TERMS & CONDITIONS | INFORMATION FOR ORDERING ACTIVITIES

14. Warranty

For commercial products, Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. For Krug Healthcare products (as outlined in the US Healthcare price and specification Guide dated March 1, 2019), Krug warrants the construction and finish of all Healthcare products to be free from defects in materials and workmanship for the lifetime of their use. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug.

Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:

- normal wear and tear occurring with the use of the product
- negligence, misuse, excessive use, alteration, improper cleaning or repair
- substitution or use of incorrect or unauthorized components or material
- handling or installation that is incorrect, or that causes damage or defect
- damage incurred by a freight carrier other than Krug
- wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
- properties of natural materials, including wood and leather
- exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate controlled conditions)

Note, specific warranties for components and materials not manufactured by Krug: Height Adjustable Mechanism Warranty Krug warrants to the original consumer purchaser its Height Adjustable Mechanism that it will be free from defects in material and workmanship. This limited warranty covers material and manufacturing defects, which cause a non-conformance in the function of a table base and is limited to the following products and warranty term determined from their dates of purchase: a) Electronic components such as control boxes, hand switches and motors – two (2) years b) Mechanical components such as crank drives, spindles – five (5) years c) Structural components such as J-channels, feet and top supports – ten (10) years. The start of the warranty period is the documented date of your purchase of the product. The warranty herein is made to and for the benefit of the original consumer purchaser of the product and is non-transferable. If you discover a defect in material or workmanship during the warranty period, and Krug agrees that the defect exists, Krug will, at its option, repair or replace the Product at no charge to you, provided it is returned during the warranty period. In the unlikely event that your product should require repair or replacement during the warranty period, please contact Krug to obtain warranty service. The warranty period on replacement products is the remainder of the warranty on the original product or 30 days, whichever is longer.

Jordan Sleepers Heavy-Duty Mechanism, made with heavy gauge steel and minimal moving parts - is backed by a 5-year warranty on the mechanism itself, in addition to the lifetime warranty on the rest of the product. If it does become damaged or degraded, the mechanism can be field-replaced. Juno and Trevisa Overbed Tables have a 2-year warranty.

level® CERTIFICATION

BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. V2 products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard. All V2 products can be supplied with level® certification. In order to accomplish this, the product must also be ordered with the air-emissions-certification option. Contact customer service for information and upcharges.

the mark of responsible forest

AIR-EMISSIONS

All V2 products can be supplied with air-emissions-certified materials. Contact customer service for information and upcharges.

FSC®

FSC® In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. V2 and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times..

In addition, architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

V2 MODULAR | FEATURES & OPTIONS

MODULAR TOP SHAPES

Swept (Left shown)

Curve (Left shown)

Wave

Arc

Wave Inverted

Trapezoid

Curved Trapezoid

Visio End

Dotted line depicts which side modesty panel is available on. Round, Curved Trapezoid and Visio End are not available with modesty panels. Grommets, Surface Modules, PowerPorts and Ports when specified are positioned on the same side as the modesty panel. Please note on the Curve tables that the back leg on the longer edge is set back 6" from the back edge.

GRAIN DIRECTION - WOOD VENEER AND WOOD GRAIN LAMINATE

Please note: On V2 corner CONNECTOR TABLES, the grain runs at 45° angle. For all other V2 Modular Meeting Tables, the grain runs lengthwise, except for Curved Trapezoid, and Visio End where the grain runs up and down. For wood modesty panels the grain runs vertically.

EDGE OPTIONS – MODULAR TABLES

V2 product offers 12 table tops in Wood or Laminate with a distinct Knife edge profile.

Top thickness - 1 1/8"

V2 MODULAR | FEATURES & OPTIONS

WOOD FINISH

A five step catalyzed varnish finish that when dry has a sheen value of 32° is applied to all V2 Modular table tops.

METAL FINISH

V2 components are comprised of satin anodized and powder coated Silver Metallic finishes.

GANGING MODULE

Ganging Modules are recommended when 2 or more tables are being joined to one another. These ganging modules should be ordered along with the tables as a separate line item on the order. All tables come pre-drilled for ganging capabilities. Please note corner connector tops without legs are supplied with an alternative mounting plate. Corner connector tops with legs require ganging modules. The Ganging Modules can be used to prevent movement of the tables, enhance stability and keep the legs perfectly aligned. It is recommended to use 2 brackets per seam.

SELF STORING

The Ganging Module can be neatly tucked underneath the table and re-fastened when not being used, to join to another table in the future. This allows the flexibility and reconfigurability of the V2 Modular line when wanting to add or subtract tables from existing table configurations.

PACKAGING

V2 packaging features recycled and recyclable cardboard. The product is shipped as separate components - legs are cartoned separate from table top.

However, the electrical is shipped already installed on table top. Table legs have to be attached to table top surface after delivery.

LEG OPTIONS

The V2 aluminum leg fastens to a die cast mounting plate. The mounting plate has a polished surface and is attached to the underside of the table using machine bolts. The mounting plate is 9 3/8" deep and tapers from 4" wide to 1/4" diameter and is 9/16" thick.

See Page 94 for wire management feature.

V2 LEGS WITH GLIDES

The V2 Modular legs come with the adjustable glides. There is 2 1/4" of height adjustment and these glides can be adjusted with 5/8" wrench.

V2 LEGS WITH CASTERS

The V2 Modular legs come with 2" casters in a Silver Metallic finish. They have the ability to lock with a foot release lever located at the base of the wheel.

V2 MODULAR | FEATURES & OPTIONS

PLASMA SCREEN CABINETS

- 72" cabinets accommodate flat screen televisions up to 130lbs with dimensions no greater than 51 1/4" x 4 3/4" x 30"
- The 20" deep units do not come with storage shelves
- 24" deep units come with 4 shelves that measure 34 1/2" wide x 12 7/16" deep
- Grommet cut-outs are on each shelf for cord pass through
- Grommet cut-out is on center partition for cord pass through
- Comes with remote control to raise and lower television
- The remote has a radio frequency with 15 ft. operating distance

MEDIA HUTCHES

- 75" media hutches accommodate flat screen televisions up to 200lbs with dimensions no greater than 65" x 9" x 40"
- Media Hutches come standard with television wall mount
- The teardrop holes in the mount allow for quick connect/disconnect of the screen, thus simplifying installation and maintenance processes
- This display can be pulled and tilted by hand into any position from 0° to 15° tilt range and/or remain stationary

MEDIA BUFFETS

- Come with option of locks for an upcharge of **\$145 List**
- Opening on media buffet (space between drawers) measures 37 5/16" wide, 5 13/16" high
- Media buffets have an adjustable shelf that comes standard when ordered. Adjustable shelves are shipped in the middle position and are 1 3/16" thick.
- A grommet cut-out comes standard in the center of the media buffet opening
- Drawer depths measure 2.5" in depth, 15 3/16" wide

MEDIA PEDESTALS

- Grommet cut-outs are on each shelf
- Grommet cut-outs are on the top of the back and lower bottom of the back for wire pass through and plug access
- Come standard with two storage shelves

V2 MODULAR | FEATURES & OPTIONS

MEDIA PIERS - SINGLE

- Single 19" storage unit stacks on top of the work surface
- Media Piers should be used in conjunction with media pedestals
- Come standard with touch latch doors
- Grommet cut-outs are on every shelf in media piers at the back of each shelf
- Grommet cut-outs are on the top of the back and the lower back for plug and wire access

MEDIA PIERS - DOUBLE

- Double media piers are 36" wide with wood doors
- Come standard with touch latch doors
- Grommet cut-outs are on every shelf in media piers and at the back of each shelf
- Grommet cut-outs are on the top of the back and lower back for plug and wire access

VISUAL BOARDS & WHITE BOARD

- Includes white board and four dry erase markers.
- Doors slide straight out to the side
- Wall mountable that includes a roll-out presentation screen.

EDGE PROFILES - CONFERENCE ROOM CASEGOODS

V2 Conference Room Casework worksurfaces feature the Fino profile at 1 1/8" thickness.

DRAWER PULL

Four drawer pull styles are available on V2 Conference Room Casework Visual Boards, Plasma Screen Cabinet, Media Hutch with doors, Media Buffet and Media Pedestals: Como, Mira, Sono and Massa. The four drawer pull styles are only available in a satin metallic finish. Please note pull selection on Purchase Order. Orders will not be entered until a pull is specified.

V2 MODULAR | POWER OPTIONS

POWERPORT

The V2 Modular PowerPort made from aluminum and featuring a hinged lid, provides a functional and attractive solution for connectivity. The PowerPort comes standard 2 accessible power outlets & 1 side utility outlet powered by a 10' plug-in cord; 2 RJ45 (category 5/6) each with hard wired 10' data cords; 2 velcro wire managers and metal PowerPort shroud.

The PowerPort is a UL/CSA-approved power/data power bar, (Port) which includes three 115-volt electrical convenience outlets, and two RJ45 communication ports - all easily accessed just under the worksurface. The PowerPort is Category 5/6 compatible.

The PowerPort can be specified without the power bar (Port), to serve as a grommet for wire management, or to enable future power-up of the tables. It is 7.5" wide by 4" long, and features an aluminum hinged lid that is designed to be in the closed position when cables pass through to the plug-in. The PowerPort can accommodate multiple cables at once, as well as transformer plugs, through the worksurface.

Power cord is 10 ft. long, data cable is 14 ft. long.

PowerPorts can be specified in 3 different locations (left, right or center) depending on the size of the meeting table surface. On surfaces that are smaller than 60", PowerPorts are available only in the center position.

See Page xx for options and location codes for selecting the PowerPort location for each table top.

SURFACE MODULE

The V2 Surface Module is a lower cost alternative to the PowerPort. It is compact and convenient and positions the plug-in on the worksurface itself, instead of underneath it.

A Surface Module comes with two power receptacles above the work surface and one power receptacle below the work surface, which allows you to connect power to additional tables or configurations. In addition the Surface Module also comes with one USB Port - one USB printer port, one RJ11 and one RJ45. Each receptacle has a 12 Amp, 120 Volt, 60Hz capacity and comes standard with a 10' heavy duty power cord with a right angle plug.

The Surface Module has an angled face, that's easy to see and operate. The RJ45 Port allows connection to High Speed DSL or Internet and provides access to cable modem, network or internet router. In addition, a power plug exists for cell phone and laptop. There are two USB Ports - one for input and one for output to accommodate almost any electrical needs. The surface module is available in a black finish only.

Surface Modules can be specified in 3 different locations (Left, Right or Center) depending on the size of the meeting table surface. On surfaces that are smaller than 60", Surface Modules are available only in the center position.

See Page 90 for options and location codes for selecting the Surface Module location for each table top.

ROUND GROMMET

A round grommet with an open and shut mousehole serves to provide cable passage for areas not requiring a large opening.

Round grommet Silver Metallic, 60 mm dia. (2 3/8" approx.)

Round grommets do not provide electrical service.

Grommets can be specified in 3 different locations (left, right or center) depending on the size of the meeting table surface. On surfaces that are smaller than 60", grommets are available only in the center position.

One round grommet per table is provided at no charge, additional round grommets are available for an upcharge of **\$145 list** per grommet.

See Page 90 for options and location codes for selecting the Grommet location for each table top.

*Power Entry (4 wire, 2 circuit and 8 wire, 4 circuit) are hard wired to power source in the wall or floor.

WIRING SOLUTIONS AND TABLE CONFIGURATIONS

Below are 2 configurations which demonstrate the 4-Wire System, where the 42" Jumper is required on the underside of the table. Same layout applies to the 8-Wire System.

V2 MODULAR | POWER OPTIONS

Non-standard locations can be specified, although there are restrictions due to leg positions, and modesty panel positions. An upcharge of **\$145 list** per non-standard grommet is applicable, contact Customer Service for assistance. Modular Table Tops smaller than 60" have the power access available only in the 'C' position. Table tops greater than 60" can have the power access specified in as many as three locations (AR, AL and C). The only exception to this rule is the 36" visio tables which can be specified with three power access positions, AR- right corner, AL- left corner, and C- center.

POWERPORT/PORT POSITIONS -Modesty Panels are shown on the same side as the PowerPort/Ports.

Arc Wave Wave Inverted 36" Visio

Modesty Panels are shown on the same side as the Round Grommets. One round grommet per table is provided at no charge, additional round grommets are available for an upcharge of **\$145 list** per grommet in standard positions.

V2 MODULAR | POWER OPTIONS

4-WIRE SYSTEM

The 4-Wire System is a economical power distribution solution that is easy to specify, install, and re-configure.

Features:

- 4-wires, 2 circuits, 20 Amps each
- 13 - duplex receptacles per circuit, 26 - 15 Amp duplex receptacles per power infeed maximum
- Easy to specify
- Easy to install and reconfigure
- Requires less space
- UL Listed as a Manufactured Wiring System
- More economical than 8-wire system
- RoHS Compliancy available upon request; Cradle to Cradle

61EC4-30 - 4 wire, 2 circuit system, 30" table

61EC4-36 - 4 wire, 2 circuit system, 36" table

61EC4-42 - 4 wire, 2 circuit system, 42" table

61EC4-48 - 4 wire, 2 circuit system, 48" table

61EC4-54 - 4 wire, 2 circuit system, 54" table

61EC4-60 - 4 wire, 2 circuit system, 60" table

61EC4-66 - 4 wire, 2 circuit system, 66" table

61EC4-72 - 4 wire, 2 circuit system, 72" table

8-WIRE SYSTEM

The 8-Wire System offers a high quality, cost effective answer to your power distribution needs. The modular system is adaptable to all architectural elements. The modularity of the System makes it simple to specify, order and install.

Features:

- UL recognized & listed
- Approved for use in New York City
- RoHS compliancy available upon request; cradle to cradle
- 20 Amp system available in 4 circuit configurations
- Allows for up to 52 duplex receptacles or desktop accessories using Interconnect.

Can be used independently with grommet or PORT0.

61EC8-30 - 8 wire, 4 circuit system, 30" table

61EC8-36 - 8 wire, 4 circuit system, 36" table

61EC8-42 - 8 wire, 4 circuit system, 42" table

61EC8-48 - 8 wire, 4 circuit system, 48" table

61EC8-54 - 8 wire, 4 circuit system, 54" table

61EC8-60 - 8 wire, 4 circuit system, 60" table

61EC8-66 - 8 wire, 4 circuit system, 66" table

61EC8-72 - 8 wire, 4 circuit system, 72" table

All Krug's power access options can be used with or without the 4-Wire or 8-Wire System. These components can be ordered together, or at a later date as your power requirements change.

4-WIRE AND 8-WIRE - 42" JUMPERS

These longer jumper cables are required when connecting one table from the back to the end of another table using either the 4-Wire or 8-Wire System. These jumper cables allow you to daisychain each wired table to the next.

4-Wire
Power Entry

8-Wire
Power Entry

42" Jumper

42" Jumper

V2 MODULAR | POWER OPTIONS

Modesty panels are available with or without grommets.

Grommets on modesty panels are required for electrified tables that are positioned such that modesty panels are overlapping, so that cabling can pass through the overlapping modesty panels. Wiring either at 90° corners (when corner connector tables aren't used) or tables that are face-to-face adjoining require modesty panels to be ordered with grommets. Below is an example showing wiring passing through one table to another via a modesty panel with grommets.

Typical layouts when modesty panels with grommets are required below.

Typical layout when modesty panels without grommets can be used below.

WIRE MANAGEMENT

Wires are channeled through the leg and concealed with a snap-on cover which allows cord access to the top and bottom when required.

There is 2.2 in² of wire management capacity in the interior of the leg. Available with glides or casters.

ORDERING NOTES

If a modesty panel is used, there is no seating capacity on that side of the table. To establish seating capacities, an outside chair dimension of 24" has been used, plus an allowance of 5" between chairs, for a total of 29". This is an approximation and based on seating with 5 prong bases. When using chairs with different specifications be sure to adjust the approximate seating capacity accordingly. Since not all manufacturers use this same seating formula, when a seating capacity is in question, please contact Krug Customer Service to review the specific seating that is being used with Krug V2 Modular product.

GENERAL INFORMATION

Terms and Conditions

Net 30 days on approved credit. A late payment charge of 1% per month will be applied on overdue invoices. This charge will be pro-rated to the number of days past 30 days that the invoice is overdue. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Krug dealers. Acceptance of any order and terms of sale may be established at the discretion of Krug. Deposits are required on orders received from new accounts as well as on large or special orders. Krug reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

Customer Service Hours

Please note customer service hours are:

8:30 am to 5:00 pm est

Customer Satisfaction

It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments

Each order will be acknowledged via e-mail or fax. This acknowledgment is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation

Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a \$350 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing

Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Storage Charges

Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Warranty

Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:

- normal wear and tear occurring with the use of the product
- negligence, misuse, excessive use, alteration, improper cleaning or repair
- substitution or use of incorrect or unauthorized components or material
- handling or installation that is incorrect, or that causes damage or defect
- damage incurred by a freight carrier other than Krug
- wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
- properties of natural materials, including wood and leather
- exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)

Export Packaging

Krug is pleased to provide the option for export packaging on all our products, to provide additional protection from damage. For shipments overseas, a quote for export packaging can be provided, based on the products to be ordered and the delivery destination - please contact Customer Service or Bids & Specification Support for more information and a quotation. KRUG is not responsible for shipment damage occurring on overseas shipments

Export Packaging is STRONGLY RECOMMENDED for:

- (A) all shipments outside of the lower 48 states and Canada.
- (B) all shipments that will be held in storage for an extended period prior to installation.

Important: Please note that Krug will not be responsible for damage claims on product shipped or stored in the above conditions but where export packaging has not been utilized.

Dimensions

Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

Installation Support

For assistance please contact Technical Support at 1-888-578-5784 x216 or e-mail installationhelp@krug.ca and you will be directed to the appropriate installation support person.

Custom Capabilities

Over 15% of our orders involve some type of custom work, and we invite our customers to make use of our extensive capabilities. These include:

- 1) Dimensional customization of standard size products
- 2) Custom wood finishes
- 3) For larger orders, completely custom-designed products, as well as non-standard wood species can be specified.

Custom orders may require additional production lead times. Contact Customer Service for more information.

Freight Terms and Conditions

1. All product is shipped FOB the Krug factory. Freight is either pre-paid to the destination or not pre-paid, depending on established customer specific freight terms.
2. Docks at the selected delivery location must be equipped to handle a 53' trailer. If a dock is inadequate for delivery by Krug, Krug will re-deliver to another local location and any additional costs will be charged to the customer.
3. For all deliveries, it is understood that Krug or its agent is making a dock delivery only (equipped to handle a 53' trailer), and any further work of truck unloading, delivery beyond the dock, installation, and removal of packaging is not authorized or paid for by Krug.
4. Drop shipments to the installation site, and timed deliveries, are available on larger shipments (full truckloads or slightly less) at no additional charge. Drop shipments or timed deliveries for smaller shipments may not be available, or if available will require a surcharge. Deliveries on an after hours basis, or on weekends, or any other special requirements, may be subject to a surcharge. Location and contact information, and the requested time of delivery, is required at least one week prior to the acknowledged shipment date. If this information is not provided one week in advance, or if the location or time of the drop shipment is changed less than one week in advance, a surcharge may be applied, and/or the drop shipment may not be scheduled. For deliveries requested Monday to Thursday after 5:00 pm, please apply a surcharge of \$250/shipment. For deliveries requested Monday to Friday before 7:00 am, please apply a surcharge of \$250/shipment. For deliveries requested Friday (after 3:00 pm) or weekends, please apply a surcharge of \$500/shipment. (local times).
5. For all deliveries - whether to the Customer location or drop shipment - any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), service charges will be applied at the rate of \$75/hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged. If Less Than Truck Load is delivering, one hour is allocated to unload. Any additional time required to unload after the first hour is \$75/hour. If a Truck Load is delivering the order, three hours is allocated to unload. Any additional time required to unload is \$75/hour. Direct deliveries to site for large orders are possible, (must exceed \$60,000 net), and accommodate 48 - 53' trailers. Krug is responsible for delivery to the approved delivery address. If an address change is required, this must be authorized by Krug 5 business days prior to ship date. Any additional delivery costs incurred after this time will be charged to the customer.

Product Strength and Durability Testing

All Krug Conference products meet or exceed the testing requirements of ANSI/BIFMA X5.5-2014 or X5.9-2012.

Damaged Shipments

All Krug product is well engineered, carefully inspected, and expertly loaded onto our trucks at our Distribution Center. If you receive any damaged freight, we ask that you do not refuse the shipment. Krug is not responsible for damage to goods that occurs in transit or storage. It is the purchaser and/or receiver's responsibility to examine the goods upon receipt and to notify Krug of any damages, overages or shortages. Any discrepancies should be noted on the Bill of Lading. The delivering carrier will not accept responsibility for shortages or damages if signed "clear". Notification of concealed damage claims must be made to Krug Distribution within 5 days of delivery, along with digital pictures if available. All product and packaging must be available for inspection. Krug liability ceases after 5 business days and Krug will not be responsible for concealed damages if shipments are left unopened. Krug is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.

Field Product Report Authorization

Krug's written authorization, in the form of an FPR number, must be obtained prior to incurring charges of any kind if Krug is expected to pay these charges. This includes authorization for returns, field repairs and replacements, post field repairs, installation and delivery charges. Krug reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to Krug, without prior written authorization in the form of an FPR, will not be accepted. Digital photographs may be required to complete the FPR process.

Care and Maintenance

Wood Finishes - Although Krug's extensive finishing process ensures a durable finish on all our products, there are several steps that can be taken to protect and prolong the life and beauty of the finish. Protect the top by placing felt pads on the bottom of any accessories and mechanical equipment. Rubber and oil will permanently mark surfaces. Use a desk pad to prevent possible damage and imprinting caused by writing instruments and sharp objects. Dust only with a clean, dry cloth, going with the grain. Clean any marks with a damp cloth, using a small quantity of mild soap or detergent. Do not use any wax-based polish, spray or silicone. Eventually, a film will build up and discolor the top. Do not place your furniture in a position of permanent exposure to direct sunlight.

Plastic Laminates - Clean plastic laminates with mild soap and warm water. Do not use steel wool, hot water, or any abrasive cleaning product.

Krug Panel Fabric Program

Tackboards can be upholstered in COM material supplied by the customer, and in a selection of stocked tackboard fabrics supplied by Momentum. The Momentum Panel fabrics are available on Krug Express. They are 100% polyester. For additional information and color selections, please refer to our Panel Fabrics card and Krug's website. www.krug.ca PRODUCTS / FABRICS / PANEL. The Momentum panel fabrics pass ASTM-E84-87 Fire Codes. If memo samples are required please call Momentum at 1-800-366-6839.

PROGRAM DETAILS

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of *KrugExpress* orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized.

Available factory capacity for *KrugExpress* is filled by orders received on a "first come, first serve" basis. If the normal *KrugExpress* lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a *KrugExpress* order.

Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received.

KrugExpress orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean".

Changes to *KrugExpress* orders are not allowed under any circumstances. Orders for product on *KrugExpress* must clearly state: "*KrugExpress*".

NATURAL CHARACTERISTICS OF WOOD
Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

CUSTOM WOOD FINISHES
Add 10% list to your order for special finishes, minimum upcharge is \$525 list per finish per order. (For example, on all orders up to \$5250 list, an upcharge of \$525 will apply, on orders \$5000 and up add 10% list to your order.) For orders with special finishes, a sample that is a minimum 3” by 3” must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

FINISH
Conference products feature Krug’s finish, a proprietary catalyzed varnish formulation, that has repeatedly shown through independent laboratory testing to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors and is uniquely suited to the demands of high traffic environments.

WOOD FINISHES TO MATCH STANDARD LAMINATES
Willow on Rift Oak
Dune on Rift Oak
Portobello on Rift Oak
Ash on Rift Oak
Copper on Cherry
Shiraz Cherry
Park Avenue Walnut
Chocolate on Walnut
Nutmeg on Walnut
Dark Walnut
Hardrock Maple

LAMINATES

Krug’s in-stock Laminates are available in 17 different laminate selections. Please note that 4 of the colors (Gingerbread, Portobello, Ash and Willow) have textured finishes and may not be appropriate for use in patient areas due to infection control concerns. Minimum order quantities and extended lead times may apply for exotic laminate colors, please check with customer service. Polymer Edge will be selected to match the worksurface. Krug’s previous laminate in-stock program will be phased out as in-stock supply depletes. Please contact customer service for availability.

IN-STOCK LAMINATES			
Wood Grain Laminates	High Pressure Laminate Supplier	Textured Wood Grain Laminates	High Pressure Laminate Supplier
Champagne	Tafisa T492CR	Gingerbread	Tafisa T556UR
