TREVISA | FEATURES

BREADTH OF LINE:
The healthcare casegoods lines offer solutions from contemporary to transitional to traditional styling. Trevisa offers transitional and traditional. The lines are extremely wide including 5 bedside table configurations, 3 dressers, 2 benches, 2 combination bench/wardrobes, 8 wardrobe/storage units, 4 TV units, 3 bookcases, 2 desks, a headboard and footboard, a marker board, mirror and corkboard, and 4 overbed tables. In addition custom modular headwalls and footwalls are offered.

CUSTOM CAPABILITY:
Krug can offer both custom sizes of standard product and completely custom units, including modular headwalls and footwalls. For more information, please contact Customer Service.

DURABILITY:
Cabinets are constructed of ¾" thick panels including backs. In contrast to cabinets constructed with 1/8" back panels, the Trevisa units are more robust and less susceptible to damage. All exposed laminate edges are covered with 2.5mm polymer edge banding in colors matching the laminates. This thicker edge banding provides an increased level of durability on all edges as well as a 2.5 mm radius on the edge. The softer radius is less likely to bruise or cut the skin of a patient or caregiver. Bottom panels extend under the side and back panels of cabinets with 4 casters in order to maximize the ability of the cabinet to withstand heavy handling.

DRY FIT CONSTRUCTION:
Cabinets are assembled with mechanical cams. This is known as dry fit construction. The result is that any panel can be replaced if damaged, unlike in the case of cabinets that are glued together where damage to any surface leads to replacement of the entire unit.

VENTS:
There is one 1" diameter vent for each drawer and each door set for air circulation. All vent holes are covered with plastic vents both inside and outside to eliminate exposed particle board, thus preventing moisture and bacteria from entering the core.

SEALED CORE:
All unseen particle board edges that are not covered by an adjoining panel are edge banded (i.e. no exposed particle board). As with the vent covers noted above, this prevents moisture and bacteria from seeping into the core.

DRAWERS:
Drawers have white metal sides with white laminate bottoms and backs, and all exposed particle board edges are edge banded.
The unobstructed metal sides facilitate cleaning. Bumpers are installed on all drawers and doors to soften the sound of closing.

DOOR AND DRAWER PULL STYLES:
Flex is an injection-molded plastic pull designed to offer some "give" or flexibility when inadvertently hit by a patient or caregiver. The color is similar to Silver Metallic.
The Indus pull eliminates a protrusion that could bruise a patient or caregiver. The finish is Silver Metallic.
The Ravenna and Murano are attractive transitional pulls in satin nickel.
The Renzo knob pull creates a much different cabinet appearance. The finish is satin nickel.
The Verona and Padua traditional pulls are mounted with rosettes. Finish in antique brass. A complimentary brushed brass knob is used on doors.

TOPS:
Tops are ¾" thick and can be laminate with polymer edge banding, high-pressure laminate with polymer edge banding, or seamless thermoformed vinyl.
- Edge A - Laminate with Polymer Edge, or High-Pressure Laminate with Polymer Edge
- Edge B - Seamless Thermoformed Vinyl

Optional Top Overhang is 1/2" on 4 sides (to assist with movement of the cabinet)
Tops on units over 40" high are laminate only

Cabinets are available with 4 ¼" legs (for ease of cleaning), or sides to the floor with the following 4 front base-rail options.
- Option 1 - Laminate with Polymer Edge, or Seamless Thermoformed Vinyl
- Option 2 - Laminate with Polymer Edge, or Seamless Thermoformed Vinyl
- Option 3 - Laminate with Polymer Edge, or Seamless Thermoformed Vinyl

BENCH
The cushion for the bench is 3" thick.

LAMINATE COLORS:
There are 4 solid color options and 13 wood-grain colors. All colors are available in laminate, high-pressure laminate and thermoformed vinyl. Polymer Edge banding matches the laminate selections. Wood finishes to match the wood-grain laminates are available for Krug Healthcare Seating.

VENEER
Many items in the Trevisa product line are also available in maple veneer and in a combination of veneer exterior surfaces and laminate interior faces.
The veneered version is available with the Delphine front and "A" top edge profile. Both high-pressure laminate and thermoformed vinyl tops can be supplied as options with the veneered cabinets. Please contact your Krug representative or customer service for a quotation on veneered product.

ENVIRONMENTAL FEATURES:
Trevisa cabinets have a very high recycled content and contribute to both LEED credits 4.1 and 4.2. The packaging is recyclable. Non-urea-added core is available as an option and air-emissions certified product is also optionally available. FSC wood may be possible on larger projects.

WARRANTY:
All cabinets carry a limited lifetime warranty. Overbed tables have a 2-year warranty.

Customer Service Hours
Please note customer service hours are:
8:30 am to 5:00 pm est

Customer Satisfaction
It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments
Each order will be acknowledged via e-mail or fax. This acknowledgments is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation
Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a $367 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing
Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Storage Charges
Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Warranty
Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for the lifetime of their use. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:
• normal wear and tear occurring with the use of the product
• negligence, misuse, excessive use, alteration, improper cleaning or repair
• substitution or use of incorrect or unauthorized components or material
• handling or installation that is incorrect, or that causes damage or defect
• damage incurred by a freight carrier other than Krug
• wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
• properties of natural materials, including wood and leather
• exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)
Note, specific warranties for components and materials not manufactured by Krug:

Jordan Sleepers Heavy-Duty Mechanism, made with heavy gauge steel and minimal moving parts - is backed by a 5-year warranty on the mechanism itself, in addition to the lifetime warranty on the rest of the product. If it does become damaged or degraded, the mechanism can be field-replaced.
Trevisa Overbed Tables have a 2-year warranty.

Care and Maintenance Leather
Leather is a natural product and requires very little care during use. Most stains can be removed with a clean dry cloth. For stubborn spots and stains, use a mild non-detergent cleaner, rinse well and let air dry naturally. Do not use saddle soap, cleaning solvents, furniture polish, oils, varnish, abrasive cleaners, soaps or ammonia waters.

Fabric Upholstery
Professional upholstery cleaning is recommended.

LATEX FREE

Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

Customer's Own Material (COM/COL)
COM/COL must be received three weeks prior to the acknowledged ship date. Orders with COM/COL not received by the required deadline will be delayed. A description of the upholstery cover, including supplier name, pattern name, upholstery cover name and color number must be included with the purchase order.
COM/COL testing requires 3 business days and samples are to be directed to Customer Service. The customer has the option of providing the sample COM/COL before, at time of order, or once the sample COM/COL is received. If the customer does not send a sample for approval in advance of sending actual material, Krug will not be responsible for the cost of any upholstery cover or other material that it determines to be unsuitable for the product or our process.
When the COM/COL upholstery cover is received at Krug, it must be clearly identified with the upholstery cover name and color, and tagged with name of the Krug customer and purchase order number. Krug will inspect all COM/COL upholstery covers when received to determine if it will be suitable for upholstery. Where Krug feels that the upholstery cover or leather specified will compromise the quality or integrity of our products, customers will be contacted to direct these concerns. Further, Krug reserves the right to refuse to accept and use any COM upholstery covers or leathers that will compromise our products in any way that is unacceptable to Krug. Krug cannot assume responsibility for the durability or tailoring quality of customer's own material.
Yardage specified in this price guide is approximate. In the case of multiple product orders, multiply the number of items by the COM yardage specified to determine upholstery cover required, unless otherwise indicated. Additional yardage may be needed if the material is less than 54" wide, or patterned or striped and requires matching. All COMs are cut "up the roll" unless otherwise stated by the customer. All striped upholstery covers will be applied vertically unless otherwise stated by the customer and after approval by Krug. Krug will not be responsible for directional or positional problems with its application of COM material, unless it has been provided with explicit instructions by the customer. Special instructions should be sent to Krug Customer Service, including a sample (or photocopy) of the upholstery cover. Krug is not responsible for instructions sent with the upholstery cover rolls, or for the method of upholstery if no instructions have been provided.
Price increases and freight charges to COM/COL acquired on the customer's behalf will be passed onto the customer.

Application of Directional Upholstery cover
Some COM upholstery covers will be considered directional by Krug even though they are not considered directional by the supplier. All COMs are automatically cut "up the roll" unless otherwise stated by the customer (please see below).

Standard-Cut
"up the roll"

Non-Standard-Cut
across the roll "railroad"

COM/COL Shipping Procedures
For seating COM/COL upholstery covers, please send upholstery covers to:
Krug Inc.
111 Ahrens Street
Kitchener, Ontario
Canada N2H 4C2
Attention: RECEIVER
COM/COL orders cannot be scheduled into production until the upholstery cover has arrived and inspection is complete.

All packages must be clearly marked
"**For Customs Clearance by Willson International Custom Brokers**".

According to the North American Free Trade Agreement (NAFTA), goods shipped between the United States and Canada can qualify for exemption from all duties, or for a reduction in duties, if the goods can be proven to originate in either the United States, Canada or Mexico.
Canada Customs requires that a NAFTA Certificate of Origin and a Commercial Invoice be completed and sent with the upholstery cover shipment. The Commercial Invoice must clearly state the description of the upholstery cover, the selling price, the make-up or content, and the purchaser. The absence of these two documents will delay the shipments at the U.S./Canada border, thereby potentially delaying the customer order. If the total value of the shipment is less than $1200 U.S., Customs will accept a Low Value Statement of Origin in place of the NAFTA Certificate of Origin. The Low Value Statement must be signed by a representative of the exporting company. This statement may either be included on the commercial invoice or attached to the invoice. Krug is happy to answer any questions or concerns about COM/COL shipping procedures and the required documents.

CAL 133 & Moisture Barrier
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $962 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

C.O.L. Yardage
To calculate C.O.L. yardage required, please use the following conversions based on COM yardage: Leather must be ordered in square footage.
- 17 square feet in a yard
- Approx. 3 yards in a hide
- Approx. 51 square feet in a hide
- Please use grade 3 pricing for COL

Upholstery Cover Yardage Calculation
To calculate yardage required for COM and other non-standard upholstery cover orders, please contact Krug Customer Service at 1.888.578.5784. Unless otherwise stated, upholstery cover rolls are assumed to be a minimum 54" wide. Please use the guide below to calculate the percentage of extra upholstery cover required to cover large repeats. The repeat is calculated by adding both the vertical and horizontal measurements together and then referring to the chart below for extra yardage required.

FABRIC	Plain	2"-14" Repeat	15"-19" Repeat	20"-27" Repeat	28"-36" Repeat
54	0%	10%	15%	20%	25%
53-50	16%	20%	25%	30%	35%

GRADED-IN UPHOLSTERY PROGRAMS

Krug has partnered with several textile brands to grade in their offerings, designed to provide a wide range of upholstery selections for our seating products.

Upholstery pricing and availability is subject to change without notice. We grade this upholstery according to the pricing of the fabric suppliers - when their pricing changes, the Krug grade may change.

When placing an order, a Krug customer must specify the complete upholstery number, along with the appropriate Krug model number and finish. Krug will supply the complete product at the prices listed. Orders specifying graded-in upholstery cannot be cancelled once the upholstery has been ordered.

Upholstery Grades
To determine the price of a product for graded-in upholstery, use the reference lists located on Krug's website under - Products - Textiles, to view the upholstery grade (1-9). Krug is not responsible for the discontinuation of this upholstery. Please contact Customer Service for information on upholstery not listed.

When two upholstery selections are specified for use on seating, the higher grade upholstery price will apply to the order.

High Performance upholstery; Polyurethane, Vinyl or Crypton, is particularly suitable for healthcare and other intensive-use environments.

Upholstery Samples
If you require additional samples or memos for presentation, please contact fabric supplier directly.

Flammability Standards
- Tunnel Test Surface Ratings Class A rating
- Class 1 UFAC
- Passes State of California Technical Bulletin CAL 117-2013

Please contact fabric supplier directly for further flammability information pertaining to specific upholstery.

Special Conditions
Acknowledgments will give the estimated delivery date of the finished product. Some upholstery is imported, and availability may affect estimated delivery time. For large projects, please contact fabric supplier directly for availability of yardage.

NATURAL CHARACTERISTICS OF WOOD

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

Custom Wood Finishes
Add 10% list to your order for special finishes, minimum upcharge is $630 list per finish per order. (For example, on all orders up to $6300 list, an upcharge of $630 will apply, on orders $6300 and up add 10% list to your order.)

Special finish upcharges on seating products are calculated on a grade 1 value. For orders with special finishes, a sample that is a minimum 3” by 3” must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

Dual Finishes
Add 10% list per item if specifying dual finish.

Standard Wood Finishes
No upcharge will be applied when specifying a finish available as standard on one species onto maple seating and occasional tables. Clear finishes are not available on other species since they are a clear finish on top of the natural veneer color.
