14. Warranty

For commercial products, Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. For Krug Healthcare products (as outlined in the US Healthcare price and specification Guide dated March 1, 2019), Krug warrants the construction and finish of all Healthcare products to be free from defects in materials and workmanship for the lifetime of their use. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug.

Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.

This warranty does not apply to defects or damage resulting from:
• normal wear and tear occurring with the use of the product
• negligence, misuse, excessive use, alteration, improper cleaning or repair
• substitution or use of incorrect or unauthorized components or material
• handling or installation that is incorrect, or that causes damage or defect
• damage incurred by a freight carrier other than Krug
• wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
• properties of natural materials, including wood and leather
• exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate controlled conditions)

Note, specific warranties for components and materials not manufactured by Krug: Height Adjustable Mechanism Warranty Krug warrants to the original consumer purchaser its Height Adjustable Mechanism that it will be free from defects in material and workmanship. This limited warranty covers material and manufacturing defects, which cause a non-conformance in the function of a table base and is limited to the following products and warranty term determined from their dates of purchase: a) Electronic components such as control boxes, hand switches and motors – two (2) years b) Mechanical components such as crank drives, spindles – five (5) years c) Structural components such as J-channels, feet and top supports – ten (10) years. The start of the warranty period is the documented date of your purchase of the product. The warranty herein is made to and for the benefit of the original consumer purchaser of the product and is non-transferable. If you discover a defect in material or workmanship during the warranty period, and Krug agrees that the defect exists, Krug will, at its option, repair or replace the Product at no charge to you, provided it is returned during the warranty period. In the unlikely event that your product should require repair or replacement during the warranty period, please contact Krug to obtain warranty service. The warranty period on replacement products is the remainder of the warranty on the original product or 30 days, whichever is longer.

Jordan Sleepers Heavy-Duty Mechanism, made with heavy gauge steel and minimal moving parts - is backed by a 5-year warranty on the mechanism itself, in addition to the lifetime warranty on the rest of the product. If it does become damaged or degraded, the mechanism can be field-replaced. Juno and Trevisa Overbed Tables have a 2-year warranty.

level® CERTIFICATION & AIR-EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Zola products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our anufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Zola and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

The mark of responsible forestry

ZOLA | FEATURES & OPTIONS

INTENSIVE USE ENVIRONMENTS
Zola has been designed for healthcare and other intensive use environments, with some important features: removable and replaceable upholstery covers, an anti-microbial finish, the option of a urethane arm cap and a standard clean-out between the seat and back. Modular construction allows for complete cleaning and disinfecting of the entire unit, and air emissions certification, make Zola an excellent solution for healthy spaces and caregiving environments.

ZOLA LOUNGE & ZOLA MODULAR
Zola Lounge chairs are pre-assembled at Krug and cannot be reconfigured into Modular units. Arms and backs cannot be removed from the seat.

RECONFIGURABILITY
Zola Modular is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal-to-metal bracketry is designed for fast, easy reconfiguring, that does not damage or degrade the product, and new components can be added and added with ease. Both backs and arms can be reconfigured to either side of the unit. Its unique leveller provides exceptional leveling capability over large spans, and on uneven floors. Heavy duty casters provide seating with mobility.

LINKING BRACKET
The Zola seat-to-seat linking bracket is made of sturdy, powder-coated steel construction in a black finish. This linking bracket is fastened with metal to metal connections from the seat to another seat with hardened steel bolts to ensure exceptional durability and strength. Brackets mount underneath, and do not mar or damage the tables or seats. This feature is not available on the Lounge version.

REPLACEABILITY
Zola is built to last: its heavy-duty structure is designed for intensive use environments. When any component is damaged or degraded, it can be easily changed out on its own, instead of having to replace or repair an entire unit. Along with its use of recycled and recyclable materials, the replaceability of components means Zola can provide exceptional long term value, and be an investment in sustainability.

FINISH DURABILITY
The Krug's finish a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of high traffic environments.

WALL SAVER
The angle of the Zola Lounge back is designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the room. Zola upholstered chairs are built with a 1/2" clearance between the top of the back and the wall for the wall saver design. Please note wall saver is not a feature on the wood back versions.

CLEAN OUT
Zola chairs have a built-in clean out feature: a space at the back of the seat that allows dirt and debris to fall to the floor for easy clean up and maintenance. The clean out feature was designed so that it does not detract from the comfort or appearance of the product.

CASTERS
Optional on the Zola Lounge are the choice of:
a) Four - 3 1/4" dia hard wheel casters, consisting of two non braking on the front, and two braking on the back. Braking casters have a large , easy access foot activation lever.
b) Two non braking casters on the back, and two legs on the front. Casters are NOT available on the Plus product(s)

LEGS
Zola legs are Silver Metallic or Matte Black and feature glides that are adjustable up to 1.25", which provide leveling capability over longer spans.

URETHANE ARM CAP
The optional urethane arm cap provides enhanced durability and protection for the arms. Urethane arm caps are available in two color options; Grey and Taupe. The urethane arm cap is field replaceable if damaged or degraded with the assistance of a skilled upholsterer.

SOLID SURFACE ARM CAP
The optional Solid Surface Arm Cap provides enhanced durability, protection and cleanability for the arms. This is field replaceable if this becomes damaged or degraded and is available in 8 standard colors.

FULL DEPTH BENCHES
Modular Curved Benches are offered in two depths. For a flush edge when joining a Modular Curved Bench to Modular seat with back choose the Full Depth.

PLUS UPGRADE
Zola seating is available with optional Plus Upgrade. Plus Seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

WEIGHT CAPACITIES
Zola weight capacities are as follows:

One-Seat (Straight or curved)	300 lbs
One-Seat Plus	750 lbs
Two-seat (Straight or curved)	525lbs
Two-seat Plus	975 lbs
Three-seat	750 lbs
Three-seat Plus	1150 lbs

ZOLA | FEATURES & OPTIONS

TABLETS
Optional Tablets are available on the Zola Lounge & Modular in veneer, clear glass, solid surface, high pressure laminate and palette finishes. The Zola tablet can be fastened to the Zola Lounge & Modular chairs by the Universal Tablet Mount (mounted left or right), to existing legs and features an elliptical shape of 16 1/2" x 11 1/2" x 3/4" in size. The Zola Tablet has a turning radius of 360 degrees, which accommodates any worksurface angle.

TABLES MATERIALS OPTION
Tables are available in veneer, plastic laminate, and Palette finishes - and an optional Solid Surface top. Tables feature leveling glides on every leg. See 373.

SOLID SURFACE TOPS
The Solid Surface Top option features Solid Surface material: composed of minerals, acrylic resins and colors, it is a non-porous, scratch and dent-resistant material that does not stain, and does not allow microbes and bacteria to penetrate the surface. Color is throughout the material, so surface scratches are not as visible.

LINKING TABLES
Zola Linking Tables can be fastened in the field to Zola Modular and Zola Benches with the table to seat bracket without compromising the upholstery. Zola Middle tables have the ability to be easily reconfigured, as they are universal and non-handed. They can be moved to a reverse position in almost any configuration to provide a high level of flexibility when specifying.

LINKING BRACKETS
The Zola table to seat bracket is made of sturdy, powder-coated steel construction in a Silver Metallic finish to match the legs and casters. This linking bracket is fastened with metal to metal connections from the seat to the table with hardened steel bolts to ensure exceptional durability and strength. Brackets mount underneath, and do not mar or damage the tables or seats. This feature is not available on the Lounge version.

POWER
The flush-mounted Power unit provides dual power/ USB A & C outlets for multiple devices. It can be located on either side of the seat, seat front, (not available on curved fronts) as well as on the front face of tables as standard. See **page** 22 for locations and **page** 83 for pricing.

UNDER-MOUNT POWER
The Under-mount Power unit provides dual power/ USB A & C outlets for multiple devices. It can be located below seats and tables. See **page** 83 for pricing.

COMBINATION UPHOLSTERY OPTIONS
When combination upholstery is specified with fabric of the same grade or COM, an upcharge for dual fabrics is **$33 list** per unit and **$62 list** per unit for three fabrics will be applied. When graded in combination upholstery is selected, use the highest grade upholstery selected or to obtain a quote for blended grading contact Customer Service (please provide the fabrics specified and location of where each fabric is to be applied on the product).

REPLACEMENT UPHOLSTERY COVERS
Replacement upholstery covers can be easily fitted onto Zola Modular components (with the exception of Zola Curve backs) originally ordered with Removable Upholstery Covers. It is possible to use replacement covers on modular components originally ordered with standard upholstery covers, but this requires some removal of staples and other basic upholstery. Please note that the tailoring of replacement upholstery covers can be less exact and refined in appearance as original upholstery.

REMOVABLE UPHOLSTERY COVERS
Removable Upholstery Covers are available on most Zola Modular upholstered components, (with the exception of Zola Curve backs) at an upcharge. This feature allows for upholstery covers to be cleaned and disinfected, and allows them to be field-replaced with replacement upholstery covers. Please note that the tailoring of Removable Upholstery Covers can be less exact and refined in appearance than standard upholstery. Replacement and removeable covers, (supplied with Velcro) will tailor differently than the permanently stapled upholstery. Overall form and fit is identical, however minor dimensional build up due to the thickness of the velcro can occur. The velcro fastening build up is directed to the least noticeable face (usually the bottom edge of a component) where ever possible.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.

The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $917 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.

Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information.

ZOLA | RECONFIGURABILITY

Zola is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal to metal bracketry and frames are designed for fast, easy reconfiguring, and new components can be added at any time. Its unique leveller provides exceptional levelling capability over large spans, and on uneven floors. Heavy duty casters provide seating with mobility. Each of the 6 sample configurations shown here use exactly the same components - highlighting Zola Modular has the ability to reconfigure again and again, in a myriad of different ways. Joining bracketry is underneath seats and backs, so no surfaces are marred or damaged when connected, and re-connected.

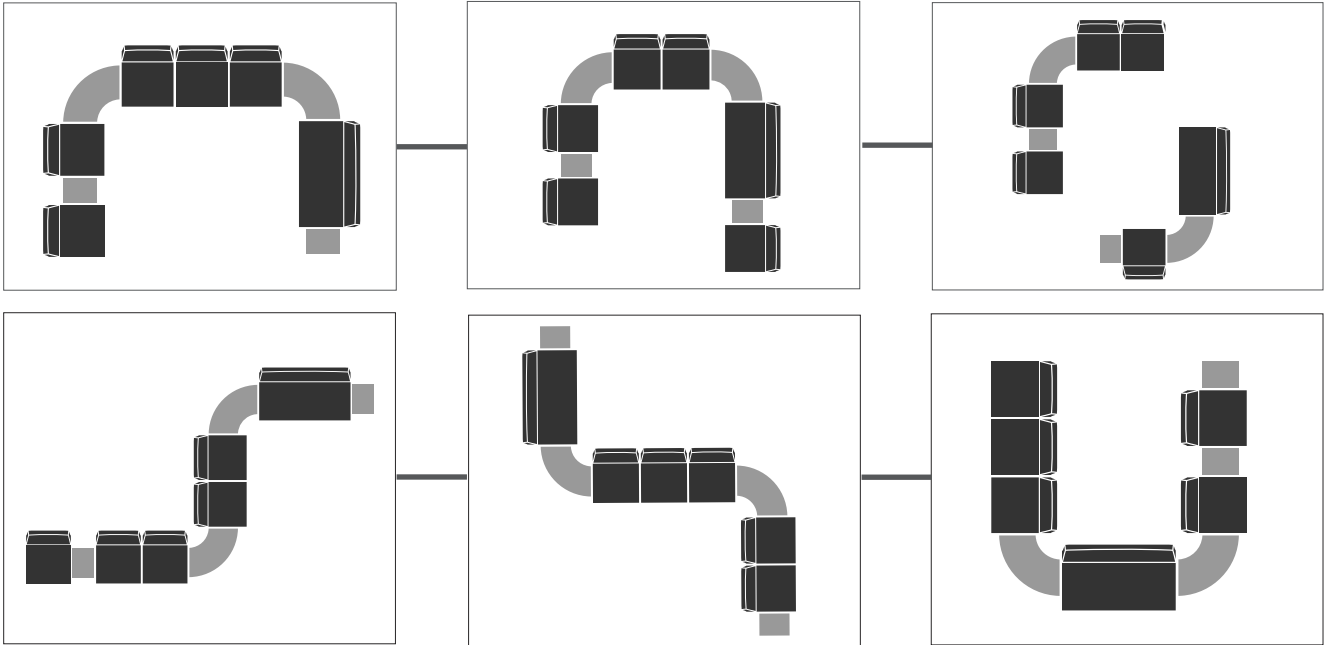

ZOLA | SEAM LOCATIONS

Due to the curved geometry of the upholstered backs, vertical seams are necessary for quality tailoring of the unit. Patterned Fabrics with "Distinctive details" - such as stripes, squares, straight lines and/or large details, will have noticeable changes in regards to the alignment of the patterns. 90 Degree units -both inside and outside curves are most noticeable. 60, 45 and 30 degree are also subject to this.

Approximate Dimensional Distortions on Patterns:

	Inside Curve	Outside Curve
30 Deg	1 ½"	1"
45 Deg	2"	1 ½"
60 Deg	2 ½"	2"
90 Deg	3"	2 ½"

Zola seat photo indicates location of seam.
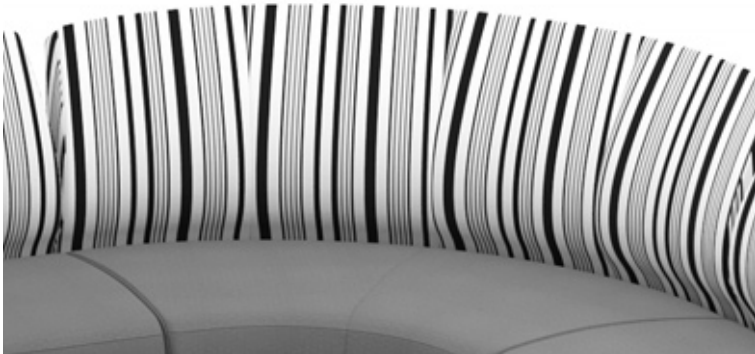

Inside Curve
Showing colliding stripes at the lumbar portion of the back, and opening stripes at the top and bottom.

Outside Curve
Showing colliding stripes at the upper and lower portion of the back, with opening stripes at the lumbar.

Three-seat	12.5	1.5	1.90	2.61	3.3
One-Seat (Plus)	7	1.5	1.90	2.61	3.3

To calculate the COM Yardage for more than 4 units, take the largest multiple (4 units) and add the closest remainder. See below for example calculations.

5 Units = Take the yardage for 4 units and add the yardage for 1 unit
6 Units = Take the yardage for 4 units and add the yardage for 2 units
7 Units = Take the yardage for 4 units and add the yardage for 3 units
8 Units = Take the yardage for 4 units and multiple by 2
9 Units = Take the yardage for 4 units, multiply by 2, add yardage for 1 unit
10 Units = Take the yardage for 4 units, multiply by 2, add yardage for 2 units
20 Units = Take the yardage for 4 units, multiply by 5
67 Units = Take the yardage for 4 units, multiply by 16, add yardage for 3 units

COMBINATION UPHOLSTERY OPTIONS
When combination upholstery is specified with fabric of the same grade or COM, an upcharge for dual fabrics is **$33 list** per unit and **$64 list** per unit for three fabrics will be applied. When graded in combination upholstery is selected, use the highest grade upholstery selected or to obtain a quote for blended grading contact Customer Service (please provide the fabrics specified and location of where each fabric is to be applied on the product).

ORDERING NOTES:
Please note, Zola Lounge chairs are pre-assembled at Krug and cannot be reconfigured into Modular units. Arms and backs cannot be removed from the seat. Zola Lounge chairs cannot be used in conjunction with Zola Linking Tables. Zola Plus Lounge Two-Seats and Three-Seats units have the same dimensions as the Regular Lounge Two-Seats and Three-seats. Zola Lounge chairs are not available with replacement components or covers. These options are only available on the Modular product.

FEATURES: For a complete listing of features see **page** 3.

One-Seat (Plus)	1.90	1.8	3.5	5.25	7	1.25	2.6	3.75	5.5

To calculate the COM Yardage for more than 4 units, take the largest multiple (4 units) and add the closest remainder. See below for example calculations.

5 Units = Take the yardage for 4 units and add the yardage for 1 unit
6 Units = Take the yardage for 4 units and add the yardage for 2 units
7 Units = Take the yardage for 4 units and add the yardage for 3 units
8 Units = Take the yardage for 4 units and multiple by 2
9 Units = Take the yardage for 4 units, multiply by 2, add yardage for 1 unit
10 Units = Take the yardage for 4 units, multiply by 2, add yardage for 2 units
20 Units = Take the yardage for 4 units, multiply by 5
67 Units = Take the yardage for 4 units, multiply by 16, add yardage for 3 units

Zola Modular Plus Two-Seats and Three-Seats units have the same dimensions as the Regular Modular Two-Seats and Three-seats.

COMBINATION UPHOLSTERY OPTIONS
When combination upholstery is specified with fabric of the same grade or COM, an upcharge for dual fabrics is **$33 list** per unit and **$64 list** per unit for three fabrics will be applied. When graded in combination upholstery is selected, use the highest grade upholstery selected or to obtain a quote for blended grading contact Customer Service (please provide the fabrics specified and location of where each fabric is to be applied on the product).

PACKAGING
All Modular Units, and tables will be shipped KD (Knocked Down)

Upcharge for Removable Upholstery Covers:

ORDERING NOTES:

The Interim Arm was designed to fit in between two seating units and therefore shortens the width between arms by 1" per seating unit. The interim Arm does not compromise the overall width of the combined benches. Zola Arms (left or right) are specified when seated. To specify Solid Surface Arm Cap add a "3" to the end of the model above, example ZOL3 MAL**3,** and clearly state color choice. (See **page** 116 for color selection)

level® CERTIFICATION & AIR EMISSIONS CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola Privacy products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Zola Privacy products are supplied air-emissions certified. Contact customer service for information.

FSC® C021699

The mark of responsible forestry

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Jordan and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

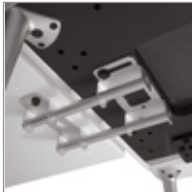

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ZOLA PRIVACY | FEATURES & OPTIONS
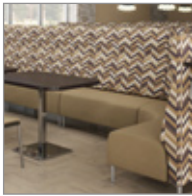

REPLACEABILITY
Zola is built to last: its heavy-duty structure is designed for intensive use environments. When any component is damaged or degraded, it can be easily changed out on its own, instead of having to replace or repair an entire unit. Along with its use of recycled and recyclable materials, the replaceability of components means Zola can provide exceptional long-term value, and be an investment in sustainability.

RECONFIGURABILITY
Zola is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal-to-metal brackets are designed for fast, easy reconfiguring, that does not damage or degrade the product, and new components can be added and added with ease. Arms can be added and reconfigured to either side of the unit. Its unique leveler provides exceptional leveling capability over large spans, and on uneven floors.

PRECONFIGURED
Zola Privacy can be specified in select preconfigured stand-alone arrangements. The offering includes one, two and three seat units in both Mid Height and Full Height styles. The units are pre-assembled with either full depth or semi-private side panels.

INTENSIVE USE ENVIRONMENTS
Zola has been designed for healthcare and other intensive use environments, with some important features: removable and replaceable upholstery covers, an anti-microbial finish, the option of a urethane arm cap and a standard clean-out between the seat and back. Modular construction allows for complete cleaning and disinfecting of the entire unit, and air emissions certification, make Zola an excellent solution for healthy spaces and care-giving environments. Plus styles are included in the offering.

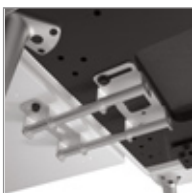

BACK CONNECTION
The Zola Privacy back linking connectors are made of sturdy steel construction. It is a two part bracket fastened with metal-to-metal connections. Brackets are not visible when units are linked. Linked backs can only be reconfigured in the same start/center/end positions.

LINKING SEAT-TO-SEAT
The Zola seat-to-seat linking bracket is powder-coated steel construction in a black finish. This linking bracket is fastened with metal-to-metal connections from the seat to another seat with hardened steel bolts to ensure exceptional durability and strength. Brackets mount underneath, and do not mar or damage the tables or seats.

LINKING TABLE-TO-SEAT
The Zola table-to-seat bracket is powder-coated steel in a Silver Metallic finish to match the legs and casters. This linking bracket is fastened with metal-to-metal connections from the seat to the table.

CLEAN OUT
Zola Lounge chairs have a built-in clean out feature: a space at the back of the seat that allows liquid, dirt and debris to fall to the floor for easy clean up and maintenance. The clean out feature was designed so that it does not detract from the comfort or appearance of the product.

LEGS
The legs offered on Zola Lounge are Silver Metallic or Matte Black and feature glides that are adjustable up to 1.25", which provide leveling capability over longer spans. Caster leg is not available.

TWIN BACK
Zola Privacy is available in unique Twin Back models for both straight and curves styles. The one piece back-to-back design provides a clean, minimal solution for space division and maximizing seating.

COMBINATION UPHOLSTERY OPTIONS
When combination upholstery is specified with fabric of the same grade or COM, an upcharge for dual fabrics is **$33 list** per unit and **$64 list** per unit for three fabrics will be applied. When graded in combination upholstery is selected, use the highest grade upholstery selected or to obtain a quote for blended grading contact Customer Service (please provide the fabrics specified and location of where each fabric is to be applied on the product).

ANTI-MICROBIAL FINISH
Zola wood surfaces come with an anti-microbial finish that inhibits the growth of some molds and mildews. Surfaces coated in this finish support the reduction of fungal growth, and spores from germs, microbes and bacteria.

FINISH DURABILITY
Krug's finish, a proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of high traffic environments.

PLUS UPGRADE
Zola seating is available with optional Plus Upgrade. Plus Seating has been engineered to support higher weight capacities, accommodating a wider variety of users.

WEIGHT CAPACITIES
Zola weight capacities are as follows:

One-Seat (Straight or curved) - 300 lbs
One-Seat plus   - 750 lbs
Two-seat (Straight or curved)- 525lbs
Two-seat plus   - 975 lbs
Three-seat   - 750 lbs
Three-seat plus   - 1150 lbs

ZOLA PRIVACY | OPTIONS

PRIVACY SCREEN
Zola Privacy Screens are made of durable frosted acrylic and can be mounted to both mid and full height backs. Steel mounting hardware enables screens to be replaced in the field.

TABLET
Optional Tablets are available in veneer, clear glass, laminate, solid surface and palette finishes. The Zola can be fastened by the Universal Tablet Mount (mounted left or right), to the single Zola leg, it is not able to mount on the Zola dual leg. The Zola Tablet has a turning radius of 360 degrees.

TABLES
Tables are available in veneer, high pressure laminate or Palette finishes - and an optional solid surface top. An optional flush-mounted Table PowerDoc provides dual power/USB A & C outlets for multiple devices can be located on the front face of Middle or End Tables (not available on curvilinear models). PowerDoc's have a 10" cord.

MODULAR ARM
Modular arms can attach to the left or right ends of seating units as well as interim locations between units. They are fully upholstered and can optionally be trimmed with urethane or solid surface arm caps.

URETHANE ARM CAP
The optional urethane arm cap provides enhanced durability and protection for the arms. Urethane arm caps are available in two color options; Grey and Taupe. The urethane arm cap is field replaceable if damaged or degraded.

SOLID SURFACE ARM CAP
The optional Solid Surface Arm Cap provides enhanced durability, protection and cleanability for the arms. This is field replaceable if this becomes damaged or degraded and is available in 8 standard colors.

SHELVES & POWER
Back-mounted shelves can be specified in either 30", 36" or 42" and are available in veneer, laminate and Palette finishes (Solid surface overlay also available – contact customer service) The surface-mounted Shelf PowerDoc provides dual power/USB A & C outlets for multiple devices. Units with Shelf Power are not available with Removable Cover option.

SEAT POWER
The flush-mounted power unit provides dual power/USB A & C outlets for multiple devices. It can be located on either side of the seat, or on the seat front (not available on curved fronts). See **page** 83 for pricing. Power unit color is white. Units with Seat Power are not available with Removable Cover option.

PRIVATE MODULAR SIDE PANEL
Side Panels can be specified (in either of two heights) as Start, Center and End locations of configurations to provide an additional degree of privacy and enclosure, and a resting corner position for users - a beneficial element in study, work and waiting area settings. Side Panels will only connect to Center seating units.

SEMI-PRIVATE MODULAR SIDE PANEL
Semi-Private Side Panels are shallower in depth than standard Side Panels and available in Mid and Full Height back styles. They are specified as Start, Center and Ends and only connect to Center seating units.
In configurations such as banquette settings with tables, they can offer users privacy while still permitting side entry to the seating.

REPLACEMENT UPHOLSTERY COVERS
Replacement upholstery covers can be easily fitted onto Zola Modular components (with the exception of Zola Curve backs) originally ordered with Removable Upholstery Covers. It is possible to use replacement covers on modular components originally ordered with standard upholstery covers, but this requires some removal of staples and other basic upholstery. Please note that the tailoring of replacement upholstery covers can be less exact and refined in appearance than original upholstery.

REMOVABLE UPHOLSTERY COVERS
Removable Upholstery Covers are available on most Zola Modular upholstered components, (with the exception of Zola Curve backs) at an upcharge. This feature allows for upholstery covers to be cleaned and disinfected, and allows them to be field-replaced with replacement upholstery covers. Please note that the tailoring of Removable Upholstery Covers can be less exact and refined in appearance than standard upholstery. Replacement and removeable covers, (supplied with Velcro) will tailor differently than the permanently stapled upholstery. Overall form and fit is identical, however minor dimensional build up due to the thickness of the Velcro can occur. The Velcro fastening build up is directed to the least noticeable face (usually the bottom edge of a component) where ever possible.

MOISTURE BARRIER & CAL 133
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.
The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $917 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks.
Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information.

# ZOLA PRIVACY | POWER LOCATIONS
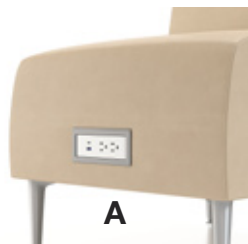

Seat Power

When ordering Seat Power clearly indicate required location using:

A - for front center of seat (not available on curved fronts)

A

B - for left side of seat (facing)

B

C - for right side of seat (facing)

D - for both left and right of seat

Units with Power are not available with Removable Cover option.

C

Shelf Power
Located mid-position on the shelf surface. Units with Shelf Power are not available with Removable Cover option.

Table Power
Located on the front face of the table as standard. To specify, clearly mark on the order and add **$647 list**.

Under-mount Power
The Under-mount Power unit provides dual power/USB A & C outlets for multiple devices. It can be located below seats and tables.

# ZOLA PRIVACY | CONNECTING MULTIPLE UNITS

SEATING
Start, Center and End multiple units are used to configure continuous runs of seating. Units are specified from left to right (facing). Configurations must include one Start Unit and one End Unit and can be connected to any number of Center Units. Back connecting hardware is concealed once connected to the adjoining unit.
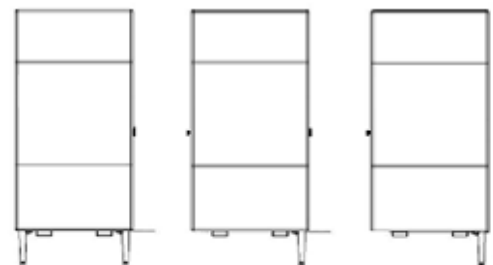

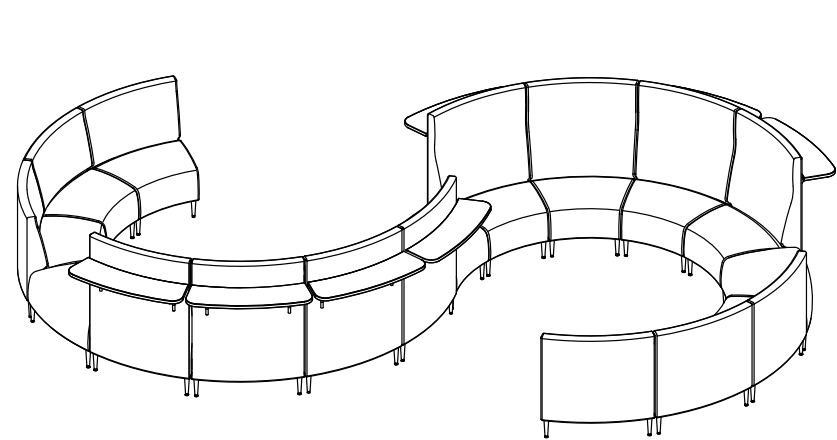

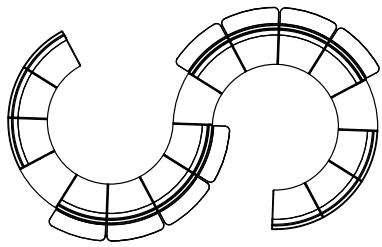

SIDE PANELS
Start, Center and End Panels are configured in combination with Center Seating only. Start and Center Panel kits contain additional legs which connect to the Center Seat Unit.

ZOLA PRIVACY | INLINE WALLS | FEATURES & OPTIONS

RECONFIGURABILITY

Inline Walls can be reconfigured within Zola Privacy seating configurations. Inline walls are comprised of 3 module types, a left and a right corner unit plus a center unit and are available in two depths - Inline Wall at 12 inches and Inline Table Wall at 28 inches. Inline Wall corner units and Inline Table Walls must connect to Start, Center or End seating unit.

BACK CONNECTION

Inline Corner Walls and Inline Tables connect to Zola Privacy seating using steel brackets. Seating must be specified as start, center or ends.

LEGS

The legs offered on Zola Lounge are Silver Metallic or Matte Black and feature glides that are adjustable up to 1.25", which provide leveling capability over longer spans. Caster leg is not available.

MEDIA & POWER

Inline walls can be optioned with Media provisions and Powerdocs.

RUNOFF TABLES

Run-off tables are used in combination with Inline Walls and provide a fixed occasional height table between two seating units. They feature a single tapered metal leg with adjustable glide.

LAMINATE OR WOOD OPTIONS

Inline walls are offered in wood and laminate surfaces. They create a straight wall partition between two opposing seating units. Walls are available in Mid and Full Height back styles and are 12" in depth at the base.

SOLID SURFACE OVERLAY

The Solid Surface top option is priced as an upcharge to existing table price. Zola Solid Surface tables have a 1/2" thickness on top of the existing table, with a 1 mm overhang (soft radius vertical edge). Please see **page** 116 for color options.

CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola Bench products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Zola Bench products are supplied air emissions-certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manufacturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Zola and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

FSC® C021699

The mark of responsible forestry

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola Behavioral Health products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR-EMISSIONS
All Zola Behavioral Health products are supplied air-emissions certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manu-facturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Jordan and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ZOLA BEHAVIORAL HEALTH | FEATURES

TAMPER-RESISTANT HARDWARE
This is utilized on all connection points of the product that are (or potentially) accessible, hindering components from being removed or the product being dis-assembled. The unique tools for these fasteners are available from Krug for any maintenance and component replacement.

INACCESSIBLE STAPLES
All staples on this product are covered and made inaccessible with a secondary barrier, which is fastened with tamper-resistant hardware.

LIGATURE RISK REDUCTION
This product has been designed to minimize the ability to use it for ligature - the closed arm panels, the elimination of legs, and the option of Restricted Access Upholstery significantly reduce the points on the product that could be used for ligature.

SPRINGLESS SEAT CONSTRUCTION
A very comfortable and durable sit is achieved without internal metal components such as springs - the high resiliency foam and heavy-duty suspension sheet webbing are materials used to deter harm or damage.
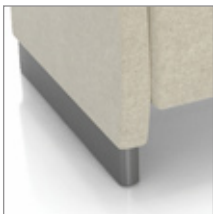

ARM PANEL BASE
This product has no legs (which could be used to cause harm or damage, or for ligature); instead the bottom portion of each arm panel is a 3" vinyl-clad runner. The durable covering is tightly secured, easy to clean, and will resist damage caused by cleaning equipment, etc.
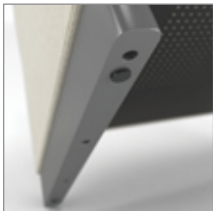

SECURED GLIDES
The glides are epoxied and nailed in place to hinder their removal. They can be field-replaced with the use of tools.

WALL SAVER
The position of the back in relation to the base of this product is designed so the back won't impact when the chairs are pushed against the wall - avoiding potential damage to both the chairs and walls.

RESTRICTED ACCESS
This product has been designed to minimize the ability to use it for ligature - the closed arm panels, the elimination of legs, and the option of Restricted Access Upholstery. This product has been designed to minimize the ability to use it for ligature - the closed arm panels, the elimination of legs, and restricted access to the interior of the chair

FINISH DURABILITY
The Krug 's proprietary catalyzed varnish formulation, has been repeatedly shown, through independent laboratory testing, to be the industry leader in durability and abrasion resistance. The Krug finish looks better longer than competitors, and is uniquely suited to the demands of healthcare environments.

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

WEIGHT CAPACITIES
Zola Behavioral Health weight capacities are as follows:
One Seat - 300lbs
Two Seat - 525
Three Seat - 750
One Seat Plus - 750
Two Seat Plus - 975
Three Seat Plus - 1150

ADDITIONAL FEATURES
• Lifetime warranty
• Certified to meet CAL 117 with most fabrics

HEALTHCARE DISCOUNT APPLIES TO THESE PRODUCTS

ZOLA BEHAVIORAL HEALTH | OPTIONS

**HEALTHCARE DISCOUNT APPLIES TO THESE PRODUCTS**

FLOOR ANCHORING
This can be provided when the product is ordered, or can be added in the field. In both cases, the fastening hardware attaching the steel floor anchoring brackets to the product is tamper-resistant.
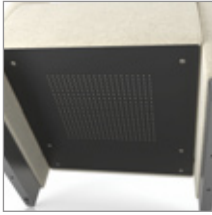

STEEL BOTTOM SHIELD
This hinders access to the interior frame and components. The powdercoated heavy-gauge steel has venting to allow circulation (venting holes are small enough to hinder use for concealment or ligature), and is fastened with tamper-resistant hardware. The Bottom Shield also adds weight to the product.
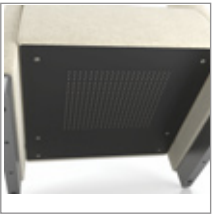

WEIGHTING
The option of additional weighting can be specified, to specific weight requirements. Additional weighting is achieved through steel plating that is fastened to the interior side of the Steel Bottom Shield, making it secure and inaccessible. This option increases total shipping weight to 87lbs.

PLUS UPGRADE
The offering includes a standard plus-size 1-seater model, as well as the option to specify plus weight rating for all other models in the offering - this provides a weight rating that exceeds 750 lbs, and includes additional seat support and an additional back leg on the 2- and 3-seat models only.

REMOVABLE/REPLACEABLE UPHOLSTERY
Removable upholstery covers can be specified on this product, to facilitate cleaning and assist with infection control. They utilize tamper-resistant hardware, and inaccessible staples. Replacement upholstery covers have the same features, and can be field installed with tamper-resistant fastener tools.

TABLES
A range of occasional tables designed specifically for behavioral health environments is included in this product offering, with a similar range of features and options to provide safety and security to patients and care-givers.

CAL133 & MOISTURE BARRIER
California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method, in combination with non-flammable upholstery covers, may enable products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of the uphostered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified , the product also features the compliance method and low flammability features of CAL 133.

The application of this up-charge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL133 compliant. If the official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $917 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of products and upholstery have already been tested. Please contact Customer Service for additional information.

- 6% Hardwood Veneer
- 3% Hardwood
- 59% Particle Board

PRE-CONSUMER
RECYCLED CONTENT = 58.82%

POST-CONSUMER
RECYCLED CONTENT =17.25%

Up to 29.41% of this Zola product is recyclable at the end of its useful life.

CONTRIBUTES TO

CREDIT 2.1 - 2.2	Construction Waste Management	1-2 point(s)
CREDIT 3.3	Resource Reuse	1 point
CREDIT 4.1	Recycled Content	1 point
CREDIT 4.2	Recycled Content	1 point
CREDIT 4.5	Low Emitting Materials, Systems & Seating	1 point
CREDIT 5.1	Regional Materials*	1 point
CREDIT 7	Certified Wood (MUST BE REQUESTED)	1 point(s)

*This credit is only applicable if in total 20% of the combined value of the procurement of construction materials and in the furniture are manufactured within a radius of 500 miles. This credit will apply if the installation of the finished product occurs within 500 miles of Kitchener, Ontario.

level® CERTIFICATION, AIR EMISSIONS AND FSC® CERTIFICATION

level® CERTIFICATION
BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements which include Materials, Energy & Atmosphere, Human & Ecosystem Health and Social Responsibility. Zola products have earned level®, BIFMA's sustainability certification program for furniture, certification through third-party verification against the e3 standard.

AIR EMISSIONS
All Zola products are supplied air emissions-certified. Contact customer service for information.

FSC®
In 2005, Krug received Forest Stewardship Council® (FSC®) Chain-of-Custody certification for our manu-facturing facilities. The FSC® Chain-of-Custody tracks certified wood from seedling to final sale. It verifies that the material for our FSC® certified products only come from well-managed, FSC®-certified forests and other controlled sources. FSC® is dedicated to the promotion of responsible forest management worldwide helping to take care of forests for future generations. Jordan and other Krug products can be specified with FSC® Certification. Contact customer service for further information, pricing and lead times.

Architects, designers, and building professionals can specify FSC®-certified products in order to achieve a point from the US. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System.

ZOLA | TABLES FEATURES

TABLES MATERIALS OPTION
Tables are available in veneer, plastic laminate, and Palette finishes - and an optional solid surface top. Tables feature leveling glides on every leg.

SOLID SURFACE TOPS
The Solid Surface Top option features Solid Surface material:

composed of minerals, acrylic resins and colors, it is a non-porous, scratch and dent-resistant material that does not stain, and does not allow microbes and bacteria to penetrate the surface. Color is throughout the material, so surface scratches are not as visible.
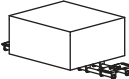

POWER OPTION
The flush-mounted Power unit provides dual power/USB A & C outlets for multiple devices. It can be located on the front face of Middle or End Tables (not available on curvilinear models) To specify, clearly mark on the order and add **$647 list.**
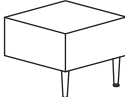

UNDER-MOUNT POWER OPTION
The Under-mount Power unit provides dual power/USB A & C outlets for multiple devices. It can be located below tables.
See **page** 83 for pricing.

TRIANGULAR TABLE DIMENSIONS
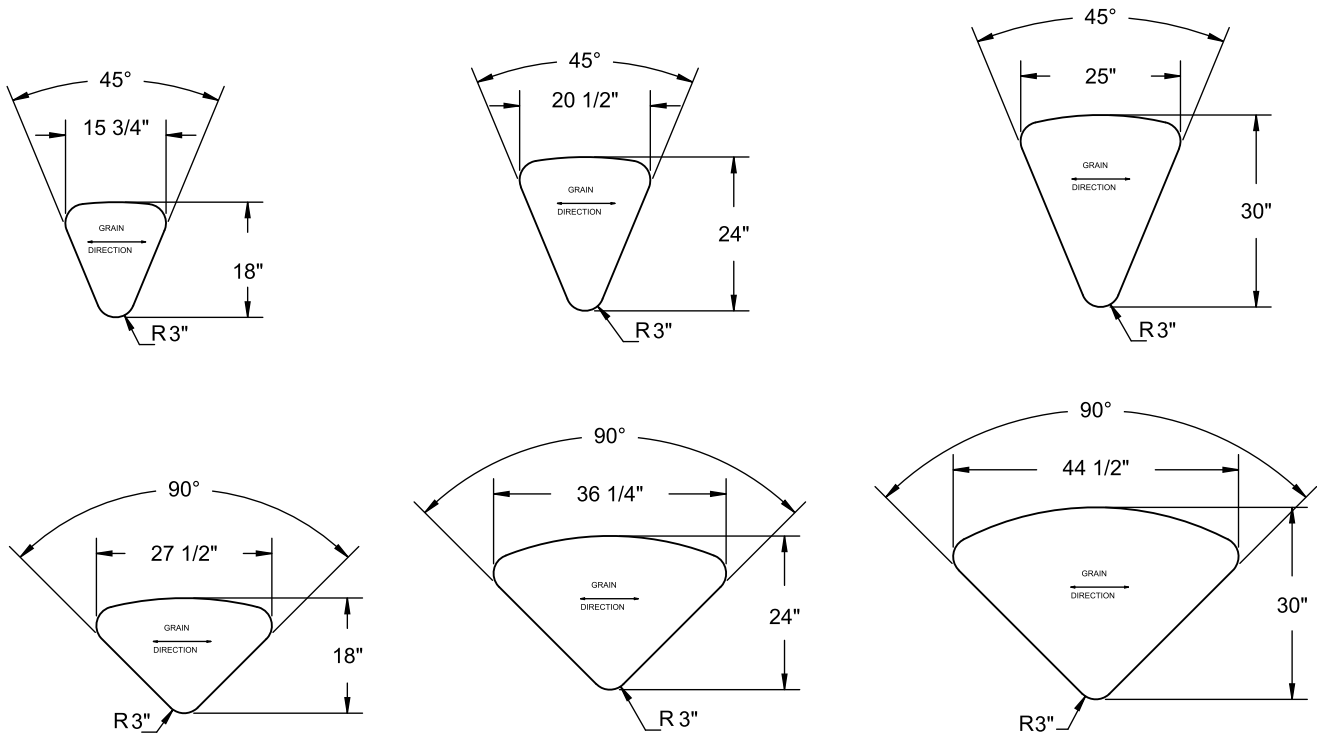

GENERAL INFORMATION

Terms and Conditions
Net 30 days on approved credit. A late payment charge of 1% per month will be applied on overdue invoices. This charge will be pro-rated to the number of days past 30 days that the invoice is overdue. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Krug dealers. Acceptance of any order and terms of sale may be established at the discretion of Krug. Deposits are required on orders received from new accounts as well as on large or special orders. Krug reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

Customer Service Hours
Please note customer service hours are:
8:30 am to 5:00 pm est

Customer Satisfaction
It is the primary goal of Krug and our staff to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with a Krug product after the expiration of the limited warranty period, Krug will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

Order Acknowledgments
Each order will be acknowledged via e-mail or fax. This acknowledgments is the final agreement between Krug and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between a product code and a description, Krug will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgments for accuracy, and advise Krug of any discrepancies with a purchase order.

Order Cancellation
Krug reserves the right to not accept or allow cancellation of orders. All products are manufactured on a custom-made, make-to-order basis, and the purchasing, engineering and production of orders begins shortly after order placement - and the customer purchase order is a contract that authorizes Krug to manufacture the products. Acceptance of order cancellation (or partial cancellation) is solely at the discretion of Krug, and is dependent on the extent to which engineering, purchasing and manufacturing has been initiated by the time cancellation is requested. No order cancellations (partial or otherwise) are allowable more than 4 weeks from date of order placement (as order production is unable to be terminated by that point), and full payment of the acknowledged order value is required for any orders cancelled after 4 weeks. Cancellations may be allowable in less than 4 weeks after order placement, depending on the extent to which manufacturing has been initiated. An acceptance of order cancellation requires that the purchaser agrees to make payment for all costs incurred to the point of acceptance of cancellation. Cancellation charges include all costs for purchase of dedicated material and components, engineering costs for non-standard products, and all costs for manufacturing completed to that point, as well as a $367 net charge for processing of the original order and for processing of cancellation invoicing.

Pricing
Krug endeavors to ensure that all prices in this price list reflect accurately our current prices. However, errors do occur and will be rectified through notices to the field. Krug reserves the right to acknowledge pricing that may be different from the price list.

Storage Charges
Krug reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

Warranty
Krug warrants the construction and the finish of all our products to be free from defects in materials and workmanship for a period of 10 years from the date of purchase. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components not manufactured by Krug including textiles, which are subject to the specific warranties of those manufacturers, if any. Textiles (fabric, leather, vinyl, or any other covering material) suppliers do not guarantee their products for durability and color fastness, and nor does Krug. Casters, mechanical and electrical components have a warranty of five years from the date of purchase. The Krug warranty does not apply to COM-specified materials, damage caused by a carrier other than Krug, or variation in wood finishes due to natural wood color variation. Krug cannot be held responsible for variations in fabric dye lots from order to order. All fabric is carefully inspected when it is received, but a degree of variation in color should be expected. Repairs or replacement of any defect covered under this warranty by Krug will be made, at our option and method, at no charge to the original purchaser during the warranty period. Krug's judgement is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner of repair or replacement.
This warranty does not apply to defects or damage resulting from:
• normal wear and tear occurring with the use of the product
• negligence, misuse, excessive use, alteration, improper cleaning or repair
• substitution or use of incorrect or unauthorized components or material
• handling or installation that is incorrect, or that causes damage or defect
• damage incurred by a freight carrier other than Krug
• wearing of finishes and fabrics, and normal variations in materials (including dye lot variations)
• properties of natural materials, including wood and leather
• exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate-controlled conditions)

Blanket Wrapping
Krug will blanket wrap larger seating orders at customer's request. Please indicate on your purchase order and contact Customer Service.

Export Packaging
Krug is pleased to provide the option for export packaging on all our products, to provide additional protection from damage. For shipments overseas, a quote for export packaging can be provided, based on the products to be ordered and the delivery destination - please contact Customer Service or Bids & Specification Support for more information and a quotation. KRUG is not responsible for shipment damage occurring on overseas shipments

Export Packaging is STRONGLY RECOMMENDED for:
(A) all shipments outside of the lower 48 states and Canada.
(B) all shipments that will be held in storage for an extended period prior to installation.

Important: Please note that Krug will not be responsible for damage claims on product shipped or stored in the above conditions but where export packaging has not been utilized.

Dimensions
Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

Installation Support
For assistance please contact Technical Support at 1-888-578-5784 x216 or e-mail installationhelp@krug.ca and you will be directed to the appropriate installation support person.

Freight Terms and Conditions

1. All product is shipped FOB the Krug factory. Freight is either pre-paid to the destination or not pre-paid, depending on established customer specific freight terms.

2. Docks at the selected delivery location must be equipped to handle a 53' trailer. If a dock is inadequate for delivery by Krug, Krug will re-deliver to another local location and any additional costs will be charged to the customer.

3. For all deliveries, it is understood that Krug or its agent is making a dock delivery only (equipped to handle a 53' trailer), and any further work of truck unloading, delivery beyond the dock, installation, and removal of packaging is not authorized or paid for by Krug.

4. Drop shipments to the installation site, and timed deliveries, are available on larger shipments (full truckloads or slightly less) at no additional charge. Drop shipments or timed deliveries for smaller shipments may not be available, or if available will require a surcharge. Deliveries on an after hours basis, or on weekends, or any other special requirements, may be subject to a surcharge. Location and contact information, and the requested time of delivery, is required at least one week prior to the acknowledged shipment date. If this information is not provided one week in advance, or if the location or time of the drop shipment is changed less than one week in advance, a surcharge may be applied, and/or the drop shipment may not be scheduled. For deliveries requested Monday to Thursday after 5:00 pm, please apply a surcharge of $262shipment. For deliveries requested Monday to Friday before 7:00 am, please apply a surcharge of $262/shipment. For deliveries requested Friday (after 3:00 pm) or weekends, please apply a surcharge of $525/shipment. (local times).

5. For all deliveries - whether to the Customer location or drop shipment - any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), service charges will be applied at the rate of $125/hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged. If Less Than Truck Load is delivering, one hour is allocated to unload. Any additional time required to unload after the first hour is $125/hour. If a Truck Load is delivering the order, three hours is allocated to unload. Any additional time required to unload is $125/hour. Direct deliveries to site for large orders are possible, (must exceed $60,000 net), and accommodate 48 - 53' trailers. Krug is responsible for delivery to the approved delivery address. If an address change is required, this must be authorized by Krug 5 business days prior to ship date. Any additional delivery costs incurred after this time will be charged to the customer.

Product Strength and Durability Testing

All management seating meets or exceeds the testing requirements of ANSI/BIFMA X5.1-2011. All lounge seating meets or exceeds the testing requirements of FNAE-80-214A. Specific test results and documentation are available on request.

Damaged Shipments

All Krug product is well engineered, carefully inspected, and expertly loaded onto our trucks at our Distribution Center. If you receive any damaged freight, we ask that you do not refuse the shipment. Krug is not responsible for damage to goods that occurs in transit or storage. It is the purchaser and/or receiver's responsibility to examine the goods upon receipt and to notify Krug of any damages, overages or shortages. Any discrepancies should be noted on the Bill of Lading. The delivering carrier will not accept responsibility for shortages or damages if signed "clear". Notification of concealed damage claims must be made to Krug Distribution within 5 days of delivery, along with digital pictures if available. All product and packaging must be available for inspection. Krug liability ceases after 5 business days and Krug will not be responsible for concealed damages if shipments are left unopened. Krug is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.

Field Product Report Authorization

Krug's written authorization, in the form of an FPR number, must be obtained prior to incurring charges of any kind if Krug is expected to pay these charges. This includes authorization for field repairs and replacements, installation and delivery charges. Krug reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to Krug, without prior written authorization in the form of an FPR, will not be accepted. Digital photographs may be required to complete the FPR process.

Returns

No merchandise may be returned without Krug's prior written consent. In the event of an authorized return, a Field Product Report (FPR) number will be issued, and a restocking charge will apply. Return transportation charges must be prepaid. Unauthorized returns will not be accepted and will be returned freight collect. All merchandise being returned must be properly packaged in its original or comparable replacement packaging to ensure protection of the product during handling and transportation. Returns on orders duplicated by the customer must be received in their original packaging to be accepted. Product being returned where Krug has authorized its liability for replacement or repair will be thoroughly inspected on its return, and the results compared to the reason for the return stated on the FPR. Any discrepancies, such as additional damage, signs of usage, missing parts, etc., will result in an adjustment to the amount of credit issued.

Custom Capabilities

Over 15% of our orders involve some type of custom work, and we invite our customers to make use of our extensive capabilities.

These include:
1) Dimensional customization of standard size products
2) Custom finishes
3) For larger orders, completely custom-designed products, as well as non-standard wood species can be specified.

Custom orders may require additional production lead times. Contact Engineering at the e-mail address engquotes@krug.ca.

Care and Maintenance Leather

Leather is a natural product and requires very little care during use. Most stains can be removed with a clean dry cloth. For stubborn spots and stains, use a mild non-detergent cleaner, rinse well and let air dry naturally. Do not use saddle soap, cleaning solvents, furniture polish, oils, varnish, abrasive cleaners, soaps or ammonia waters.

Fabric Upholstery

Professional upholstery cleaning is recommended.

Grade 2 $34
Grade 3 $46

LATEX FREE
Krug products are made with latex-free materials to prevent the allergic reaction that latex causes in some people.

CUSTOMER'S OWN MATERIAL - C.O.M.

Customer's Own Material (COM/COL)

COM/COL must be received three weeks prior to the acknowledged ship date. Orders with COM/COL not received by the required deadline will be delayed. A description of the upholstery cover, including supplier name, pattern name, upholstery cover name and color number must be included with the purchase order.

COM/COL testing requires 3 business days and samples are to be directed to Customer Service. The customer has the option of providing the sample COM/COL before, at time of order, or once the sample COM/COL is received. If the customer does not send a sample for approval in advance of sending actual material, Krug will not be responsible for the cost of any upholstery cover or other material that it determines to be unsuitable for the product or our process.

When the COM/COL upholstery cover is received at Krug, it must be clearly identified with the upholstery cover name and color, and tagged with name of the Krug customer and purchase order number. Krug will inspect all COM/COL upholstery covers when received to determine if it will be suitable for upholstery. Where Krug feels that the upholstery cover or leather specified will compromise the quality or integrity of our products, customers will be contacted to direct these concerns. Further, Krug reserves the right to refuse to accept and use any COM upholstery covers or leathers that will compromise our products in any way that is unacceptable to Krug. Krug cannot assume responsibility for the durability or tailoring quality of customer's own material.

Yardage specified in this price guide is approximate. In the case of multiple product orders, multiply the number of items by the COM yardage specified to determine upholstery cover required, unless otherwise indicated. Additional yardage may be needed if the material is less than 54" wide, or patterned or striped and requires matching. All COMs are cut "up the roll" unless otherwise stated by the customer. All striped upholstery covers will be applied vertically unless otherwise stated by the customer and after approval by Krug. Krug will not be responsible for directional or positional problems with its application of COM material, unless it has been provided with explicit instructions by the customer. Special instructions should be sent to Krug Customer Service, including a sample (or photocopy) of the upholstery cover. Krug is not responsible for instructions sent with the upholstery cover rolls, or for the method of upholstery if no instructions have been provided.

Price increases and freight charges to COM/COL acquired on the customer's behalf will be passed onto the customer.

Application of Directional Upholstery cover

Some COM upholstery covers will be considered directional by Krug even though they are not considered directional by the supplier. All COMs are automatically cut "up the roll" unless otherwise stated by the customer (please see below).

Standard-Cut
"up the roll"
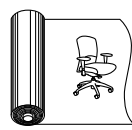

Non-Standard-Cut
across the roll "railroad"

COM/COL Shipping Procedures

For seating COM/COL upholstery covers, please send upholstery covers to:

Krug Inc.
111 Ahrens Street
Kitchener, Ontario
Canada N2H 4C2
Attention: RECEIVER

COM/COL orders cannot be scheduled into production until the upholstery cover has arrived and inspection is complete.

All packages must be clearly marked
"For Customs Clearance by Willson International Custom Brokers".

According to the North American Free Trade Agreement (NAFTA), goods shipped between the United States and Canada can qualify for exemption from all duties, or for a reduction in duties, if the goods can be proven to originate in either the United States, Canada or Mexico.

Canada Customs requires that a NAFTA Certificate of Origin and a Commercial Invoice be completed and sent with the upholstery cover shipment. The Commercial Invoice must clearly state the description of the upholstery cover, the selling price, the make-up or content, and the purchaser. The absence of these two documents will delay the shipments at the U.S./Canada border, thereby potentially delaying the customer order. If the total value of the shipment is less than $1200 U.S., Customs will accept a Low Value Statement of Origin in place of the NAFTA Certificate of Origin. The Low Value Statement must be signed by a representative of the exporting company. This statement may either be included on the commercial invoice or attached to the invoice. Krug is happy to answer any questions or concerns about COM/COL shipping procedures and the required documents.

CAL 133 & Moisture Barrier

California Technical Bulletin 133 is a flammability test for seating. Krug offers a compliance method which, in combination with non-flammable upholstery covers, may enable the products to meet certification requirements for this test. This process at the same time also provides the products with a Moisture Barrier - a treatment that helps to prevent the passage of liquids and moisture to inside of upholstered components - thereby conferring sanitary and anti-infection benefits. So when CAL 133 is specified, the product also automatically has a Moisture Barrier, and when a Moisture Barrier is specified, the product also features the compliance method and low flammability features of CAL 133.

The application of this upcharge and the compliance method does not mean that the specific configuration of product and upholstery cover are tested and officially certified as being CAL 133 compliant. If official certification is required, Krug will provide this (through an independent certified testing laboratory) at a charge of $917 per item, plus the cost of the product to be tested. Lead time for certification testing is typically 4-8 weeks. Krug assumes no responsibility for the testing of our products in combination with upholstery covers, or for the results of any testing conducted. Some specific configurations of product and upholstery have already been tested. Please contact Customer Service for additional information.

C.O.L. Yardage

To calculate C.O.L. yardage required, please use the following conversions based on COM yardage: Leather must be ordered in square footage.
- 17 square feet in a yard
- Approx. 3 yards in a hide
- Approx. 51 square feet in a hide
- Please use grade 3 pricing for COL

Upholstery Cover Yardage Calculation

To calculate yardage required for COM and other non-standard upholstery cover orders, please contact Krug Customer Service at 1.888.578.5784. Unless otherwise stated, upholstery cover rolls are assumed to be a minimum 54" wide. Please use the guide below to calculate the percentage of extra upholstery cover required to cover large repeats. The repeat is calculated by adding both the vertical and horizontal measurements together and then referring to the chart below for extra yardage required.

FABRIC	Plain	2"-14" Repeat	15"-19" Repeat	20"-27" Repeat	28"-36" Repeat
54	0%	10%	15%	20%	25%
53-50	16%	20%	25%	30%	35%
48	16%	25%	30%	35%	40%
45	40%	50%	55%	60%	65%
36	50%	60%	65%	70%	75%

Krug has partnered with several textile brands to grade in their offerings, designed to provide a wide range of upholstery selections for our seating products.

Upholstery pricing and availability is subject to change without notice. We grade this upholstery according to the pricing of the fabric suppliers - when their pricing changes, the Krug grade may change.

When placing an order, a Krug customer must specify the complete upholstery number, along with the appropriate Krug model number and finish. Krug will supply the complete product at the prices listed. Orders specifying graded-in upholstery cannot be cancelled once the upholstery has been ordered.

Upholstery Grades

To determine the price of a product for graded-in upholstery, use the reference lists located on Krug's website under - Products - Textiles, to view the upholstery grade (1-9). Krug is not responsible for the discontinuation of this upholstery. Please contact Customer Service for information on upholstery not listed.

When two upholstery selections are specified for use on seating, the higher grade upholstery price will apply to the order.

High Performance upholstery; Polyurethane, Vinyl or Crypton, is particularly suitable for healthcare and other intensive-use environments.

Upholstery Samples

If you require additional samples or memos for presentation, please contact fabric supplier directly.

Flammability Standards

• Tunnel Test Surface Ratings Class A rating
• Class 1 UFAC
• Passes State of California Technical Bulletin
  117-Section E

Please contact fabric supplier directly for further flammability information pertaining to specific upholstery.

Special Conditions

Acknowledgments will give the estimated delivery date of the finished product. Some upholstery is imported, and availability may affect estimated delivery time. For large projects, please contact fabric supplier directly for availability of yardage.

KRUGEXPRESS PROGRAM

PROGRAM DETAILS

KrugExpress orders are ready to ship by the date acknowledged. Delivery and shipping schedules may result in actual shipping of orders at a later date. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of *KrugExpress* orders. Unless otherwise specified on the order, the customer's standard method of shipping Krug products will be utilized.

Available factory capacity for *KrugExpress* is filled by orders received on a "first come, first serve" basis. If the normal KrugExpress lead time is not available for your order because available capacity has been filled, you will be immediately advised of the earliest available ready-to-ship date. Please consult your Customer Service representative in advance if you wish to confirm the specific lead time availability for a *KrugExpress* order.

Orders must be received by midnight of a given day for that day to be considered the official day the order is received. Order lead times are acknowledged from the date the order is received, but not including the date the order is received.

KrugExpress orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean". Changes to *KrugExpress* orders are not allowed under any circumstances.

Orders for product on *KrugExpress* must clearly state: "*KrugExpress*".

COM and graded-in upholstery is available on Krug Express. Orders are scheduled on Krug Express, and given the best available date, when the upholstery is received at Krug. Some conditions apply.

SEATING PROGRAM

Orders for seating products on the *KrugExpress* program may be subject to quantity maximums. Please contact Krug Customer Service for more information.

Quantity maximums are dependent upon available capacity, in order to insure that we ship all orders on time.

Please note that the CAL 133 option is not available on *KrugExpress.*

White
Soft Green
Steel Blue
Slate

NATURAL CHARACTERISTICS OF WOOD

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from Krug wood finish samples. If a very close match is required, a sample must be provided with the order and an upcharge will apply. Exact color matches are not possible.

Custom Wood Finishes
Add 10% list to your order for special finishes, minimum upcharge is $600 list per finish per order. (For example, on all orders up to $6000 list, an upcharge of $600 will apply, on orders $6000 and up add 10% list to your order.)

Special finish upcharges on seating products are calculated on a grade 1 value. For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated.

Dual Finishes
Add 10% list per item if specifying dual finish.

Standard Wood Finishes
No upcharge will be applied when specifying a finish available as standard on one species onto maple seating and occasional tables. Clear finishes are not available on other species since they are a clear finish on top of the natural veneer color.

WOOD FINISHES TO MATCH STANDARD LAMINATES

Willow on Beech
Copper on Beech
Shiraz Cherry on Beech
Park Avenue Walnut on Beech
Chocolate on Beech
Nutmeg on Beech
Portobello on Beech
Ash on Beech
Dune on Maple

LAMINATES

Krug's in-stock Laminates are available in 17 different laminate selections. Please note that 4 of the colors (Gingerbread, Portobello, Ash and Willow) have textured finishes and may not be appropriate for use in patient areas due to infection control concerns. Minimum order quantities and extended lead times may apply for exotic laminate colors, please check with customer service. Polymer Edge will be selected to match the worksurface. Krug's previous laminate in-stock program will be phased out as in-stock supply depletes. Please contact customer service for availability.

IN-STOCK LAMINATES

| Wood Grain Laminates	High Pressure Laminate Supplier	Textured Wood Grain Laminates	High Pressure Laminate Supplier
