seating orders at customer's request. Please indicate on your purchase order and contact Customer Service.

Export Packaging
Krug is pleased to provide the option for export packaging on all our products, to provide additional protection from damage. For shipments overseas, a quote for export packaging can be provided, based on the products to be ordered and the delivery destination - please contact Customer Service or Bids & Specification Support for more information and a quotation. KRUG is not responsible for shipment damage occurring on overseas shipments

Export Packaging is STRONGLY RECOMMENDED for:
(A) all shipments outside of the lower 48 states and Canada.
(B) all shipments that will be held in storage for an extended period prior to installation.

Important: Please note that Krug will not be responsible for damage claims on product shipped or stored in the above conditions but where export packaging has not been utilized.

Dimensions
Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

Installation Support
For assistance please contact Technical Support at 1-888-578-5784 x216 or e-mail installationhelp@krug.ca and you will be directed to the appropriate installation support person.

Freight Terms and Conditions

1. All product is shipped FOB the Krug factory. Freight is either pre-paid to the destination or not pre-paid, depending on established customer specific freight terms.

2. Docks at the selected delivery location must be equipped to handle a 53' trailer. If a dock is inadequate for delivery by Krug, Krug will re-deliver to another local location and any additional costs will be charged to the customer.

3. For all deliveries, it is understood that Krug or its agent is making a dock delivery only (equipped to handle a 53' trailer), and any further work of truck unloading, delivery beyond the dock, installation, and removal of packaging is not authorized or paid for by Krug.

4. Drop shipments to the installation site, and timed deliveries, are available on larger shipments (full truckloads or slightly less) at no additional charge. Drop shipments or timed deliveries for smaller shipments may not be available, or if available will require a surcharge. Deliveries on an after hours basis, or on weekends, or any other special requirements, may be subject to a surcharge. Location and contact information, and the requested time of delivery, is required at least one week prior to the acknowledged shipment date. If this information is not provided one week in advance, or if the location or time of the drop shipment is changed less than one week in advance, a surcharge may be applied, and/or the drop shipment may not be scheduled. For deliveries requested Monday to Thursday after 5:00 pm, please apply a surcharge of $288/shipment. For deliveries requested Monday to Friday before 7:00 am, please apply a surcharge of $288/shipment. For deliveries requested Friday (after 3:00 pm) or weekends, please apply a surcharge of $578/shipment. (local times).

5. For all deliveries - whether to the Customer location or drop shipment - any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), service charges will be applied at the rate of $137/hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged. If Less Than Truck Load is delivering, one hour is allocated to unload. Any additional time required to unload after the first hour is $137/hour. If a Truck Load is delivering the order, three hours is allocated to unload. Any additional time required to unload is $137/hour. Direct deliveries to site for large orders are possible, (must exceed $63,000 net), and accommodate 48 - 53' trailers. Krug is responsible for delivery to the approved delivery address. If an address change is required, this must be authorized by Krug 5 business days prior to ship date. Any additional delivery costs incurred after this time will be charged to the customer.

Product Strength and Durability Testing

All management seating meets or exceeds the testing requirements of ANSI/BIFMA X5.1-2011. All lounge seating meets or exceeds the testing requirements of FNAE-80-214A. Specific test results and documentation are available on request.

BIFMA INTERNATIONAL

Damaged Shipments

All Krug product is well engineered, carefully inspected, and expertly loaded onto our trucks at our Distribution Center. If you receive any damaged freight, we ask that you do not refuse the shipment. Krug is not responsible for damage to goods that occurs in transit or storage. It is the purchaser and/or receiver's responsibility to examine the goods upon receipt and to notify Krug of any damages, overages or shortages. Any discrepancies should be noted on the Bill of Lading. The delivering carrier will not accept responsibility for shortages or damages if signed "clear". Notification of concealed damage claims must be made to Krug Distribution within 5 days of delivery, along with digital pictures if available. All product and packaging must be available for inspection. Krug liability ceases after 5 business days and Krug will not be responsible for concealed damages if shipments are left unopened. Krug is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.

Field Product Report Authorization

Krug's written authorization, in the form of an FPR number, must be obtained prior to incurring charges of any kind if Krug is expected to pay these charges. This includes authorization for field repairs and replacements, installation and delivery charges. Krug reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to Krug, without prior written authorization in the form of an FPR, will not be accepted. Digital photographs may be required to complete the FPR process.

Returns

No merchandise may be returned without Krug's prior written consent. In the event of an authorized return, a Field Product Report (FPR) number will be issued, and a restocking charge will apply. Return transportation charges must be prepaid. Unauthorized returns will not be accepted and will be returned freight collect. All merchandise being returned must be properly packaged in its original or comparable replacement packaging to ensure protection of the product during handling and transportation. Returns on orders duplicated by the customer must be received in their original packaging to be accepted. Product being returned where Krug has authorized its liability for replacement or repair will be thoroughly inspected on its return, and the results compared to the reason for the return stated on the FPR. Any discrepancies, such as additional damage, signs of canadage, missing parts, etc., will result in an adjustment to the amount of credit issued.

Custom Capabilities

Over 15% of our orders involve some type of custom work, and we invite our customers to make use of our extensive capabilities.

These include:

1) Dimensional customization of standard size products
2) Custom finishes
3) For larger orders, completely custom-designed products, as well as non-standard wood species can be specified.

Custom orders may require additional production lead times. Contact Engineering at the e-mail address engquotes@krug.ca.

Care and Maintenance Leather

Leather is a natural product and requires very little care during use. Most stains can be removed with a clean dry cloth. For stubborn spots and stains, use a mild non-detergent cleaner, rinse well and let air dry naturally. Do not use saddle soap, cleaning solvents, furniture polish, oils, varnish, abrasive cleaners, soaps or ammonia waters.

Fabric Upholstery

Professional upholstery cleaning is recommended.

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

CUSTOMER'S OWN MATERIAL - C.O.M.

Customer's Own Material (COM/COL)
COM/COL must be received three weeks prior to the acknowledged ship date. Orders with COM/COL not received by the required deadline will be delayed. A description of the upholstery cover, including supplier name, pattern name, upholstery cover name and color number must be included with the purchase order.
COM/COL testing requires 3 business days and samples are to be directed to Customer Service. The customer has the option of providing the sample COM/COL before, at time of order, or once the sample COM/COL is received. If the customer does not send a sample for approval in advance of sending actual material, Krug will not be responsible for the cost of any upholstery cover or other material that it determines to be unsuitable for the product or our process.
When the COM/COL upholstery cover is received at Krug, it must be clearly identified with the upholstery cover name and color, and tagged with name of the Krug customer and purchase order number. Krug will inspect all COM/COL upholstery covers when received to determine if it will be suitable for upholstery. Where Krug feels that the upholstery cover or leather specified will compromise the quality or integrity of our products, customers will be contacted to direct these concerns. Further, Krug reserves the right to refuse to accept and use any COM upholstery covers or leathers that will compromise our products in any way that is unacceptable to Krug. Krug cannot assume responsibility for the durability or tailoring quality of customer's own material.
Yardage specified in this price guide is approximate. In the case of multiple product orders, multiply the number of items by the COM yardage specified to determine upholstery cover required, unless otherwise indicated. Additional yardage may be needed if the material is less than 54" wide, or patterned or striped and requires matching. All COMs are cut "up the roll" unless otherwise stated by the customer. All striped upholstery covers will be applied vertically unless otherwise stated by the customer and after approval by Krug. Krug will not be responsible for directional or positional problems with its application of COM material, unless it has been provided with explicit instructions by the customer. Special instructions should be sent to Krug Customer Service, including a sample (or photocopy) of the upholstery cover. Krug is not responsible for instructions sent with the upholstery cover rolls, or for the method of upholstery if no instructions have been provided.
Price increases and freight charges to COM/COL acquired on the customer's behalf will be passed onto the customer.

Application of Directional Upholstery cover
Some COM upholstery covers will be considered directional by Krug even though they are not considered directional by the supplier. All COMs are automatically cut "up the roll" unless otherwise stated by the customer (please see below).

Standard-Cut
"up the roll"

Non-Standard-Cut
across the roll "railroad"

COM/COL Shipping Procedures
For seating COM/COL upholstery covers, please send upholstery covers to:
Krug Inc.
111 Ahrens Street
Kitchener, Ontario
Canada N2H 4C2
Attention: RECEIVER
COM/COL orders cannot be scheduled into production until the upholstery cover has arrived and inspection is complete.

All packages must be clearly marked
"**For Customs Clearance by Willson International Custom Brokers**".

According to the North American Free Trade Agreement (NAFTA), goods shipped between the United States and Canada can qualify for exemption from all duties, or for a reduction in duties, if the goods can be proven to originate in either the United States, Canada or Mexico.
Canada Customs requires that a NAFTA Certificate of Origin and a Commercial Invoice be completed and sent with the upholstery cover shipment. The Commercial Invoice must clearly state the description of the upholstery cover, the selling price, the make-up or content, and the purchaser. The absence of these two documents will delay the shipments at the U.S./Canada border, thereby potentially delaying the customer order. If the total value of the shipment is less than $1200 U.S., Customs will accept a Low Value Statement of Origin in place of the NAFTA Certificate of Origin. The Low Value Statement must be signed by a representative of the exporting company. This statement may either be included on the commercial invoice or attached to the invoice. Krug is happy to answer any questions or concerns about COM/COL shipping procedures and the required documents.

CAL 133 & Moisture Barrier
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $1010 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

C.O.L. Yardage
To calculate C.O.L. yardage required, please use the following conversions based on COM yardage: Leather must be ordered in square footage.
- 17 square feet in a yard
- Approx. 3 yards in a hide
- Approx. 51 square feet in a hide
- Please use grade 3 pricing for COL

Upholstery Cover Yardage Calculation
To calculate yardage required for COM and other non-standard upholstery cover orders, please contact Krug Customer Service at 1.888.578.5784. Unless otherwise stated, upholstery cover rolls are assumed to be a minimum 54" wide. Please use the guide below to calculate the percentage of extra upholstery cover required to cover large repeats. The repeat is calculated by adding both the vertical and horizontal measurements together and then referring to the chart below for extra yardage required.

FABRIC	Plain	2"-14" Repeat	15"-19" Repeat	20"-27" Repeat	28"-36" Repeat
54	0%	10%	15%	20%	25%
53-50	16%	20%	25%	30%	35%
48	16%	25%	30%	35%	40%
45	40%	50%	55%	60%	65%
36	50%	60%	65%	70%	75%

GRADED-IN UPHOLSTERY PROGRAMS

Krug has partnered with several textile brands to grade in their offerings, designed to provide a wide range of upholstery selections for our seating products.

Upholstery pricing and availability is subject to change without notice. We grade this upholstery according to the pricing of the fabric suppliers - when their pricing changes, the Krug grade may change.

When placing an order, a Krug customer must specify the complete upholstery number, along with the appropriate Krug model number and finish. Krug will supply the complete product at the prices listed. Orders specifying graded-in upholstery cannot be cancelled once the upholstery has been ordered.

Upholstery Grades
To determine the price of a product for graded-in upholstery, use the reference lists located on Krug's website under - Products - Textiles, to view the upholstery grade (1-9). Krug is not responsible for the discontinuation of this upholstery. Please contact Customer Service for information on upholstery not listed.

When two upholstery selections are specified for use on seating, the higher grade upholstery price will apply to the order.

High Performance upholstery; Polyurethane, Vinyl or Crypton, is particularly suitable for healthcare and other intensive-use environments.

Upholstery Samples
If you require additional samples or memos for presentation, please contact fabric supplier directly.

Flammability Standards
- Tunnel Test Surface Ratings Class A rating
- Class 1 UFAC
- Passes State of California Technical Bulletin CAL 117-2013

Please contact fabric supplier directly for further flammability information pertaining to specific upholstery.

Special Conditions
Acknowledgments will give the estimated delivery date of the finished product. Some upholstery is imported, and availability may affect estimated delivery time. For large projects, please contact fabric supplier directly for availability of yardage.

KRUG EXPRESS PROGRAM

PROGRAM DETAILS

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of *KrugExpress* orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized.

Available factory capacity for *KrugExpress* is filled by orders received on a "first come, first serve" basis. If the normal KrugExpress lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a *KrugExpress* order.

Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received.

KrugExpress orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean".

Changes to *KrugExpress* orders are not allowed under any circumstances.

Orders for product on *KrugExpress* must clearly state: "*KrugExpress*".

COM and graded-in upholstery is available on Krug Express. Orders are scheduled on Krug Express, and given the best available date, when the upholstery is received at Krug. Some conditions apply.

SEATING & OCCASIONAL TABLES PROGRAM

Orders for seating products on the *KrugExpress* program may be subject to quantity maximums. Please contact Krug Customer Service for more information.

Quantity maximums are dependent upon available capacity, in order to insure that we ship all orders on time.
Please note that the CAL 133 option is not available on *KrugExpress.*

Only standard wood finishes are available for *KrugExpress* orders. Laminates are not available on *KrugExpress.*

Krug Express includes all Krug seating and occasional tables as well as Krug conference and casegood products to complement this seating offering.

WOOD FINISHES

Standard wood finishes are:

Finishes on Beech
Appalachian Cherry
American Cherry
Imperial Cherry
Light Cherry
Medium Cherry
Natural Cherry
Sable Cherry
Standard Cherry
Light Oak
Harvest Oak
Mahogany
Mellow Oak
Espresso
Cordovan Walnut
Natural Walnut
Regular Walnut
SilverGrey on Walnut
Dark Walnut
Clear Beech
Medium Anigre

Finishes on Maple
Clear Maple
Honey Maple
Wheat Maple

PALETTE
Palette finishes available for applicable products.
Black
White
Soft Green
Steel Blue
Slate

WOOD FINISHES TO MATCH STANDARD LAMINATES

Willow on Beech
Copper on Beech
Shiraz Cherry on Beech
Park Avenue Walnut on Beech
Chocolate on Beech
Nutmeg on Beech
Portobello on Beech
Ash on Beech
Dune on Maple

NATURAL CHARACTERISTICS OF WOOD

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

Custom Wood Finishes
Add 10% list to your order for special finishes, minimum upcharge is $630 list per finish per order. (For example, on all orders up to $6300 list, an upcharge of $630 will apply, on orders $6300 and up add 10% list to your order.)

Special finish upcharges on seating products are calculated on a grade 1 value. For orders with special finishes, a sample that is a minimum 3” by 3” must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

Dual Finishes
Add 10% list per item if specifying dual finish.

Standard Wood Finishes
No upcharge will be applied when specifying a finish available as standard on one species onto maple seating and occasional tables. Clear finishes are not available on other species since they are a clear finish on top of the natural veneer color.

LAMINATES

Krug's in-stock Laminates are available in 17 different laminate selections. Please note that 4 of the colors (Gingerbread, Portobello, Ash and Willow) have textured finishes and may not be appropriate for use in patient areas due to infection control concerns. Minimum order quantities and extended lead times may apply for exotic laminate colors, please check with customer service. Polymer Edge will be selected to match the worksurface. Krug's previous laminate in-stock program will be phased out as in-stock supply depletes. Please contact customer service for availability.

IN-STOCK LAMINATES

Wood Grain Laminates	High Pressure Laminate Supplier
Champagne	Tafisa T492CR
Hardrock Maple	Formica 86992-58
Dune	Tafisa T491CR
Copper	Tafisa T521CR
Shiraz Cherry	Tafisa T472CR
Park Avenue Walnut	Wilsonart 7984–38
Chocolate	Tafisa T498CR
Nutmeg	Tafisa T477CR
Nightfall	Pionite WX421

Textured Wood Grain Laminates	High Pressure Laminate Supplier
Gingerbread	Tafisa T556UR
Portobello	Tafisa T557UR
Ash	Tafisa T535AT
Willow	Tafisa T543AT

Solid Laminates	
Designer White	Wilsonart D354-60
Platinum	Tafisa T202CR
Earth	Tafisa T767CR
Charcoal	Tafisa T228CR

PHASE OUT LAMINATES

Almond - Black- Shadows - Edgewood Sycamore - Gunstock Walnut

Non-Stocked Laminates

For specific lead time and application questions, please contact Krug Customer Service for your requirement. Upcharges will be applicable for non-stocked laminates, depending on their cost. Non-stock laminates may require a minimum order quantity, please contact customer service. Stocked polymer edges only can be specified for use with non-stocked laminates or tops will be self-edged.

SOLID SURFACE PROGRAM

The Solid Surface option provides an enhanced durability, protection and cleanability. It is available in 8 standard colors and is replaceable if it becomes damaged or degraded. See individual products for list upcharge chart.

ORDERING NOTES: Glides options marked “n/a” are not available for that product due to leg style. Please see product pricing pages for optional glide upcharges.

GLIDE RECOMMENDATION BY FLOORING TYPE

Glide Material	Carpet	Vinyl/Linoleum	VCT	Rubber	LVT/LVP	Ceramic Tile	Concrete	Hardwood
Nylon - Floor Saver	⋆⋆	⋆	⋆	⋆	NR	⋆	⋆	NR
Felt - Floor Saver	NR	⋆	⋆⋆	NR	⋆⋆	⋆⋆	⋆	⋆⋆
Rubber - Non-slip	⋆⋆	⋆⋆	⋆	⋆	NR	⋆	⋆⋆	NR
Metal	⋆	⋆	NR	NR	NR	⋆	⋆⋆	NR
Plastic	⋆⋆	⋆	⋆	⋆	NR	⋆	⋆⋆	NR

⋆⋆ = Best Solution

⋆ = Acceptable

NR = Not Recommended

ORDERING NOTES: The above chart shows our recommendation based on a clean, professionally finished floor without dust or debris between the glides and the flooring.

BASE STYLES

Base Styles	Description
Black Nylon	5 blade glass reinforced molded nylon base with 2 1/4" hooded dual wheel casters.
Polished Aluminum	5 blade polished cast aluminum base with 2 1/4" dual wheel casters (upcharge of $115 applies.)
Seat Slider	Seat slider mechanism featuring a 2" range of adjustment front to back when seated. The lever to activate this feature is located under the seat of the user's left side and is activated by a simple twist of the knob.
Wood	5 blade steel bar stock base with finished wood caps and 2" black hooded dual wheel casters.
Chrome	5 blade polished chrome base with 2 1/4" dual wheel casters.
Jury Bases Jury Bases	Jury Bases assembly consists of a black 9" diameter conical/cast base for permanently mounting a chair to the floor. Into the base is inserted a black pneumatic gas cylinder with self returning action from rotation, and self returning height feature when exiting the chair. Allows for full 360 degree rotation. Limited degrees of rotation are not available.
