TERMS & CONDITIONS | INFORMATION FOR ORDERING ACTIVITIES

14. Warranty

For commercial products, Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. For Krug Healthcare products (as outlined in the US Healthcare price and specification Guide dated March 1, 2019), Krug warrants the construction and finish of all Healthcare products to be free from defects in materials and workmanship for the lifetime of their use. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug.

Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:

- normal wear and tear occurring with the use of the product
- negligence, misuse, excessive use, alteration, improper cleaning or repair
- substitution or use of incorrect or unauthorized components or material
- handling or installation that is incorrect, or that causes damage or defect
- damage incurred by a freight carrier other than Krug
- wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
- properties of natural materials, including wood and leather
- exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate controlled conditions)

Note, specific warranties for components and materials not manufactured by Krug: Height Adjustable Mechanism Warranty Krug warrants to the original consumer purchaser its Height Adjustable Mechanism that it will be free from defects in material and workmanship. This limited warranty covers material and manufacturing defects, which cause a non-conformance in the function of a table base and is limited to the following products and warranty term determined from their dates of purchase: a) Electronic components such as control boxes, hand switches and motors – two (2) years b) Mechanical components such as crank drives, spindles – five (5) years c) Structural components such as J-channels, feet and top supports – ten (10) years. The start of the warranty period is the documented date of your purchase of the product. The warranty herein is made to and for the benefit of the original consumer purchaser of the product and is non-transferable. If you discover a defect in material or workmanship during the warranty period, and Krug agrees that the defect exists, Krug will, at its option, repair or replace the Product at no charge to you, provided it is returned during the warranty period. In the unlikely event that your product should require repair or replacement during the warranty period, please contact Krug to obtain warranty service. The warranty period on replacement products is the remainder of the warranty on the original product or 30 days, whichever is longer.

Jordan Sleepers Heavy-Duty Mechanism, made with heavy gauge steel and minimal moving parts - is backed by a 5-year warranty on the mechanism itself, in addition to the lifetime warranty on the rest of the product. If it does become damaged or degraded, the mechanism can be field-replaced. Juno and Trevisa Overbed Tables have a 2-year warranty.

level® CERTIFICATION

BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Vestrada products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard. All Vestrada products can be supplied with level® certification. In order to accomplish this, the product must also be ordered with the air-emissions-certification option. Contact customer service for information and upcharges.

the mark of responsible forest

AIR-EMISSIONS

All Vestrada products can be supplied with air-emissions-certified materials. Contact customer service for information and upcharges.

FSC®

FSC® In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Vestrada and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

In addition, architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

VESTRADA | FINISHES

WOOD FINISHES

Standard wood finishes are:

SPECIES FINISH

Cherry	Light Cherry
	Natural Cherry
	American Cherry
	Medium Cherry
	Standard Cherry
	Imperial Cherry
Maple	Appalachian Cherry
	Sable Cherry
	Clear Maple
	Honey Maple
	Wheat Maple
Oak*	Light Oak
	Harvest Oak
	Mahogany Oak
	Medium Cherry on Oak
	Mellow Oak
	Walnut on Oak
Walnut	Espresso on Oak
	Natural Walnut
	Regular Walnut
	Mahogany on Walnut
	Dark Walnut
	Cordovan Walnut
Anigre	Clear Anigre
	Medium Anigre

*VESTRADA Oak veneers are rift cut.

PALETTE FINISHES

Standard solid color finishes are:

Black
White
Sand
Soft green
Steel blue
Slate
Please refer to VESTRADA brochure for color reference.

V-Beam

Standard finishes are:

Satin Aluminum
Matte Black

WOOD FINISHES TO MATCH STANDARD LAMINATES

Willow on Rift Oak
Dune on Rift Oak
Portobello on Rift Oak
Ash on Rift Oak
Copper on Cherry
Shiraz Cherry
Park Avenue Walnut
Chocolate on Walnut
Nutmeg on Walnut
Dark Walnut
Hardrock Maple

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

Custom Wood Finishes

Add 10% list to your order for special finishes, minimum upcharge is \$600 list per finish per order. (For example, on all orders up to \$6000 list, an upcharge of \$600 will apply, on orders \$6000 and up add 10% list to your order.)

Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated

Birdseye Maple

Bookmatched Birdseye Maple veneer is available on VESTRADA at an upcharge of \$76 list per square foot. Specify clearly on order. Birdseye Maple is recommended in clear finish only. Birdseye Maple only applies to tops.

Dual Finishes

Add 10% list per item if specifying dual finish

Custom Palette Finishes

Custom palette finishes are available at an upcharge of 10% list and an additional 2 weeks lead time after final color approval.

WORKSURFACE EDGE PROFILE

All work surfaces are 1 1/8" thick, veneered Medium Density Fiberboard. Worksurface height tops have a chemically impregnated backer for additional strength. Profiled edges of worksurfaces have a .12" (3mm wood banding with an under cut detail leaving a visible edge of 3/4". Vestrada comes standard with a tapered edge.

Desk work surfaces have an edge profile on front and rear sides. Ends are flat with no profile shape.

Run-off work surfaces such as Bullet and "P" shapes have an edge profile that extends around the curved section.

The remaining blunt end is flush with no profile shape.

Credenza, Returns and Linking tops have profile on the front side while all remaining edges, are flush with no profile.

KEY:**Desks****Angled & Curvilinear Desks****Angled & Curvilinear Returns****Credenzas****Linking Units & Returns****Credenza****Credenza****GRAIN DIRECTION**

Vestrada grain direction runs left to right on all cases.

Providing a consistent wood grain direction is important in maintaining consistent color on adjacent work surfaces.

Such is the case with "L" or "U" configurations

The above illustrations explain the grain direction on typical worksurfaces that run at right angles to one another.

V-BEAMS

Raised worksurfaces are supported by 2" high accent V-Beams. Each V-Beam is available in either Silver or Black finish and is fixed to the underside of the worksurface. The V-Beam is undersized to the worksurface and is inset by 4" on all sides.

VESTRADA | DRAWER PULLS & LOCKS

DRAWER PULLS

Two drawer pull options are available, each metal pull is available in a Satin Aluminum finish. The Fimosa is also available in Matte Black. Both style and finish must be specified on order. The Mazara pull is located asymmetrically on each face. Combinations of long and short pulls and their bias mounting locations add to the visual dynamic of Vestrada. Mazara pulls are designed to be placed to the right of the center line regardless of the drawer width. Therefore, pulls on a 16" pedestal will extend to the outer edge while on a 24" pedestal, the pulls fall short of the edge. Mazara pulls when specified on factory assembled desks are located toward the kneespace rather than the typical right bias position as described above. Factory assembled desks include double pedestal desks with 16" or 24" wide pedestals.

Mazara

Factory assembled and Modularly shipped Desk
Mazara pull locations.

Modularly shipped Mazara pull locations.

An alternative to the asymmetrically located pull, is the Fimosa pull, with a centered mounting location.

Fimosa

VESTRADA | POWER MANAGEMENT & GROMMETS

WORKSURFACE ELLIPTICAL BASE SUPPORTS

The Vestrada Elliptical base is a refreshing change from the standard supports offered in most casegood lines. End caps are made from aluminum and the body of the base is covered in either wood veneer or grade 3 palette panel fabric, and has Satin Aluminum end caps. Its design allows for not only a stylish look but provides for unseen wire management. By removing the veneer panels, access is gained to the interior where wiring can be routed from the worksurface to floor or wall receptacles. Small cut-outs at the top and bottom of the base along the inside center allow wires to be channeled down through the length of the base and into floor mounted power/data monuments

POWERPORT

A PowerPort is a unique worksurface mounted module that can be specified to a location that best serves the user's needs. PowerPort is constructed of anodized aluminum and it includes a UL approved electrical, voice and data power bar, containing two 115 - volt electrical simplex outlets which are accessible from the work surface, plus a utility outlet at the end for daisy chaining purposes. 3 data versions are available, please see page 202 for options. A Port, a service module having no power bar will serve as a large grommet. A hinged lid easily enables the passage of several cables and devices.

GROMMET

A plastic rectangular grommet in black or grey is also available. It has no optional electrical service, but serves to provide cable passage for areas not requiring a large opening. One rectangular grommet in a standard location accompanies any worksurface. For additional grommets see page 202 for pricing. Grommets can be field installed with a power drill, 2 1/4" hole saw and rasp or saber saw. Template for drilling is available.

WIRE MANAGEMENT TROUGH

Beneath the worksurface is a series of wire management troughs that can be field installed. Every trough is divided into four separate channels, each with a flexible cover that permits easy insertion of wire cables. The supporting worksurface frame will be encountered at intersections of interconnecting tops. It will be necessary to "loop" any cabling below the frame and return it to the next series of wire management troughs. A velcro wire management strip is provided to assist in containing the cables as near the area where the cables are looped around the frame. (Only comes with PowerPorts).

Double pedestal desks feature a wire management passage in the back of the pedestal for use when PowerPorts or rectangular grommets are located above pedestals.

Connecting to wall located outlets, requires passage through modesty panels. Hinged modesty panels feature a crescent shape cut-out. The wire management cut-out is also available on fixed modesty panels

V-BEAM

The underside of VESTRADA tops feature a concealed wire management cavity created by the V-Beam. The V-Beam also gives VESTRADA its unique floating top appearance. The V-Beam is available in Satin Aluminum or Matte Black.

Rectangular grommet and PowerPort positions

Worksurfaces

Locations apply to both Rectangular and Bow Top Desks.

Only Rectangular grommets are available on Elliptical Tops

This key applies to all Run-off Desk shapes.

Position code:

AR - Right Corner on left hand Return / Desks

AL - Left Corner on right hand Return / Desks

Position code:

AL – left corner

BL – left end beside pedestal gable

C – center

BR – right end beside pedestal gable

AR – right corner

Please note pedestals have access wiring cut-outs for wire management. Applicable to factory assembled cases only.

VESTRADA | FEATURES

LAMINATE WORKSURFACES

Laminate worksurfaces are available for the VESTRADA product line at an upcharge of 10% (a higher upcharge may apply to specially priced plastic laminates. See page 6 for a list of Krug standard laminates. Where there are wood profile edges on worksurface tops, they will remain as wood profiles on laminate tops. Where there are flush edges, as in the backs of credenzas or link units, they will be self edged with laminate.

Krug will order and procure laminates. Purchase orders with a plastic laminate option must include:

Manufacturer's Name

Laminate Name

Laminate Number

Laminate sheen level should not exceed 60° for maximum durability of work surfaces.

Please contact Krug Customer Service if ordering wood grain patterned laminate for VESTRADA product to ensure proper ordering procedure for grain direction.

Krug reserves the right to decline a laminate that may not be suitable for the application. Krug assumes no responsibility for the durability, consistent coloration or any other performance characteristic of a customer specified laminate. Laminates will extend the normal lead-time, check with Customer Service for current scheduling information.

MODESTY PANELS

VESTRADA modesty panels are available in a variety of styles and sizes with many unique features.

Floating modesty panels are available on all free standing and transitional Run-Off Desks and Table Desks.

Tempered glass face-mounted modesty panels are available on all double pedestal desks.

Wood face-mounted modesty panels are available on rectangular and bow-top double pedestal desks only.

Recessed modesty panels, available on desks, returns and credenzas are available in both 3/4 and full eight versions.

Recessed modesty panels are inset by 4.75" inches.

Hinged modesty panels are optional on all credenzas, returns and link units and feature a wire management cut-out in a top centered position to allow access to wall mounted power and data outlets.

The wire management cut-out option is available on returns and link units, and is standard on hinged modesty panels and credenzas with fixed modesty panels.

Glass Face Mounted Modesty Panel

PEDESTAL OFFSETTING

VESTRADA offers the unique and functional feature of offsetting pedestals when ordering modular product. This feature is available on VESTRADA desks, returns and credenzas. (please see modular pricing section for options.

Pedestal offsetting provides the flexibility for more or less kneespace depending on the space constraints involved. Using either anti-skid tape (comes standard with all modular VESTRADA product to provide infinite off setting amount or VESTRADA's unique metal-to-metal fitments (provided for preset positions only. 2 per case regardless of width, tops can be placed over pedestals in a variety of locations at any time.

This feature not only provides solutions where space and comfort is required, but also gives each VESTRADA setting the unique style and design. Whether it is a dramatic 32" offset left and right pedestal credenza, or a classic 16" inset left and right pedestal credenza, VESTRADA gives every user the option to change as the workplace evolves. Because tops must be under supported by at least 12" of pedestal, offsetting is only available when used in conjunction with 24, 32 and 36" wide pedestals (please see modular pricing section for options.

GLASS SCREENS

Glass screen dividers can be mounted to credenzas, returns or linking units to form a stylish visual barrier.

The material selection for the screen is a 14" high, 6mm thick etched glass.

As a means of securing each panel to the work surface, metal screen holders are attached to the worksurface. Quantity varies by length, 2-4 brackets.

DESKS

Single and double pedestal desks are available with rectangular, bow or elliptical top shapes. Vestrada desk compositions have numerous features that allow each user the ability to customize their workspace. 8 different top shapes, a huge selection of pedestal styles and sizes, and a unique modesty panel offering combine to make the Vestrada desk incredibly functional and stylish. Additional features include a bow top option on rectangular desks as well as leather inserts, which are available on Rectangular or Bow-top desks. Please see Desk section for more information.

VESTRADA run-off desks are available in 8 unique shapes as shown below.

RETURNS & RUN OFFS

In terms of options and versatility, the Vestrada Return offering is second to none. Basic pedestal returns, curvilinear returns with elliptical bases and sliding returns allow the user to move the return to various positions. Please see pages 152-167 for options and pricing. The TracDesk is a unique worksurface that moves along a track facilitated by a mobile elliptical base. Please see pages 168-169 for pricing and options.

TABLE DESKS

Table desks are available in rectangular and elliptical tops, which can accommodate pedestals on either side of its bases for storage. Turn to page 136 for compatible pedestals. Floating modesty panels are available on both size options. A bow top option is also available for the rectangular top.

CREDENZAS

VESTRADA credenzas offer a broad selection of storage solutions for any office. Credenzas are available as full-face units, and units with fixed pedestals that are offset from the worksurface. Additionally, a select number of credenzas offer an added feature, pedestals that are movable. These pedestals can be moved laterally in relation to the worksurface. Moving a pedestal outward provides for more knee-space, while moving the pedestal inward will allow for more space around the unit. Credenzas in this line are available with inset pedestals, with inset and offset pedestal combinations, or as full face units. Credenzas can be specified using modular components (see pages 197-207 or as a factory assembled cases. Modular versions offer the option to move pedestals in toward the kneespace or away from the kneespace depending on space constraints.

ACCESSORIES

All upper storage configurations having a tackboard will provide an area for the support of convenience accessories. An optional extruded aluminum rail is attached to the tackboard in a manner that leaves no visible screws. With the rail attached, suspension of each accessory is a simple manner of hooking onto the rail's edge. Each accessory can be removed or repositioned along the entire length of the rail at any time.

Accessories include a binder bin, flip sorter, paper tray and file hanger.

Each item is construction of eighteen-gauge sheet metal and finished in a powder coated SilverMetallic, to compliment all other metal finishes.

WORK / MOBILE WORK TABLES

Mobile tables are available in two heights in wood or paint. The lower height tables are designed to fit beneath standard worksurface heights. All mobile tables feature 3" locking casters to facilitate easy movement on any floor surface. Alternatively, stationary work tables are available with adjustable glides.

Glass tops are available for the Delta shape only. The 10mm thick tempered glass top is supported on three legs connected to a triangular metal frame.

Each leg is powder coated Silver Metallic to complement all other metal components.

VESTRADA | FEATURES

HUTCHES

VESTRADA hutches provide a traditional solution to overhead storage. See pages 243-245 for more information.

WORKWALL COMPONENTS

Workwall components provide custom overhead storage solutions. See pages 237-242 for Workwall component guidelines.

MODULE

An intrinsic design theme establishes the use of an 8" module throughout the product range. This horizontal dimensional grid establishes a harmonious alignment of cabinet faces when cabinets are combined as a group. Horizontal alignment of drawer and door faces is maintained between cabinets. These properties ensure that the overall appearance of cabinets will be aligned with one another when combined into different settings. To further reinforce a consistent appearance of this module, an 8" wide end support is used for supporting worksurfaces.

MODULARITY

VESTRADA has been designed for change with an enormous standard product offering and the ability to reconfigure and change-out components effortlessly. Pedestals are designed to be offset when space becomes constrained or increased. Metal-to-metal fitments and precise tolerances allow changes to be made quickly and easily without the need for an installer or confusing instructions. With features like TracDesk, mobile pedestals, and mobile work tables, the office can now adjust to the user rather than the user adjusting to the office. VESTRADA is flexible and ready for the changes and demands associated with the workplace – the way it should be.

LATCHES

Hinged door overheads and 8" piers feature touch latches. All other hinged doors are self-closing with pulls.

GLIDES

Adjustable glides are installed at factory and are 1 1/4" long and allow for a range of adjustment of 3/4".

HINGES

Hinged doors are European style with a 95 degree opening angle. Hinges on 8" pier cabinets providing end support have 83 degree hinges to prevent contact with adjacent cabinets or walls. All hinges are fully adjustable.

VESTRADA CUSTOM SIZING

As you can see, the standard range of sizes and options in VESTRADA is huge. But it doesn't end there. Using the instructions below, you can customize the sizing of most components and price yourself. Custom-sized products may require an extended lead time if they have not been previously engineered.

Products that can be custom sized:

Desks	(excluding elliptical top desks and face-mounted modesty panels)
Table Desks	(excluding elliptical top desks)
Run-Off Desks	(excluding curvilinear shaped units with a non-standard radius)
Link Units	
Returns	
Run-Off Worksurfaces	
Kneehole Credenzas	
Shells	
Modular Tops	
Modesty Panels	
Run-Off Worksurfaces	(excluding curvilinear shaped units with a non-standard radius)
Kneehole Credenzas	
Shells	
Modular Tops	
Modesty Panels	(excluding face-mounted glass modesty panel)
Wood Door Overheads	
Wood Door WorkWalls	
Bookcases	
Wood Door Storage Units	

Custom widths: Apply the price of the same unit in the price list that is one standard size larger than the desired case size (same depth). For example: The required custom dimension is 74"x24". The first standard size above this is 80"x24", so in this case, you would apply the price of the 80"x24" unit.

Custom depths: Apply the price of the same unit one size deeper. For example: The required custom dimension is 72"x26". The first standard size above this is 72"x30", so in this case, you would apply the price of the 72"x30" unit.

Custom width & depth: Apply the price of the same unit both one size wider and one size deeper. For example: The required custom dimension is 74"x26". The first standard size above this is 80"x30", so in this case you would apply the price of the 80"x30" unit.

TESTING INFORMATION

VESTRADA meets or exceeds the testing requirements of ANSI/BIFMA X5.5-2014 and/or X5.9 - 2012.

VESTRADA | FILING INSTRUCTIONS

FILING INSTRUCTIONS

All file drawers will accept both letter and legal size filing

All units are equipped with file bars to accommodate filing in either direction

Desk filing capacity

- 16" wide file drawer
- 21" of letter filing front to back
- 12" of letter filing side to side and 8" of letter filing front to back
- 12" of legal filing side to side and 5" of letter filing front to back

Weight capacity of the pedestal file drawers is 100 pounds

Credenza and Return Pedestal File Drawers

- 16" wide file drawer
- 15" of letter filing front to back
- 12" of legal filing side to side
- 24" wide file drawer
- 20" of letter filing side to side
- 20" of legal filing side to side

Weight capacity of the pedestal file drawers is 100 pound

Lateral File : 32" wide drawers:

- 2 rows 15" of letter filing front to back
- 28" of legal filing side to side
- 15" of legal filing front to back and 12" of legal filing side to side
- 15" of letter filing front to back and 14" of legal filing side to side

Weight capacity of the pedestal file drawers is 150 pound

Lateral File : 36" wide drawers:

- 2 rows 15" of legal filing front to back
- 2 rows 15" of letter filing front to back
- 1 row 15" of legal filing front to back and 1 row of 15" letter filing front to back
- 1 row of 15" legal filing front to back and 1 row 17" of letter filing side to side
- 2 rows of 15" letter filing side to side

Weight capacity of lateral file drawers is 150 lbs

DRAWER REMOVAL

To remove pedestal drawers, open to the extended position, press down on the right side nylon release lever and pull the drawers up on left side lever at the same time. Continue pulling the drawer out of the case.

GLIDE ADJUSTMENT

Raise one corner of the unit at a time and adjust the glide to the desired height by turning the glide. Make sure unit is level after adjusting the glides. Please note that the maximum adjustment range of the glides is 3/4". When moving units after glides have been inserted, dial the glides to the lowest position to prevent damage to the case.

BOOKCASE OR HUTCH DOOR ADJUSTMENT

Hinges on all hutch and bookcase doors are designed to be adjusted for depth, horizontal and vertical adjustment by means of screws into the hinge mounting plates. To remove a door, squeeze the release clip and pull out the door, disconnecting the hinges.

The VESTRADA V-Ped is a unique storage drawer consisting of components not normally found in case-goods pedestals. The unique vertical storage drawer is 8" wide and is available in conjunction with 16", 24", 32" pedestals. The interior is accessed by pulling the full vertical drawer face away from the pedestal body. The V-Ped cannot be used as a stand-alone pedestal, or ordered to be installed in the field. Please see below for a full breakdown of all components that come standard in V-Peds:

The top of the interior consists of a tray, into which a Silver plastic pencil tray is fitted. This pencil tray is partitioned into four separate storage areas suitable for a variety of stationery needs.

The V-Ped comes equipped with 2 different sized translucent boxes, which can clip onto one of the 3 bars on the interior of the pedestal. The brackets clip onto the bars on the interior panel of the pedestal. The organizer boxes are an easy way to reduce clutter for stationery.

A translucent CD box holds several CD's and clips onto the interior bars.

Translucent universal brackets are provided for holding any size of hanging files. Simply snap the brackets in place anywhere on the horizontal hanging bars inside the pedestal.

ORDERING NOTES:

To order a height adjustable return worksurface to use in place of a return or linking unit insert RH into the model number before the ETS.

To order a height adjustable worksurface with a top overhang of 16" at one end insert O16 into the model number after ETS. Please note that this option is not available on height adjustable work surfaces that have base enclosures and are 48" or less in length. This option is not available on dual stage electronic height adjustable worksurfaces.

To order a dual stage height adjustable base add **\$674** to the list price and replace ETS with ETD. Lifts come standard with an up/down button. Standard colors are Silver Metallic & Black, please contact customer service for other available colors. A 4 position programmable display is available, please see page 202 for price and model number.

Modesty panels are available in low pressure laminate, please replace V21 with V26 for this option. Modesty panels are also available in palette, please replace V21 with V22 for this option.

Single stage height adjustable range: 26" - 45.5"

Dual stage height adjustable range: 21" - 47"

Power cord is 10 feet long.

DIMENSION KEY

W — width
D — depth
H — height of worksurface
KW — kneehole width

Dimensions are in inches and approximate.
Contact Customer Service if dimensions are critical.

CODE DESCRIPTION

E - electric
T - T-base
S - single stage
O16 - 16" overhang
C - C-base
D - dual stage

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

	81HA8436ETSG	7846	8238	83.75	36	-	66	224.5	43

ORDERING NOTES:

To order a height adjustable return worksurface to use in place of a return or linking unit insert RH into the model number before the ETS.

To order a height adjustable worksurface with a top overhang of 16" at one end insert O16 into the model number after ETS. Please note that this option is not available on height adjustable work surfaces that have base enclosures and are 48" or less in length. This option is not available on dual stage electronic height adjustable worksurfaces.

To order a dual stage height adjustable base add **\$674 to the list price** and replace ETS with ETD. Lifts come standard with an up/down button. Standard colors are Silver Metallic & Black, please contact customer service for other available colors. A 4 position programmable display is available, please see page 202 for price and model number.

Modesty panels are available in low pressure laminate, please replace V21 with V26 for this option. Modesty panels are also available in palette, please replace V21 with V22 for this option.

Single stage height adjustable range: 26" - 45.5"

Dual stage height adjustable range: 21" - 47"

Power cord is 10 feet long.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish
- 3) Grommet location and style if applicable.
- 4) Base option if applicable.
- 5) Modesty Panel option if applicable.

* Indicates model illustrated by the drawing.

CODE DESCRIPTION

- E - electric
- T - T-base
- S - single stage
- G - base enclosure
- O16 - 16" overhang
- C - C-base
- D - dual stage

ORDERING NOTES:

Listed pricing does not include a modesty panel. To add a full height wood modesty panel add (X41 to the end of the model number, e.g. 81RH7220LX41. To add 3/4 wood modesty panel add (X31) to the end of the model number. Add 7% list for a full 3/4 or full height modesty panel. **Add \$194 list upcharge** for wire management cut-out option and state clearly on Purchase Order. The 32" BBF and V-Ped is one component. The V-Ped is always located towards the kneespace and is not available for field installation.

A 32" pedestal under an extended return is inset by 24". A 24" pedestal under an extended return is inset by 16"

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

L - left hand pedestal position
 R - right hand pedestal position
 D - 2 file drawer
 F - 2 box, 1 file drawer
 H - desk height worksurface
 M - machine height
 V - floating modesty panel
 E2 - wood elliptical base
 X31 - 3/4 height recessed modesty panel
 X41 - full height recessed modesty panel

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

SUPPORT

Any top with a V-Beam and a kneespace greater than 64" requires a half gable. Please see page 189.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

L - left hand pedestal position
 R - right hand pedestal position
 D - 2 file drawer
 F - 2 box, 1 file drawer
 H - desk height workspace
 M - machine height
 V - floating modesty panel
 E2 - wood elliptical base
 X31 - 3/4 height recessed modesty panel
 X41 - full height recessed modesty panel

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

SUPPORT

Any top with a V-Beam and a kneespace greater than 64" requires a half gable. Please see page 189.

ORDERING NOTES:

Pricing does not include a modesty panel. To add a full height wood modesty panel add (X41 to the end of the model number, e.g. 81C88244L0R0X41. Add 7% to list price. Credenzas above 80", 88" and 96" lengths are compatible with TracDesk (see page 160). For TracDesk option please **add \$303 list** to your order and add a 'J' at the end of the model number, e.g. 81C88244L0R0J.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

ORDERING NOTES: Credenzas above in 80", 88" and 96" lengths are compatible with TracDesk (see page 160). For TracDesk option please add \$325 list to your order and add a 'J' at the end of the model number, e.g. 81C88244L0R0J.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 115
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

- L - left hand pedestal position
- R - right hand pedestal position
- D - 2 file drawer
- F - 2 box, 1 file drawer
- 0 - no pedestal
- J - TracDesk option
- W - extended pedestal option
- X31 - 3/4 height recessed modesty panel
- X41 - full height recessed modesty panel

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

GROMMETS

One wiring grommet in standard position is optional at no charge. See page 117 for more wiring grommet information.

ORDERING NOTES:

Wire management cut-outs are standard on all corner credenza modesty panels. The first dimension listed after the second "-" indicates connecting side dimensions, e.g. 81CC8036-24-L20R0 has a 20" connecting side.

Please note 24" BBF or FF/V-Ped is one component. V-Ped is always towards kneespace and is not available for field installation
Corner Credenzas with V-Peds are NOT available on KrugExpress.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 115
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

L - left hand pedestal position
R - right hand pedestal position
D - 2 file drawer
F - 2 box, 1 file drawer
0 - no pedestal
J - TracDesk option
W - extended pedestal option

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

GROMMETS

One wiring grommet in standard position is optional at no charge. See page 117 for more wiring grommet information.

ORDERING NOTES: Wire management cut-outs are standard on all corner credenza modesty panels. The first dimension listed after the second "-" indicates connecting side dimensions, e.g. 81CC8036-24-L20R0 has a 20" connecting side. Please note 24" BBF or FF/V-Ped is one component. V-Ped is always towards kneespace and is not available for field installation. Corner Credenzas with V-Peds are NOT available on KrugExpress.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

- L - left hand pedestal position
- R - right hand pedestal position
- D - 2 file drawers
- F - 2 box, 1 file drawer
- 0 - no pedestal
- Q - V-Ped
- X41 - full height modesty panel

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

GROMMETS

One wiring grommet in standard position is optional at no charge. See page 117 for more wiring grommet information.

GLASS PRIVACY SCREEN

Please see page 204 for glass privacy screen options.

ORDERING NOTES: Wire management cut-outs are standard on all corner credenza modesty panels. The first dimension listed after the second "-" indicates connecting side dimensions, e.g. 81CC8036-24-L20R0 has a 20" connecting side. Please note 24" BBF or FF/V-Ped is one component. V-Ped is always towards kneespace and is not available for field installation. Corner Credenzas with V-Peds are NOT available on KrugExpress.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 115
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

L - left hand pedestal position
 R - right hand pedestal position
 D - 2 file drawers
 F - 2 box, 1 file drawer
 0 - no pedestal
 Q - V-Ped
 X41 - full height modesty panel

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

GROMMETS

One wiring grommet in standard position is optional at no charge. See page 117 for more wiring grommet information.

GLASS PRIVACY SCREEN

Please see page 204 for glass privacy screen options.

GLASS PRIVACY SCREEN

Please see page 204 for glass privacy screen options. CASEGOODS | GSA | 181

ORDERING VESTRADA MODULAR COMPONENTS

STEP 1

TOPS

Determine the size and shape of worksurface you require and find the corresponding model number (see page 188).

Example: A 72" x 36" rectangular desk top is listed as 81TPD-7236.

Installation Note

Case tops feature factory installed inserts while pedestals have blind holes which can be drilled out, and the top bolted in place as per the installation instructions. This provides 16" of pedestal under the top unless the pedestal features a V-Ped, in which case 24" of pedestal lies beneath the top. For situations where tops are not bolted into place, anti-skid tape is provided to be applied to the under side of the V-Beam. In this scenario a minimum of 12" of pedestal must support the top on both sides.

NOTE:

If you plan to order pedestals that extend out from the top, please take into consideration the overall floor space you have to work with when ordering your top size.

STEP 2

PEDESTALS

Determine the pedestal type, width and depth required, and find the corresponding model number (see pages 201-208). The pedestal(s) selected should be the same depth as the top that is ordered. If ordering a face mounted glass modesty panel, the pedestal(s) selected should be 6" less in depth than the top depth.

Pedestals may be positioned entirely under the worksurface or can extend out left or right from beneath the worksurface. A minimum of 16" of pedestal width must be located directly under the worksurface if the top is to be bolted in place. If the need to fill floor space exists, a minimum of 12" of pedestal must support the worksurface. However, in this situation, the top cannot be bolted into place, but rather placed on top of the pedestals with anti-skid tape to hold the top in place. These rules must be taken into consideration when determining what top, pedestal(s) and modesty panels to order.

Example: An 88" top with a 24" left pedestal and a 32" right pedestal can be extended to give an overall unit width of 112".

NOTE: An 18" deep pedestal is required if positioning a pedestal in front of a modesty panel due to the inset of the V-Beam. Only the pedestals listed in 18" depths are available.

VESTRADA | MODULAR GUIDELINES

STEP 3

MODESTY PANELS

Modesty panels are available in a variety of sizes and materials. Please refer to the following chart to find applicable modesty panel for specific tops

Top Type	Modesty Type Available	Top Size
Rectangular Top Desk	3/4 & Full Height Wood	64" - 96"
	Face mounted Wood/Glass	72" - 88"
Elliptical Top Desk	Face mounted Glass	72" - 88"
Credenza	Full Height Wood*	64" - 96"
	Hinged Wood**	64" - 96"
Return	Full Height Wood***	36" - 88"
	Hinged Wood**	36" - 88"

* Wire management cut-out option available at **\$194 list**
** Features wire management cut-out as standard
*** Wire management cut-out option available on wood modesty panel at **\$194 list**

Recessed Modesty Panels

Determine the modesty panel style and size, and find the corresponding model number (see pages 209-210). Modesty panel sizes are determined by subtracting the widths of the pedestals or supports that are located directly underneath the work-surface from your top width.

Example: A 72" top with a 24" pedestal on the right and an 8" support on the left would require a 40" wide modesty panel (72 minus 24 minus 8 = 40).

If specifying extended pedestals, at least 16" of each extended pedestal must be located underneath the worksurface if the top is to be bolted in place. Likewise, 12" of pedestal must support the top if only using the anti-skid tape method of installing. To determine the size of modesty panel required when using extended pedestals, subtract only the amount of each pedestal that is located directly underneath the worksurface from the overall worksurface width to determine the modesty panel width required.

Face Mounted Modesty Panels

Face mounted glass or wood modesty panel widths are determined by subtracting 16" of width from the top size you are ordering. The reasoning behind this formula is simple. Face mounted modesty panels must attach to 8" of pedestal left and right. For this to work, the pedestals must be 16" wide minimum and must always be 6" shallower than the top depth. Please note that 8" modular support pedestals will not support a face mounted modesty panel. Example: If ordering an 80" top, the face mounted glass modesty panel required is 64" wide, regardless of pedestal widths (starting with 16" pedestals).

Modesty panels are available in a limited number of widths. This must be taken into consideration when planning out exactly how pedestals are to be situated. For example, you cannot have 51" of space between the pedestals because there is not a 67" modesty panel available. If a 51" kneespace is required, simply do not order a modesty panel. All available modesty panel widths are listed in the modular components section on pages 209-210.

If planning on extending or retracting your pedestal(s) into different positions in the future, a modesty panel should not be specified, as this will limit future space planning.

VESTRADA modular components are shipped with very durable anti-skid tape. The tape is designed to facilitate the need to move pedestals inward and outward as required, but prevents the top from moving when placed over the pedestals. Remember, a minimum of 12" of pedestal must be below the top for VESTRADA casegoods to be structurally supportive with the anti-skid tape method of installing, and 16" of pedestal below the worksurface to bolt the top in place.

VESTRADA | MODULAR TOPS

Description	Model	Cherry Maple Walnut		W	D	H	KW	Shipping Weight	Cubic Feet
		Rift Oak	Anigre						
Desk Top, Rectangular 	81TPD6430	1282	1474	64	30	3.13		82	4

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 115
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

L - left hand pedestal position
 R - right hand pedestal position
 D - 2 file drawer
 F - 2 box, 1 file drawer
 0 - no pedestal
 J - TracDesk option
 W - extended pedestal option
 X31 - 3/4 height recessed modesty panel
 X41 - full height recessed modesty panel

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

GROMMETS

One wiring grommet in standard position is optional at no charge. See page 117 for more wiring grommet information.

GLASS PRIVACY SCREEN

Please see page 204 for glass privacy screen options.

VESTRADA | WORKWALL COMPONENTS | GUIDELINES

VESTRADA HUTCHES

Hutches include L.E.D. Lights that are factory installed and require no field adjustment
L.E.D. Lights are mounted beneath the cabinet and hidden from view.

A tackboard in Grade 1 fabric is included with all Hutches.

Upcharges for higher graded fabrics are listed on page 234.

Tackboard fabric selections should be supplied with the order information. Palette options are listed on page 114.

Tackboards for Hutches are installed at the factory and require no additional set up on site.

Hutches over 84" in length are made in two pieces and require special installation.

Hutches are available with a finished inside back panel at standard list price, but must be clearly specified on order.
This option is available on Hutches up to 84" in length only. This option does not include a tackboard.

Locks are optional on wood hutch doors and can be specified at time of order for an upcharge of **\$152 list per set** of (2) doors.

WORKWALL COMPONENTS | GUIDELINES

Unlike other Krug product lines, VESTRADA features the WorkWall as well as the traditional hutch.

WorkWalls are comprised of combination of overheads, worksurface piers and/or full height piers.

VESTRADA WorkWalls are available with an exceptional number of options and accommodate all standard credenza lengths.

THE BASICS

A WorkWall consists of 3 components: One Overhead and two storage Piers.

The Piers can either sit on the worksurface or extend to the floor.

There are 3 types of WorkWalls. These types are determined by the way the Overhead Unit is supported.

NOTE: Shaded horizontal tops in the drawings above represent Credenza tops.

1. End supported WorkWalls*: Overhead is supported on both ends.

* WorkWalls that are End-Supported (as shown above) accommodate Paper Management Shelving.

2. Under supported WorkWalls: Overhead is supported from underneath on both ends.

3. Under and end supported WorkWalls: Overhead is under-supported on one side and end-supported on the other side.

VESTRADA | WORKWALL COMPONENTS | GUIDELINES

The following are guidelines to bear in mind when building a WorkWall from components.

PIERS

When supporting an Overhead in a WorkWall, there are some basic guidelines to follow:

- Unless the Overhead is a Sliding Glass Door Overhead with open ends, any Overhead can be under-supported by 8" wide Piers as shown below/left.
- If the Overhead has open ends as shown below/center, it must be under-supported by a minimum of 16" wide Piers in order to sufficiently support the Overhead. Overheads with open ends can not be end-supported.
- 5 hi and 6 hi Storage Units can only be used as end-supporting Piers. 4 hi Storage Units can only be under-supporting.

As mentioned in THE BASICS section, the Pier can either end or under-support the Overhead in a WorkWall.

On page 243, you will have a selection of Piers to choose from. Once you have selected the style and options for your Piers, you will need to specify the designation for each Pier in order to indicate how you would like to support your WorkWall. For example, in the diagram shown below, we are showing a WorkWall that is both under and end-supported.

The codes for these designations are:

SUFFIXES FOR PIERS

LU – Left Pier / Under support

RU – Right Pier / Under support

LE – Left Pier / End support

RE – Right Pier / End support

In the example shown left the suffixes would be as follows

A : (Worksurface Pier) - LU Left Pier under support

C : (Storage Unit) - RE Right Pier end support

VESTRADA | WORKWALL COMPONENTS | GUIDELINES

OVERHEADS

Overheads in this section are only to be used in WorkWalls with supporting Piers. For Wall Hung Overheads see page 235.

There are two different heights of Overheads in VESTRADA, single and double height.
Single height Overheads are available with the following options in wood or paint as shown on page 235:

- Hinged Doors
- Open
- Combination Open / Closed Hinged Doors
- Sliding Glass Door / Closed Ends
- Sliding Glass Door / Open Ends
- Aluminum Framed Glass Doors
- Combination Wood / Aluminum Framed Glass Doors

* Combination Sliding Glass / Open not available.

- Hinged Doors
- Aluminum Framed Glass Doors
- Combination Wood / Aluminum Framed Glass Doors

Therefore, Sliding Glass Doors are only available on single height Overheads, whereas Aluminum Framed Glass is available on single and double height Overheads.

As illustrated in the PIERS section, the user must indicate a suffix when ordering an Over-head for a WorkWall configuration. There is one exception to this: open ended Sliding Glass Door Overheads can only be under-supported by 16"or larger Piers.

For example, in the diagram shown below, we are showing a WorkWall with an Overhead that is both under and end-supported. The codes for all Overhead designations are:

SUFFIXES FOR OVERHEADS

- LURU – Left Under and Right Under supported
- LERE – Left End and Right End supported
- LURE – Left Under and Right End supported
- LERU – Left End and Right Under supported

In the example shown left the suffixes would be as follows:

(B) : (Overhead) - LURE Left Under supported / Right End supported

VESTRADA | WORKWALL COMPONENTS | GUIDELINES

Piers and Overheads Summary

In conclusion, the suffixes for each component of the WorkWall line drawing are as follows:

- A - Desk Top Pier - LU Left Under Support
- B - Overhead - LURE Left Under supported/Right End supported
- C - Full Height Pier - RE Right End support
Storage Unit

OVERHEAD PAPER MANAGEMENT

Paper management in VESTRADA can be specified in 1 or 2 tier versions. The general guideline for paper management is that the overhead, for which the paper management is being specified, must be end-supported on both ends. To specify paper management for your WorkWall, the overhead for which the paper management is to be added must be designated. A “PM” in the model number denotes that the overhead will be machined to accept paper management.

For example, if the model number for the overhead being specified is 81OH-641628 and the user requires paper management (either 1 or 2 tier), the model number would change to: 81OH-641628PMLERE

It is not necessary to designate on the overhead model number whether a 1 or 2 tier paper management unit is required. The type of paper management used is to be specified in the tackboard, L.E.D. light model number

Depending on the size of WorkWall and location of piers and overheads, the paper management price will vary. For pricing on paper management options, please refer to the paper management upcharge/ sizing chart on page 242.

**The machining for paper management cannot be done in the field.

VESTRADA | WORKWALL COMPONENTS | GUIDELINES

TACKBOARDS, L.E.D. LIGHTS AND PAPER MANAGEMENT SHELVING

Tackboards and L.E.D. lights need to be specified as a separate line item and are acknowledged separately on an order for WorkWall. A TBHL must be ordered to complete a WorkWall. The model number prefix for the tackboard, L.E.D. light is TBHL.

When paper management is to be added, it must also appear in the tackboard, L.E.D. light model number as they are all built as one part. The model number prefix for tackboard, L.E.D. light and paper management tiers are:

- (a) 81TBHLP1—(for one tier paper management)
- (b) 81TBHLP2—(for two tier paper management)

Depending on the size of WorkWall and location of piers and overheads, the 81TBHL price will vary. For pricing and model numbers, please refer to the TBHL pricing chart .

LINKWALLS

LinkWalls are WorkWall components that meet at a corner. LinkWalls are comprised of two overheads that are end supported by a corner pier creating a corner solution.

Please follow these steps to specify your LinkWall from WorkWall components:

STEP 1: Choose your left pier.

- Designate under or end-supporting.

STEP 2: Choose your left overhead*

- Designate left end or under-supported.
- The right designation can only be end-supported.
- If specifying paper management add PM to overhead model number.

With paper management both sides must be end-supported.

*Sliding glass door overheads with open ends are not available in LinkWall configurations

STEP 3: Specify corner pier - model number 81PRC-161640

- If paper management** is required specify 1 or 2 tier by adding PM1 or PM2 to the end of the pier model number.

**The 1 or 2 tier paper management can only be ordered if used on both sides of the LinkWall.

STEP 4: Choose your right overhead*

- Designate end or under-supported.
- The left designation can only be end-supported.
- If specifying paper management add PM to overhead model number.

With paper management both sides must be end-supported.

*Sliding glass door overheads with open ends are not available in LinkWall configurations

STEP 5: Choose your right pier

- Designate under or end-supporting.

STEP 6: Specify tackboard - TBHL for both overheads

- Determine TBHL size.

If the overhead and piers are both end-supporting simply use the size of the overhead.

If a pier is under-supporting subtract the amount of the pier which sits underneath the overhead from the size of the overhead.

- If specifying paper management add PM1 or PM2 to TBHL model number and apply applicable upcharge to the price of the TBHL.

ORDERING NOTES:

Paper management shelving is not available on 88" and 96" wide hutches. 88" and 96" hutches come in two pieces. For paper management, please add PM1 or PM2 after the model number, e.g., 81HT801640PM1. Please see page 234. for upcharges. Specify a Voice/Power/Data module with any hutch by adding 'W' at the end of the model number and a **\$252 list upcharge**. Hutches come standard with a Krug panel grade 1 fabric tackboard and L.E.D. lights. See page 234 for fabric upcharges. Locks are optional at an upcharge of **\$152 list per set** of 2 doors. Locks are standard on all file and lateral file drawers. Glass door hutches are NOT available on KrugExpress. Locks are not available on glass door hutches.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

G - matte Silver framed frosted glass doors
W - voice/power/data module
02 - two closed left, remainder open
04 - three closed left, remainder open
06 - four closed left, remainder open
PM - paper management (optional)
HT - closed hinged door hutch
HT0 - open hutch
HTH0- combination open and closed hinged hutch
HUTCH- double height hinged closed/open hutch

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

PAPER MANAGEMENT

For paper management, add PM1 or PM2 after hutch model number. Apply appropriate upcharge from page 234 to hutch.

TACKBOARDS

Hutches come standard with a Krug panel grade 1 fabric tackboard and L.E.D. lights. See page 234 for fabric upcharges.

**ORDERING NOTES:**

Paper management shelving is not available on 88" and 96" wide hutches. 88" and 96" hutches come in two pieces. For paper management, please add PM1 or PM2 after the model number, e.g., 81HT801640PM1. Please see page 248 for upcharges. Specify a Voice/Power/Data module with any hutch by adding 'W' at the end of the model number and a **\$252 list upcharge**.

Hutches come standard with a Krug panel grade 1 fabric tackboard and L.E.D. lights. See page 248 for fabric upcharges. Locks are optional at an upcharge of **\$152 list per set** of 2 doors. Locks are standard on all file and lateral file drawers. Glass door hutches are NOT available on KrugExpress. Locks are not available on glass door hutches.

DIMENSION KEY

W - width
D - depth
H - height

CODE DESCRIPTION

G - matte Silver framed frosted glass doors
W - voice/power/data module
02 - two closed left, remainder open
04 - three closed left, remainder open
06 - four closed left, remainder open
PM - paper management (optional)
HT - closed hinged door hutch
HT0 - open hutch
HTH0 - combination open and closed hinged hutch
HUTCH - double height hinged closed/open hutch

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114.

PAPER MANAGEMENT

For paper management, add PM1 or PM2 after hutch model number. Apply appropriate upcharge from page 248 to hutch.

VESTRADA | HUTCH, TACKBOARDS, PAPER MANAGEMENT PRICING

Tackboard upcharges for hutches.
Use this chart to find the upcharge for tackboard fabrics graded 2–9 and add it to the cost of the hutch. FABRIC GRADES

	2	3	4	5	6	7	8	9	com
64" hutch tackboard	176	378	378	740	917	1093	1270	1578	2
72" hutch tackboard	210	451	451	887	1096	1310	1522	1828	2.25
80" hutch tackboard	294	614	614	1202	1497	1790	2084	2463	2.5
88" hutch tackboard	333	688	688	1348	1680	2010	2339	2714	2.75
96" hutch tackboard	364	757	757	1482	1846	2212	2569	2983	3.00

On single piece hutches, the yardage requirement for two tackboards is the same as for one tackboard. Please keep this in mind when ordering more than one tackboard. For example, if the number of tackboards required is 7 and the COM requirement for 1 tackboard is 1.5 yards, the calculation for COM yardage is as follows: 4.5 yards are required for 6 tackboards + 1.5 yards for the 7th tackboard for a total of 6 yards. In the case of an even number of tackboards, divide the number of tackboards required by 2 and multiply that number by COM requirement on the chart.
The fabric must be at least 54" wide in order to qualify for this procedure. If the fabric is less than 54" wide, the COM yardage listed on the chart is the amount required for each tackboard.

* Palette Panel fabrics are Grade 3 fabrics.

A tackboard in grade 1 fabric is included in the price of the hutch.

Paper Management upcharges to be added to the price of the hutch.

	TACKBOARD SIZE

ORDERING NOTES:

Please see page 226 for instructions on overhead suffix designations. For example, LURE means that the overhead is Left Under-supported/Right End supported.

For paper management, please add PM before the 'L' in the model number, see page 228 for ordering instructions and pricing.

Paper management cases can only be end supported.

Tackboard and L.E.D. lights are an integral part of each WorkWall and MUST BE ordered to complete a WorkWall.

Locks are optional at an upcharge of **\$152 list per set** of 2 doors. Locks are standard on all file and lateral file drawers.

Double height overheads feature adjustable shelving.

Glass door overheads are NOT available on KrugExpress. Locks are not available on glass doors.

ORDERING PROCEDURE

To order, please specify the following:

- 1) Krug product model number
- 2) Wood species and finish, see page 114
- 3) Pull style and finish, see page 116
- 4) V-Beam color, see page 117
- 5) Grommet location and style if applicable

* Indicates model illustrated by line drawing

CODE DESCRIPTION

- L - left hand position
- R - right hand position
- E - end-supported
- U - under-supported

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114. If specifying a palette finish, change model number prefix to 83, e.g. 83OH0814LURE.

- R - right hand position
- E - end-supported
- U - under-supported
- 02 - one wood, remainder glass

STANDARD FINISHES

For a complete list of standard wood finishes please see page 114. If specifying a palette finish, change model number prefix to 83, e.g. 83OH0814LURE.

LOCKS

Locks are optional at an upcharge of **\$152 list per set** of 2 doors. Locks are standard on all file and lateral file drawers.

GENERAL INFORMATION

Terms and Conditions

Net 30 days on approved credit. A late payment charge of 1% per month will be applied on overdue invoices. This charge will be pro-rated to the number of days past 30 days that the invoice is overdue. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Krug dealers. Acceptance of any order and terms of sale may be established at the discretion of Krug. Deposits are required on orders received from new accounts as well as on large or special orders. Krug reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

Customer Service Hours

Please note customer service hours are:

8:30 am to 5:00 pm est

Customer Satisfaction

It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments

Each order will be acknowledged via e-mail or fax. This acknowledgment is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation

Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a \$350 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing

Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Warranty

Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers,

if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:

- normal wear and tear occurring with the use of the product
- negligence, misuse, excessive use, alteration, improper cleaning or repair
- substitution or use of incorrect or unauthorized components or material
- handling or installation that is incorrect, or that causes damage or defect
- damage incurred by a freight carrier other than Krug
- wearing of finishes and fabrics, and normal variations in material (including dye lot variations)
- properties of natural materials, including wood and leather
- exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)

Note, specific warranties for components and materials not manufactured by Krug:

Height Adjustable Mechanism Warranty

Krug warrants to the original consumer purchaser its Height Adjustable Mechanism that it will be free from defects in material and workmanship. This limited warranty covers material and manufacturing defects, which cause a non-conformance in the function of a table base and is limited to the following products and warranty term determined from their dates of purchase:

- a) Electronic components such as control boxes, hand switches and motors – two (2) years
- b) Mechanical components such as crank drives, spindles – five (5) years
- c) Structural components such as J-channels, feet and top supports – ten (10) years

The start of the warranty period is the documented date of your purchase of the product. The warranty herein is made to and for the benefit of the original consumer purchaser of the product and is non-transferable. If you discover a defect in material or workmanship during the warranty period, and Krug agrees that the defect exists, Krug will, at its option, repair or replace the Product at no charge to you, provided it is returned during the warranty period. In the unlikely event that your product should require repair or replacement during the warranty period, please contact Krug to obtain warranty service. The warranty period on replacement products is the remainder of the warranty on the original product or 30 days, whichever is longer.

Testing

All Krug Conference products meet or exceed the testing requirements of ANSI/BIFMA X5.5-2014 or X5.9-2012.

Dimensions

Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

Installation Support

For assistance please contact Technical Support at 1-888-578-5784 x216 or e-mail installationhelp@krug.ca and you will be directed to the appropriate installation support person.

Storage Charges

Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Export Packaging

Krug is pleased to provide the option for export packaging on all our products, to provide additional protection from damage. For shipments overseas, a quote for export packaging can be provided, based on the products to be ordered and the delivery destination - please contact Customer Service or Bids & Specification Support for more information and a quotation. KRUG is not responsible for shipment damage occurring on overseas shipments.

Export Packaging is **STRONGLY RECOMMENDED** for:

- (A) all shipments outside of the lower 48 states and Canada
- (B) all shipments that will be held in storage for an extended period prior to installation. Important: Please note that Krug will not be responsible for damage claims on product shipped or stored in the above conditions where export packaging has not been utilized. Please contact Customer Service for specifications or any other assistance regarding export packaging.

Freight Terms and Conditions

1. All product is shipped FOB the Krug factory. Freight is either pre-paid to the destination or not pre-paid, depending on established customer specific freight terms.
2. Docks at the selected delivery location must be equipped to handle a 53' trailer. If a dock is inadequate for delivery by Krug, Krug will re-deliver to another local location and any additional costs will be charged to the customer.
3. For all deliveries, it is understood that Krug or its agent is making a dock delivery only (equipped to handle a 53' trailer), and any further work of truck unloading, delivery beyond the dock, installation, and removal of packaging is not authorized or paid for by Krug.
4. Drop shipments to the installation site, and timed deliveries, are available on larger shipments (full truckloads or slightly less) at no additional charge. Drop shipments or timed deliveries for smaller shipments may not be available, or if available will require a surcharge. Deliveries on an after hours basis, or on weekends, or any other special requirements, may be subject to a surcharge. Location and contact information, and the requested time of delivery, is required at least one week prior to the acknowledged shipment date. If this information is not provided one week in advance, or if the location or time of the drop shipment is changed less than one week in advance, a surcharge may be applied, and/or the drop shipment may not be scheduled.
5. For all deliveries - whether to the Customer location or drop shipment - any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), service charges will be applied at the rate of \$125/hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged. If Less Than Truck Load is delivering, one hour is allocated to unload. Any additional time required to unload after the first hour is \$125/hour. If a Truck Load is delivering the order, three hours is allocated to unload. Any additional time required to unload is \$125/hour. Direct deliveries to site for net orders are possible, must exceed \$60,000 net, and accommodate 48-53' trailers. Krug is responsible for delivery to the approved delivery address. If an address change is required, this must be authorized by Krug 5 business days prior to ship date. Any additional delivery costs incurred after this time will be charged to the customer. Additional costs for partial shipment of orders are the responsibility of the customer, and will be added to invoices. This includes any part shipment costs due to delays from textile suppliers. Additional costs for partial order shipments will normally not be assessed if there is a delay caused by Krug.

Damaged Shipments

All Krug product is well engineered, carefully inspected, and expertly loaded onto our trucks at our Distribution Center. If you receive any damaged freight, we ask that you do not refuse the shipment. Krug is not responsible for damage to goods that occurs in transit or storage. It is the purchaser and/or receiver's responsibility to examine the goods upon receipt and to notify Krug of any damages, overages or shortages. Any discrepancies should be noted on the Bill of Lading. The delivering carrier will not accept responsibility for shortages or damages if signed "clear". Notification of concealed damage claims must be made to Krug Distribution within 5 days of delivery, along with digital pictures if available. All product and

packaging must be available for inspection. Krug liability ceases after 5 business days and Krug will not be responsible for concealed damages if shipments are left unopened. Krug is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.

Field Product Report Authorization

Krug's written authorization, in the form of an FPR number, must be obtained prior to incurring charges of any kind if Krug is expected to pay these charges. This includes authorization for returns, field repairs and replacements, post field repairs, installation and delivery charges. Krug reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to Krug, without prior written authorization in the form of an FPR, will not be accepted. Digital photographs may be required to complete the FPR process.

Care and Maintenance

Wood Finishes - Although Krug's extensive finishing process ensures a durable finish on all our products, there are several steps that can be taken to protect and prolong the life and beauty of the finish. Protect the top by placing felt pads on the bottom of any accessories and mechanical equipment. Rubber and oil will permanently mark surfaces. Use a desk pad to prevent possible damage and imprinting caused by writing instruments and sharp objects. Dust only with a clean, dry cloth, going with the grain. Clean any marks with a damp cloth, using a small quantity of mild soap or detergent. Do not use any wax-based polish, spray or silicone. Eventually, a film will build up and discolor the top. Do not place your furniture in a position of permanent exposure to direct sunlight.

Plastic Laminates - Clean plastic laminates with mild soap and warm water. Do not use steel wool, hot water, or any abrasive cleaning product.

Custom Capabilities

Over 15% of our orders involve some type of custom work, and we invite our customers to make use of our extensive capabilities. These include:

- 1) Dimensional customization of standard size products
 - 2) Custom wood finishes
 - 3) For larger orders, completely custom-designed products, as well as non-standard wood species can be specified.
- Custom orders may require additional production lead times. Contact Customer Service for more information.

Krug Panel Fabric Program

Tackboards can be upholstered in COM material supplied by the customer, and in a selection of stocked tackboard fabrics supplied by Momentum. The Momentum Panel fabrics are available on Krug Express. They are 100% polyester. For additional information and color selections, please refer to our Panel Fabrics card and Krug's website. www.krug.ca The Momentum panel fabrics pass ASTM-E84-87 Fire Codes. If memo samples are required please call Momentum at 1-800-366-6839.

Program Details

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of *KrugExpress* orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized. Available factory capacity for *KrugExpress* is filled by orders received on a "first come, first serve" basis. If the normal *KrugExpress* lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a *KrugExpress* order. Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received. *KrugExpress* orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean". Changes to *KrugExpress* orders are not allowed under any circumstances. Orders for product on *KrugExpress* must clearly state: "*KrugExpress*".

GRADED-IN UPHOLSTERY PROGRAMS

Krug has partnered with several textile brands to grade in their offerings, designed to provide a wide range of upholstery selections for our seating products.

Upholstery pricing and availability is subject to change without notice. We grade this upholstery according to the pricing of the fabric suppliers - when their pricing changes, the Krug grade may change. When placing an order, a Krug customer must specify the complete upholstery number, along with the appropriate Krug model number and finish. Krug will supply the complete product at the prices listed. Orders specifying graded-in upholstery cannot be cancelled once the upholstery has been ordered.

Upholstery Grades

To determine the price of a product for graded-in upholstery, use the reference lists located on Krug's website under - Products - Textiles, to view the upholstery grade (1-9). Krug is not responsible for the discontinuation of this upholstery. Please contact Customer Service for information on upholstery not listed.

When two upholstery selections are specified for use on seating, the higher grade upholstery price will apply to the order.

High Performance upholstery; Polyurethane, Vinyl or Crypton, is particularly suitable for healthcare and other intensive-use environments.

Upholstery Samples

If you require additional samples or memos for presentation, please contact fabric supplier directly.

Flammability Standards

- Tunnel Test Surface Ratings Class A rating
- Class 1 UFAC
- Passes State of California Technical Bulletin CAL 117-2013

Please contact fabric supplier directly for further flammability information pertaining to specific upholstery.

Special Conditions

Acknowledgements will give the estimated delivery date of the finished product. Some upholstery is imported, and availability may affect estimated delivery time. For large projects, please contact fabric supplier directly for availability of yardage.

TACKBOARD FABRICS

KRUG PANEL FABRIC PROGRAM

Tackboards can be upholstered in COM material supplied by the customer, and in a selection of stocked tackboard fabrics supplied by Momentum. The in-stock Momentum fabrics are priced at Grade 1 and are available on Krug Express. They are 100% polyester. For additional information and color selections, please refer to our Panel Fabrics card and Krug's website. www.krug.ca If memo samples are required please call Momentum at 1-800-366-6839. The Momentum panel fabrics pass ASTM-E84-87 Fire Codes.

PROGRAM DETAILS

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of KrugExpress orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized. Available factory capacity for KrugExpress is filled by orders received on a "first come, first serve" basis. If the normal KrugExpress lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a KrugExpress order. Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received. KrugExpress orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean". Changes to KrugExpress orders are not allowed under any

circumstances. Orders for product on KrugExpress must clearly state: "KrugExpress". *Some conditions apply. Please note PALETTE finishes are not available on KrugExpress.

CASEGOODS PROGRAM

Orders for casegood products on the KrugExpress program may be subject to quantity maximums. Please contact Krug Customer Service for more information. Quantity maximums are dependent upon available capacity, in order to insure that we ship all orders on time. Only actual casegood pieces and conference tables tops and bases are considered "units". Items such as tasklights, tackboards, keyboard trays and drawers, electrical and wire management components, etc., are not considered under the quantity restrictions. For example, a typical office configuration that includes a desk, linking unit, credenza and hutch/overhead, equals a total of four units for the purposes of the quantity maximum. Only Krug In-stock panel fabric is available on the KrugExpress program. Only standard wood finishes are available for KrugExpress orders. Grommets can be specified in standard positions only. KrugExpress also includes all Krug seating and occasional tables as well as Krug conference products to complement this casegoods offering.

CASEGOODS | GSA | 629

CUSTOMER'S OWN MATERIAL - C.O.M.

Customer's Own Material (COM)

COM must be received three weeks prior to the acknowledged ship date. Orders with COM not received by the required deadline will be delayed.

A description of the fabric, including supplier name, fabric name and color number must be included with the purchase order. When the COM fabric is received at Krug, it must be clearly identified with the fabric name and color, and tagged with name of the Krug customer and purchase order number. Krug will inspect all COM fabric when received to determine if it will be suitable for upholstery. Where Krug feels that the fabric or leather specified will compromise the quality or integrity of our products, customers will be contacted to direct these concerns. Further, Krug reserves the right to refuse to accept and use any COM fabrics or leathers that will compromise our products in any way that is unacceptable to Krug. Krug cannot assume responsibility for the durability or tailoring quality of customer's own material.

Yardage specified in this price guide is approximate. In the case of multiple product orders, multiply the number of items by the COM yardage specified to determine fabric required, unless otherwise indicated. Additional yardage may be needed if the material is less than 54" wide, or patterned or striped and requires matching. As fabric is applied horizontally, non-directional fabrics are recommended. COM fabrics are applied as they come off the roll unless otherwise specified. All striped fabrics will be applied vertically unless otherwise stated by the customer and after approval by Krug. It is the customer's responsibility to advise Krug if the upholstery is to be applied otherwise, and to advise Krug of any special upholstery instructions. Special instructions should be sent to Krug Customer Service, including a sample (or photocopy) of the fabric. Krug is not responsible for instructions sent with the fabric rolls, or for the method of upholstery if no instructions have been provided. COM fabrics for tackboards may be specified in either Maharam or Momentum panel fabrics. Krug is not responsible for determining if a fabric is not ideal for tackboard application.

Please contact Maharam at 1-800-645-3943 or Momentum at

COM Shipping Procedures

For tackboard COM fabrics, please send fabrics to:

Krug Inc.

111 Ahrens Street

Kitchener, Ontario

Canada N2H 4C2

Attention: RECEIVER

All packages must be clearly marked "For Customs Clearance by Willson International Custom Brokers". According to the North American Free Trade Agreement (NAFTA), goods shipped between the United States and Canada can qualify for exemption from all duties, or for a reduction in duties, if the goods can be proven to originate in either the United States, Canada or Mexico.

Canada Customs requires that a NAFTA Certificate of Origin and Commercial Invoice be completed and sent with the fabric shipment. The Commercial Invoice must clearly state the description of the fabric, the selling price, the make-up or content, and the purchaser. The absence of these two documents will delay the shipments at the U.S./Canada border, thereby potentially delaying the customer order. If the total value of the shipment is less than \$1200 U.S., Customs will accept a Low Value Statement of Origin in place of the NAFTA Certificate of Origin. The Low Value Statement must be signed by a representative of the exporting company. This statement may either be included on the commercial invoice or attached to the invoice.

Krug is happy to answer any questions or concerns about COM shipping procedures and the required documents. Please contact our Customs Specialist at 1.888.578.5784.

LAMINATES

LAMINATES

Krug's in-stock Laminates are available in 17 different laminate selections. Please note that 4 of the colors (Gingerbread, Portobello, Ash and Willow) have textured finishes and may not be appropriate for use in patient areas due to infection control concerns. Minimum order quantities and extended lead times may apply for exotic laminate colors, please check with customer service. Polymer Edge will be selected to match the worksurface. Krug's previous laminate in-stock program will be phased out as in-stock supply depletes. Please contact customer service for availability.
