CARE AND CLEANING INFORMATION

Big Top, Cosmopolitan, Lavish, Social Network, Whimsy

C: Crypton® Cleaning

Big Top, Catwalk, Cirque, Cosmopolitan, Lavish, SilverWeave, Social Network, Whimsy

BC: Bleach Cleanable – 1 part bleach, 9 parts water = 10% bleach, 90% water solution. Do not clean/disinfect fabric for longer than 10 minutes using the 10% bleach solution. Always rinse promptly with clean water after applying the bleach solution. Failure to do so will void any and all warranties.

Catwalk, Cirque

PBG+® Cleaning – Remove most stains with one of the following steps:

Step 1 (baby oil, ketchup, chocolate, motor oil, olive oil, tea, coffee): If cleaned immediately, use a clean dry cotton fabric. Wipe once, careful to remove most of the stain without spreading to surrounding area. Wipe more vigorously a second time if residue remains and proceed to step 2.

Step 2 (eye shadow, crayon, grease, permanent felt tip marker, mustard, lipstick, ball point pen): If residue remains use a straight application of Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth, rinse with clean water and dry. If residue remains, proceed to step 3.

Step 3 (eye shadow, crayon, grease, permanent felt tip marker, mustard, lipstick, ball point pen): More stubborn soiling may be eliminated using a cotton fabric soaked in 91% isopropyl (rubbing) alcohol. Wipe without spreading stain to surrounding area. A second application should be applied with vigorous rubbing in a circular motion. For highly textured material, a soft toothbrush is recommended to clean valleys and crevices. Wipe with a clean cloth, rinse with water and dry.

Please refer to the Mayer Fabrics website or contact customer service for approval of unlisted cleaning agents prior to use.

PBG+® acts as an invisible barrier against stains, allowing them to be cleaned off the surface with ease and virtually no harm to the vinyl.

*Please note, that PBG+® is not "stain proof" and indelible inks, particularly those containing certain dyes used in permanent felt tip markers, can leave a shadow if cleaning is delayed beyond 24 hours.

*Results are best when cleaned within the first 24 hours of staining.

This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and all cleaning agents. The use of certain agents can be harmful to the surface appearance and lifespan of vinyl. Mayer Fabrics, its agents, and assigns assume no responsibility resulting from the use of such cleaning agents to the vinyl.

Certain clothing and accessory dyes (such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible.

Formula 409® is a registered trademark of the Clorox Company®. Fantastik® is a trademark of DowBrands, Inc.® Trademark of the Dow Chemical Co.®

Please check compatibility when using this product in combination with painted or varnished surfaces.

SilverWeave

PERMABLOCK® Cleaning – Get rid of stains with one of the following steps:

Step 1 (eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, suntan lotion): Remove excess spill with a damp cloth. Clean with a 1:1 mix of Ivory® liquid soap and water. Next, rinse with clean water and dry.

Step 2 (red lipstick): Use a straight application of concentrated cleaners such as Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth, rinse with clean water, and dry.

Step 3 (blood, urine, feces, oil base paint, tar, asphalt): Use a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water. Rinse with clean water and dry.

Steps 4 & 5 (all other tough stains): Step 4: Use a straight application of naphtha (lighter fluid). Rinse thoroughly with clean water and pat surface dry. Step 5: Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry.

Note: For cleaning that requires step 4 or 5, use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cotton cloth and check the results.

Please refer to the Mayer Fabrics website or contact customer service for approval of unlisted cleaning agents prior to use.

The information published in this care guide refers to the performance of PERMABLOCK® products in specific tests conducted under laboratory conditions. Results may vary under actual conditions.

This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and all cleaning agents. The use of certain agents can be harmful to the surface appearance and lifespan of vinyl.

Mayer Fabrics, its agents, and assigns assume no responsibility resulting from the use of such cleaning agents to the vinyl.

Please check compatibility when using this product in combination with painted or varnished surfaces.

ADDITIONAL INFORMATION

CAL TB 133: All patterns may comply with California Technical Bulletin 133 when combined with appropriate components.

^Abrasion: Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

Custom Capabilities: All patterns can be custom colored. Minimum yardage applies.

Specifications: Specifications are correct at the time of printing. Additional specifications are available on our website.

These fabrics meet or exceed these ACT performance guidelines.
*Certification Marks owned by ACT®

Railroaded: This feature allows reduction of seams and enables smoother furniture tailoring.

Fabric "up the roll" or "regular" position

Fabric "railroaded" or "top selvage" position

We recommend all railroaded patterns should be upholstered as shown on card.
