

Behavioral Health Lookbook

krug HEALTHCARE 

“We are committed to developing well built, thoughtfully designed furniture solutions that support safe, nurturing, restorative environments, focused on patient care, healing and well-being.”

Len Ruby, President

krug HEALTHCARE 

Krug Behavioral Health

A Complete Solution

Krug, in consultation with senior healthcare designers and clinicians, has developed a series of highly functional, extremely durable, easily cleanable, attractive behavioral healthcare furniture solutions, containing numerous security features including; ligature and elopement resistant designs, soft edges, restricted access points, tamper resistant hardware and supplemental weight for enhanced patient and staff safety. The fulsome offering includes a broad range of options for dayroom, dining, and activity areas as well as intake, consult spaces and patient rooms. Almost all major components are field replaceable, ensuring minimal downtime for repairs and exceptional ROI.

Faeron Behavioral Health

Designed with a linear silhouette that is residential in nature, yet sturdily constructed for use in high-risk environments, Faeron is an outstanding choice for activity spaces, dayrooms and lobbies.

Leyton Behavioral Health

Leyton exudes sophisticated elegance- yet is designed and constructed with a range of security features for enhanced staff and patient safety, making it an exceptional choice for behavioral and mental health environments.

Leyton featuring Polymer Plinth Base

Zola Behavioral Health

Our award-winning Zola platform includes a line of exceptionally comfortable upscale lounge seating and tables designed specifically for high-risk behavioral health spaces. Safety features abound throughout the broad offering, including tamper-resistant hardware, staple covers, restricted access, optional supplemental weight and anchor brackets.

Tate Behavioral Health

A great looking bench designed for use in demanding environments such as behavioral and mental health spaces. Standard safety features include a sleek sled base design, tamper-resistant hardware, staple covers and optional features include supplemental weight and anchor brackets. Tate is an outstanding option for patient corridors, activity areas and dayrooms.

Karma & Chit Chat Behavioral Health

Karma seating and Chit Chat tables are lightly scaled yet designed with abundant safety features making this pair an outstanding choice for high-traffic intense-use dining and activity spaces. Chit Chat tables are available with weighted stainless-steel bases with optional floor brackets. Karma is a lightly scaled multi-purpose chair loaded with safety features such as tamper-resistant hardware, staple covers, sled base design and is available with optional supplemental weight and anchor brackets.

Juno Behavioral Health

Beautifully designed, Juno casegoods have a non-institutional appearance, yet are built to withstand the rigors of intensive-use environments. Juno offers a multitude of storage and sleep solutions with a broad variety of security features for increased staff and patient safety and well-being.
